FORWARD LOOKING STATEMENTS

All statements contained in the Prospectus that are not statements of historical facts constitute "forward-looking statements". All statements regarding our expected financial condition and results of operations, business, objectives, strategies, plans, goals and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, our revenue and profitability, and other matters discussed in the Prospectus regarding matters that are not historical facts. These forward-looking statements and any other projections contained in the Prospectus (whether made by us or any third party) are predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections.

These forward-looking statements can generally be identified by words or phrases such as "will", "aim", "will likely result", "believe", "expect", "will continue", "anticipate", "estimate", "intend", "plan", "contemplate", "seek to", "future", "objective", "goal", "project", "should", "will pursue" and similar expressions or variations of such expressions. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. Our operations involve certain inherent risks arising from the use, storage, and transportation of substances, and engagement in multi-step unit operations and processes, which may expose us to the risk of industrial accidents that could result in personal injury, property damage, regulatory action, and adverse impact on our business, financial condition, results of operations, and prospects.

2. Any slowdown or shutdown in our manufacturing operations or strikes, work stoppages or increased wage demands by our employees that could interfere with our operations and cash flow;

3. Our business and operations are reliant on the timely and sufficient procurement of key raw materials. Any restriction, delay or disruption to the timely and adequate procurement of raw materials, or volatility in the prices of raw materials on account of increase in shipment costs or rising geopolitical tensions or trade restrictions, could have an adverse impact on our business, financial condition, and results of operations. Further, improper storage, processing and handling of our raw materials, work in progress and finished goods could damage our inventories and adversely affect our business and operations.

4. Significant increases or fluctuations in prices of, or shortages of, or delay or disruption in supply of labourers could affect our estimated costs, expenditures and timelines which may have a material adverse effect on our business, financial condition, results of operations and cash flows;

5. Our operations are currently dependent on our power and fuel facility and any disruption in supply of power and fuel can lead to stoppage/hindrance in production;

6. Geographical concentration of business and our ability to expand our geographical area of operation;

7. Under-utilization or Disruption in our Factory;

8. Our ability to effectively manage a variety of business, legal, regulatory, economic, social and political risks associated with our operations;

9. Changes in laws and regulations relating to the industries in which we operate;

10. Our ability to meet our working capital requirements;

11. Our ability to adapt to the changing technology in our industry of operation may adversely affect our business and financial condition;

12. Our ability to upgrade our product portfolio, from time to time;

13. Our ability to implement our growth strategy and expansion plan;

14. The performance of the financial markets in India and globally;

15. Intensified competition in industries/sector in which we operate;

16. Inflation, deflation, unanticipated turbulence in interest rate, equity price or other rates or prices;

17. Concentration of ownership among our Promoters;

18. Our ability to attract, retain and manage qualified personnel and skilled labour;

19. Our ability to make interest and principal payments on our existing debt obligations and satisfy the other covenants contained in our existing debt agreements.

For a further discussion of factors that could cause our current plans and expectations and actual results to differ, please refer to the chapters titled "Risk Factors", "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" beginning on page numbers 19, 122 and 234 respectively of this Prospectus.

Forward-looking statements reflect views as of the date of the Prospectus and not a guarantee of future performance. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company / our directors nor the Lead Manager, nor any of its affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the Lead Manager will ensure that investors in India are informed of material developments until such time as the listing and trading permission is granted by the Stock Exchange(s).

SECTION II- RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. The risks described below are relevant to the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read this section in conjunction with the chapters titled "Our Business" and "Management's Discussion and Analysis of Financial Positions and Results of Operations" beginning on page numbers 122 and 234, respectively, of this Prospectus as well as the other financial and statistical information contained in this Prospectus. Prior to making an investment decision, prospective investors should carefully consider all of the information contained in the section titled "Restated Financial Information" beginning on page number 182 of this Prospectus.

If any one or more of the following risks as well as other risks and uncertainties discussed in the Prospectus occurs, our business, financial position and results of our operation could suffer material adverse effects and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of investment. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is therefore subject to a legal and regulatory environment that may differ in certain respects from that of other countries.

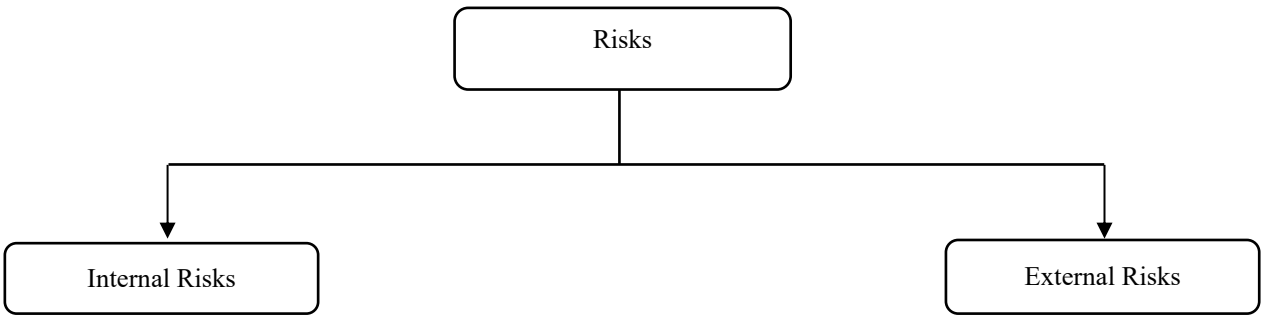

This Prospectus also contains forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in the Prospectus. These risks are not the only ones that our Company face. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. *Some events may not be material individually but may be material when considered collectively.*
2. *Some events may have an impact which is qualitative though not quantitative.*
3. *Some events may not be material at present but may have a material impact in the future.*

Classification of Risk Factors

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context requires otherwise, the financial information of our Company has been derived from Restated Financial Information.

The risk factors are classified as under for the sake of better clarity and increased understanding.

INTERNAL RISK FACTORS

1. ***A substantial portion of our revenue is generated from our Top 10 customers. Our reliance on a concentrated customer base, coupled with the nature of the commoditised and highly price-sensitive market in which we operate, subjects us to risks associated with customer concentration, demand cyclicality, pricing volatility, and fluctuations in purchasing patterns. The loss of any significant customer, a reduction in order volumes, inability to maintain existing customer***

relationships, or adverse changes in market conditions could have a material adverse effect on our business, financial condition, results of operations, and cash flows.

We derive a substantial portion of our revenues from our Top 10 customers, and any reduction in demand from such customers, loss of key customer relationships, adverse changes in procurement patterns, or increased pricing pressures may materially and adversely affect our business, results of operations, financial condition, and cash flows.

Our business is exposed to customer concentration risk, and our financial performance is significantly dependent on the continued demand from, and business relationships with, such customers. Any reduction in purchase volumes, consolidation among customers, shift in sourcing strategies, or inability to retain existing customers could adversely affect our revenues and profitability.

Further, the industry in which we operate is highly fragmented, commoditised and intensely competitive. The products manufactured by industry participants are generally perceived as being largely substitutable, with limited product differentiation. Consequently, purchasing decisions are often driven primarily by price competitiveness, product quality, delivery timelines, production capacity, credit terms and service reliability. Customers frequently evaluate and compare multiple suppliers and may reallocate procurement volumes based on relatively small differences in pricing or commercial terms. As a result, we may face sustained pressure on our pricing and margins and may be required to offer competitive pricing to retain existing customers or secure new business.

There can be no assurance that our existing customers will continue to procure products from us at historical levels or at all. Any loss of a significant customer, reduction in order quantities, delay in procurement decisions, renegotiation of commercial terms, inability to pass on increases in raw material costs, or increased competition from existing or new market participants may have a material adverse effect on our business, revenues, margins, results of operations, financial condition and cash flows.

Any adverse developments affecting one or more of our key customers may have a disproportionate impact on our business compared to companies with a more diversified customer portfolio. Our inability to diversify our customer base, expand into new end-user industries, or maintain long-term relationships with existing customers could further increase our exposure to customer concentration and demand volatility risks.

**Please note that the % as shown in the tables above has been derived by dividing the total amount received from the said customer with the Revenue from operations of the company in the relevant year as mentioned in the Profit and Loss Statement as given in restated financials of the company.*

2. ***We operate in a business where raw material constitutes a pivot role while manufacturing our products, and any adverse movement in the prices or availability of our raw materials i.e. Polypropylene (PP) granules, LDPE granules, Granules Fillers, BOPP films and PP woven fabrics may materially affect our financial performance.***

Our manufacturing operations are significantly dependent on the continuous and timely availability of key raw materials, primarily Polypropylene (PP) granules, LDPE granules, Granules Fillers, BOPP films and PP woven fabrics. These materials constitute a substantial portion of our overall operating costs, and any increase in their prices or disruption in their supply may have an adverse impact on our cost structure, production schedules and profitability. The prices of these raw materials are largely influenced by factors beyond our control, including fluctuations in crude oil and petrochemical prices, changes in global and domestic demand and supply, capacity constraints at manufacturing facilities, import and export restrictions, transportation and logistics costs, currency exchange rate movements, inflationary pressures, changes in government policies and other macroeconomic or geopolitical developments.

We procure our raw materials from third-party suppliers and are dependent on their ability to supply materials of the required quality and quantity within the stipulated time. Any interruption in the supply chain, delay in deliveries, shortage of raw materials, quality-related issues or failure of suppliers to meet our procurement requirements could disrupt our

manufacturing operations and result in production delays, increased procurement costs or inability to fulfil customer orders within agreed timelines. Such events may adversely affect our reputation, customer relationships and future business opportunities.

Further, our ability to pass on any increase in raw material costs to our customers depends on prevailing market conditions, the competitive environment, customer negotiations and the terms of our purchase orders. In a competitive and price-sensitive market, we may not always be able to increase the prices of our products commensurate with the rise in raw material costs or may experience a time lag in doing so. Consequently, any sustained increase in the cost of raw materials without a corresponding increase in selling prices may compress our gross margins and adversely affect our profitability.

Accordingly, any material increase in the prices of raw materials, or any prolonged disruption in their availability, could materially and adversely affect our business operations, financial condition, results of operations, cash flows and future prospects.

In the event of any disruption or issues with the suppliers of raw materials, the Company intends to mitigate such risks by maintaining adequate inventory levels, developing relationships with multiple/alternative suppliers and sourcing raw materials from alternate suppliers, wherever required. The Company also maintains strong and long-standing relationships with its suppliers, which provides an added assurance for continuity of raw material supply.

3. Our revenues are geographically concentrated in certain regions, and any adverse developments in such regions could materially and adversely affect our business, financial condition, and results of operations.

We derive a substantial portion of our revenue from operations concentrated in few states, the details of which are mentioned below. Our business is exposed to risks associated with geographical concentration, and any adverse developments in these regions could materially and adversely affect our business, financial condition, cash flows and results of operations.

For the Period ended September 30, 2026 and Financial Years ended March 31, 2026, March 31, 2025, and March 31, 2024, a significant portion of our revenue from operations was generated from these states. Such concentration increases our vulnerability to region-specific risks, including changes in economic conditions, industry trends, customer preferences, competitive intensity, demographic shifts, labour availability, infrastructure constraints, regulatory developments, natural disasters, political disturbances and other unforeseen events affecting these regions. The details of geographical wise revenue are as follows:

Further, we may face competition from established national and regional players that possess stronger brand recognition, customer relationships, local market knowledge, supplier networks and financial resources, which may adversely affect our ability to successfully penetrate and operate in such markets.

In addition, our experience and operational strengths in our existing markets may not necessarily be transferable to new geographical regions. Failure to effectively identify, enter, operate and compete in new markets may limit our growth opportunities and increase our dependence on existing regions. Furthermore, if we are unable to effectively manage the risks associated with geographically concentrated operations and future expansion initiatives, including compliance with applicable laws and regulations, operational integration, supply chain management and customer acquisition, our growth prospects, profitability and overall business performance may be adversely affected.

4. ***Our manufacturing operations are energy-intensive and depend on the uninterrupted availability of electricity and fuel. Any disruption in power supply, fuel shortages, or significant increases in energy costs may adversely affect our production processes, profitability, and financial condition.***

Our Company's manufacturing operations involve energy-intensive processes, including extrusion, weaving, lamination, printing, and other value-added activities required for the production of PP woven bags and BOPP bags. Consequently, the efficient functioning of our manufacturing facilities is highly dependent upon the continuous and reliable supply of electricity.

Our registered office located at Shapar RS No.84, Plot No.1, Opp. Shreeji Tiles, Veraval (Shapar), Rajkot, Kotda Sanghani, Gujarat - 360024 receives electricity from Paschim Gujarat Vij Company Limited. Any interruption, curtailment, voltage fluctuation, equipment failure, grid disturbance, natural calamity, or other event affecting the availability or quality of power supply may result in temporary shutdowns, delay of manufacturing activities, production losses, delays in fulfilling customer orders, increased operating costs, and underutilisation of manufacturing capacity.

Further, electricity constitutes an important component of our manufacturing cost structure. Any material increase in electricity tariffs, fuel adjustment charges, transmission charges, regulatory levies, duties, or other energy-related costs may increase our cost of production. In a highly competitive and price-sensitive industry, we may not always be able to fully pass on such increased costs to our customers, which could adversely affect our operating margins and profitability. In addition, the availability of alternative electricity suppliers in the regions where we operate may be limited, which could restrict our ability to mitigate the impact of any adverse changes in tariff structures or supply conditions. While we have not experienced any material disruption in power supply or any significant adverse impact from increases in electricity tariffs in the past, there can be no assurance that such events will not occur in the future. Any prolonged interruption in electricity supply or substantial increase in energy costs could materially and adversely affect our business operations, financial condition, cash flows, and results of operations.

5. ***Our Company may be subject to regulatory risks arising from delays in updating records of the erstwhile partnership firm.***

Our Company was originally constituted as a partnership firm under the name and style of M/s. Octagon Industries pursuant to a partnership deed dated April 30, 2021. The constitution of the partnership firm underwent changes pursuant to Retirement-cum-Partnership Deeds executed on April 01, 2024 and April 02, 2024, with the respective changes being effective from March 31, 2024 and April 02, 2024. Subsequently, the partnership firm was converted as a public limited company under the name of Antala Industries Limited pursuant to the certificate of incorporation dated August 05, 2024. The requisite intimation regarding the aforesaid changes in the constitution of the partnership firm was not made to the Registrar of Firms, Gujarat, within the prescribed time.

Subsequently, the Company initiated the process of updating the relevant records with the Registrar of Firms, Gujarat. Pursuant thereto, the Registrar of Firms updated its records and issued the relevant Form G, recording the changes in the constitution and partners of the firm with effect from March 31, 2024 and April 02, 2024, vide entries dated September 16, 2026. Further, the dissolution of M/s. Octagon Industries was recorded with effect from August 05, 2024, and the relevant dissolution entry was recorded on September 21, 2026.

Although no action has been initiated or taken against the Company and/or its Promoters by any authority in relation to the aforesaid delay or non-compliance with statutory or regulatory requirements, the Company cannot assure that no such action will be initiated or taken in the future against the Company and/or its Promoters. Any such action may result in regulatory consequences, penalties or other adverse implications for the Company and/or its Promoters. In the event that any penalty, fine or other monetary liability is imposed on the Company in relation to the aforesaid matter, the same shall be borne by the Company out of its internal accruals.

6. ***Our manufacturing operations are highly dependent on the efficient functioning of our production machinery and equipment. Any breakdown, malfunction, or prolonged shutdown of such machinery may disrupt our operations and adversely affect our business, financial condition, and results of operations.***

Our manufacturing process is dependent on specialised and capital-intensive machinery and equipment. The efficient operation of these machines is critical to maintaining production schedules, product quality, capacity utilisation, and timely fulfilment of customer orders. As a result, any significant breakdown, malfunction, operational failure, technological obsolescence, or prolonged shutdown of such machinery may disrupt our manufacturing operations and adversely affect our ability to meet customer requirements.

These machines require regular maintenance, periodic overhauls, and timely replacement of components to ensure their efficient functioning. Any unexpected equipment failure may result in production interruptions, increased repair and maintenance expenses, lower operating efficiency, loss of production time, and delays in deliveries to customers. Such incidence may also adversely impact customer relationships and our reputation in the market.

While we have an in-house maintenance team responsible for routine repairing and maintenance of the machines, but the company required third party service providers for major repair and maintenance. Accordingly, our ability to promptly address equipment failures depends substantially on the availability of internal technical resources and the timely procurement of spare parts and replacement components. Any delay in obtaining such parts, engaging specialised technical support, or restoring malfunctioning equipment to operational condition may increase downtime and adversely affect our manufacturing activities.

Further, as our machinery and equipment represent a significant capital investment, any requirement for major repairs, refurbishment, replacement, or technological upgrades may result in substantial capital expenditure and increased operating costs. Although we have not experienced any material disruption arising from machinery breakdowns or prolonged equipment failures in the past, there can be no assurance that such events will not occur in the future. Any significant interruption in the operation of our manufacturing equipment could materially and adversely affect our production capacity, business operations, revenues, profitability, cash flows, and financial condition.

7. ***Our company has negative cashflow in its operating activities for the financial year ended on March 31, 2025 and 2023, from Investing activities for the financial year ended on March 31, 2025 and 2024, from Financing activities for the period ended on September 30, 2026 and financial year ended on March 31, 2024, details of which are given below. Sustained negative cashflow could impact our growth and business.***

Our Company had negative cash flows from our operating activities, investing activities as well as financing activities in the previous year(s) as per the Restated Financial Statements and the same are summarized as under:

(Amount in lakh)

Particulars	For the Period ended on				
	September 30, 2026	March 31, 2026	From August 05, 2024 to March 31, 2025	From April 01, 2024 to August 04, 2024	March 31, 2024

8. ***Our raw material procurement is substantially concentrated in the states of Gujarat, Madhya Pradesh and Maharashtra and any adverse developments in these regions may adversely affect our business, financial condition and results of operations.***

A significant portion of our raw material purchases is sourced from suppliers located in a limited number of states, namely Gujarat, Madhya Pradesh, Maharashtra and Dadra & Nagar Haveli. As a result, our procurement of key raw materials is geographically concentrated in these regions, exposing us to risks associated with such concentration. Any adverse developments affecting these states, including natural disasters, industrial unrest, transportation and logistics disruptions, changes in local regulatory or taxation policies, power shortages, labour disruptions, or any other unforeseen events, could disrupt the supply of raw materials, delay procurement, increase procurement costs, or adversely affect their availability. Such disruptions may impact our manufacturing operations, ability to fulfil customer orders in a timely manner, and could materially and adversely affect our business, results of operations, cash flows and financial condition. The details of our raw material purchases from these states are set out below:

Particulars For The Period	September 30, 2026		2025-26		From August 05, 2024 to March 31, 2025		From April 01, 2024 to August 04, 2024		2023-24

Further, if we are unable to obtain raw materials from these regions at competitive terms or within required timelines, or if we are unable to develop alternate sourcing arrangements on a timely basis, our operations, revenue generation and profitability may be adversely impacted.

9. ***The geographical concentration of our manufacturing facility in a single region increases our exposure to local economic, regulatory, infrastructural, environmental, and operational risks, any of which could adversely affect our business and financial performance.***

Our manufacturing facility is located in Rajkot, Gujarat, all of our production activities is concentrated in this region. As a result, our ability to manufacture products, fulfil customer orders, and maintain business continuity is significantly dependent on the continued and efficient operation of this facility. The concentration of our manufacturing operations at a single location exposes us to various regional and operational risks, including disruptions arising from natural disasters, extreme weather conditions, fire, industrial accidents, power outages, equipment failures, labour shortages or disputes, transportation and logistics disruptions, civil disturbances, public health emergencies, acts of terrorism, war, or other unforeseen events beyond our control.

Further, our operations are subject to compliance with various laws, regulations, and directives issued by governmental and regulatory authorities. Any changes in local, state, or central government policies, environmental regulations, industrial policies, taxation frameworks, utility availability, or other regulatory requirements applicable to the region in which we operate may increase our compliance costs, require additional capital expenditure, or otherwise affect our operational efficiency.

Any interruption, slowdown, or shutdown of operations at our manufacturing facility, whether due to internal operational issues or external factors, may result in production losses, delays in delivery schedules, inability to meet customer requirements, increased operating costs, and potential loss of business opportunities.

In addition, continued industrial development in and around the region may place increasing pressure on existing infrastructure, including transportation networks, utilities, water availability, and other support services. Any inadequacy or deterioration in such infrastructure may affect the efficient functioning of our operations and increase the cost of conducting business.

While we have not experienced any material incidence to our manufacturing operations due to the foregoing factors in the past, there can be no assurance that such events will not occur in the future. Any significant adverse development affecting our manufacturing facility or the region in which it is located could materially and adversely affect our business, results of operations, financial condition, cash flows, and future growth prospects.

10. ***Our Company primarily operates without long-term customer agreements, and the absence of binding purchase commitments, coupled with intense competition and price sensitivity, may result in customer attrition, reduced order volumes, increased pricing pressure, and revenue volatility, which could materially and adversely affect our profitability and financial performance.***

Our Company does not have any formal or long-term agreements definitive contracts with our customers. Instead, customer orders are typically placed through purchase orders or order-specific arrangements, which do not obligate customers to procure any minimum quantity of products from us over a specified period, nor do they guarantee continuity of business or fixed pricing terms. As a result, our future revenues from existing customers remain inherently uncertain

and largely dependent on their ongoing purchasing decisions and business requirements.

The industry in which we operate is highly competitive and largely commoditised in nature, with products often exhibiting limited differentiation from those offered by other manufacturers. Consequently, customers may base their procurement decisions on commercial factors such as product pricing, credit periods, discounts, delivery schedules, supply reliability, service levels, and overall commercial terms. In such an environment, customers may readily reduce, suspend, or discontinue purchases from us and shift their sourcing requirements to alternative suppliers that offer more favourable commercial arrangements or are perceived to better meet their operational needs.

Further, the absence of contractual commitments regarding minimum offtake quantities restricts our ability to accurately forecast future demand and may adversely affect production planning, inventory management, procurement scheduling, and capacity utilisation. Any significant reduction in order volumes from existing customers, delays in repeat orders, or inability to secure replacement business on comparable terms could lead to underutilisation of manufacturing facilities, increased operating costs, pressure on margins, and reduced profitability.

In the event of any disagreement, deficiency, delay, quality issue or other dispute arising in relation to an order or commercial arrangement, the company endeavours to resolve the matters through discussions and mutual commercial settlement with the concerned customer. Where required, the company may take appropriate contractual and legal remedies in accordance with the terms of the relevant arrangement and applicable laws.

11. We are dependent on our repeat customers for a significant portion of our revenue. The loss of any repeat customer could have a material adverse impact on our financial performance.

Our business is supported by longstanding relationships with several repeat customers who contribute a significant portion of our revenue. These customers continue to place repeat orders based on factors such as our product quality, timely delivery, competitive pricing, and customer service. The details of revenue contribution from our top 10 customer and our repeat Customers as per Restated Financial Statements is as follows.

(Amount in Lakhs)

Customers	September 30, 2026		March 31, 2026		From April 01, 2024 to August 04, 2024		From August 05, 2024 to March 31, 2025	
	Amount	%	Amount	%	Amount	%	Amount	%
Total Revenue	3011.12	100.00%	4,740.47	100.00%	682.78	100.00%	2,502.21	100.00%
Repeated Revenue	2,569.76	85.34%	2,993.07	63.14%	394.12	57.72%	862.80	34.44%

Our arrangements with customers are generally based on purchase orders or commercial terms that may be modified, reduced, suspended, or terminated, and customers are not obligated to continue sourcing their requirements from us. A reduction in order volumes, changes in procurement policies, financial difficulties faced by customers, increased competition, pricing pressures, shifts in customer preferences, or the selection of alternative suppliers could result in the loss of one or more repeat customers or a significant decline in business from them.

Further, the time and cost involved in replacing business from a repeat customer may be substantial, and there can be no assurance that we will be able to acquire new customers or generate equivalent business within a reasonable period. Any loss of a significant repeat customer, or any material reduction or delay in orders from such customers, may adversely affect our production planning, capacity utilization, revenues, profitability, cash flows, and overall financial performance. Although we continuously seek to broaden our customer base and reduce customer concentration by expanding into new markets and strengthening relationships with existing and prospective customers, there can be no assurance that these efforts will be successful. The Company has not experienced any material loss of significant repeat customers in the past. However, if any such event were to occur in the future, it could have a material adverse effect on our business, results of operations, cash flows, and financial condition.

12. We rely significantly on the experience, industry knowledge and business relationships of our Promoters and Directors. Any inability to retain such individuals or successfully manage succession may adversely affect our business and financial performance.

Our success and growth have been significantly influenced by the experience, industry knowledge and leadership of our Promoters and Directors. Our Promoters and Directors, namely Mr. Rajeshkumar Antala, Mr. Pankajkumar Antala, Mrs. Lataben Rajeshbhai Antala and Mrs. Hetalben Pankajkumar Antala, have been involved in the development and management of our business since its inception and have played a significant role in shaping our operational business,

customer relationships, business development initiatives, and overall growth.

Over the years, our Promoters and Directors have developed valuable relationships with customers, suppliers, dealers, financial institutions, and other key stakeholders, which contribute significantly to our business operations and competitive position. Their extensive understanding of our industry, markets, operations, and customer requirements enables them to make critical business decisions and effectively manage our day-to-day operations.

As a result, our success is substantially dependent on their ongoing involvement and leadership. The loss of the services of any of our Promoters and Directors due to resignation, retirement, incapacity, death, or any other reason, or any inability to attract, retain, and successfully integrate suitably qualified managerial personnel, could disrupt our operations, weaken customer and stakeholder relationships, delay the implementation of our business strategies, and adversely affect our ability to manage and grow our business effectively.

13. Our business requires the maintenance of significant inventory levels, resulting in substantial working capital requirements. Any inability to effectively manage our inventory and working capital may adversely affect our liquidity, cash flows, and financial performance.

Our manufacturing operations require us to maintain adequate levels of raw materials, work-in-progress, finished goods, and packaging inventory to ensure uninterrupted production and timely fulfilment of customer orders. In particular, we are required to maintain inventories of key raw materials, including polypropylene (PP) granules, LDPE Granules, Granules Filler, BOPP films and woven fabric rolls, to mitigate supply chain interruptions, manage procurement cycles, and meet customer demand. As a result, a substantial portion of our working capital remains invested in inventory.

The maintenance of significant inventory levels exposes us to various risks, including fluctuations in raw material prices, changes in customer demand, delays in order execution, inventory obsolescence, deterioration in inventory quality, and accumulation of slow-moving or excess stock. If demand for our products declines or does not materialise as anticipated, we may be unable to convert inventory into sales within the expected time frame or at anticipated margins. This may result in inventory write-downs, blockage of working capital, reduced liquidity, and pressure on cash flows.

Further, maintaining inventory requires substantial financial resources and increases our dependence on working capital financing. Any increase in inventory holding periods, delay in inventory turnover, or inability to obtain adequate working capital facilities on acceptable terms may adversely affect our ability to procure raw materials, meet operational requirements, and support future business growth. In addition, higher inventory levels may lead to increased storage, warehousing, handling, insurance, and logistics costs, which could adversely affect our profitability.

Although we continuously monitor and manage our inventory levels, there can be no assurance that our inventory management practices will always be effective. Any inability to accurately forecast demand, efficiently manage inventory levels, or secure sufficient working capital to fund our inventory requirements could materially and adversely affect our business operations, financial condition, cash flows, profitability, and results of operations.

Summary of our working capital requirement is given below:

14. Our Company has not complied or delayed in compliances with some statutory provisions of the Companies Act 2013. Such non-compliance and delayed compliance may attract penalties against our company which could impact the financial position of us to that extent.

Our Company has experienced delays in complying with certain statutory filing and procedural requirements prescribed under the Companies Act, 2013. Such instances of delayed compliance may expose the Company and its Directors to penalties, fines, or other regulatory actions, including prosecution, as may be applicable under the relevant provisions of the Companies Act, 2013. Any such penalties or regulatory actions could have an adverse impact on the financial position, reputation, and operations of the Company to the extent of such liability. Details of the delays in statutory compliances during the last three financial years and as on the date of this Prospectus are set out below:

There can be no assurance that similar instances of non-compliance or delays in statutory compliances will not recur in the future. Any such recurrence may expose our Company and its Directors to penalties, fines, prosecution, or other regulatory actions under the applicable provisions of the Companies Act, 2013 and other applicable laws. Continued or repeated non-compliance may also result in increased scrutiny by regulatory authorities and could materially and adversely affect our business operations, financial condition, reputation, cash flows, results of operations, and future prospects. However, we undertake that, in the event any regulatory or statutory action is initiated by the competent authorities in relation to such matters, our Company shall comply with the applicable legal and regulatory requirements and take all necessary corrective measures.

Reasons for the Delays

The delays in statutory compliances were primarily attributable to the absence of a dedicated compliance framework, including the non-availability of a full-time Company Secretary, Chief Financial Officer, and experienced compliance personnel during the relevant period. In addition, the relatively small scale of our operations and limited administrative and financial resources resulted in certain statutory compliances being inadvertently delayed. Certain weaknesses in our internal compliance monitoring and control mechanisms also contributed to delays in identifying and completing statutory filings within the prescribed timelines.

Recognising these shortcomings, our Company has undertaken various corrective and preventive measures to strengthen its compliance framework. We have appointed a dedicated Company Secretary, Chief Financial Officer, and external compliance consultants to oversee and monitor compliance with applicable laws and regulations. These measures are intended to minimise the risk of similar delays occurring in the future; however, there can be no assurance that such instances will not recur.

15. Our business is dependent on the continued demand and regulatory acceptability of BOPP products and PP woven products, and any adverse changes in environmental regulations, consumer preferences or market perception regarding plastic products could adversely affect our business, financial condition, results of operations and cash

flows.

Our Company manufactures BOPP bags and PP Woven bags primarily using the granules which are petroleum-derived plastic materials. Although BOPP bags and PP woven bags are widely used across various industries due to their durability, strength, cost-effectiveness and recyclability, the plastic packaging industry has increasingly come under regulatory and public scrutiny because of growing environmental concerns relating to plastic waste, pollution and sustainability. Governments, regulatory authorities, environmental organizations and consumers are placing greater emphasis on reducing the use of conventional plastic products and encouraging the adoption of environmentally sustainable alternatives.

In India, the Government has already implemented restrictions and phased bans on certain categories of single-use plastics and continues to promote the use of recyclable, biodegradable and compostable packaging materials. While these products are generally used for industrial and commercial applications and are distinguishable from several categories of prohibited single-use plastics, there can be no assurance that future regulatory developments will not impose additional restrictions or compliance requirements on manufacturers of plastic-based packaging products. Compliance with any such requirements may require us to incur significant capital expenditure, invest in recycling infrastructure or process modifications, enhance monitoring and reporting systems, or otherwise increase our operating costs.

In addition, several of the industries that constitute our customer base, including the food, fertilizer, cement, chemicals, agriculture and retail sectors, are themselves subject to increasing environmental regulations and sustainability commitments. As these industries seek to reduce their environmental footprint and meet evolving regulatory and consumer expectations, they may increasingly adopt alternative packaging materials such as jute, paper, woven natural fibres, biodegradable plastics, compostable materials or other sustainable packaging solutions. Any accelerated shift towards such alternatives could reduce the demand for our PP woven products, limit our ability to attract new customers, or adversely affect our relationships with existing customers.

Further, public perception regarding the use of plastic packaging continues to evolve. Even where PP products are recyclable and suitable for multiple industrial applications, negative public sentiment towards plastic products in general may influence purchasing decisions and procurement policies of customers. Large corporate customers may also adopt environmental, social and governance ("ESG") policies or sustainability targets that limit or reduce the procurement of conventional plastic packaging. Such developments could affect our ability to secure new orders, renew long-term supply arrangements, or maintain our competitive position in the market.

Any significant tightening of environmental regulations, expansion of restrictions on plastic packaging products, increase in compliance obligations, adverse changes in customer preferences, or accelerated adoption of alternative packaging materials could materially and adversely affect the demand for our products. This, in turn, may have a material adverse effect on our business, financial condition, results of operations, cash flows and future growth prospects.

16. Our insurance coverage may be inadequate to protect us against all potential losses, and any uninsured or underinsured loss, or any inability to obtain or maintain adequate insurance coverage on commercially acceptable terms, could materially and adversely affect our business, financial condition, results of operations and cash flows.

We maintain insurance policies covering certain risks associated with our business and operations, including fire insurance and burglary insurance. Such policies are generally renewed on an annual basis and are subject to customary exclusions, deductibles, limitations and conditions.

The following table sets forth the details of our insured assets and insurance coverage ratios for the periods indicated:

(₹ in lakhs, except percentages)

Particulars	**As of March 31, 2026**
Sum Insured*&**	2,400.00
Insurable Asset Value	1,680.71
Insurance Coverage Ratio (%)#	142.80%

** Represents the aggregate sum insured under the insurance policies maintained by our Company. # Insurance Coverage Ratio = (Insured Asset Value or Sum Insured, whichever is lower) ÷ Insurable Asset Value × 100.*

***The aggregate Sum Insured of ₹24 crore disclosed in this Prospectus represents the combined Sum Insured under the insurance policies maintained by the Company, whereas the Sum Insured under each individual insurance policy is up to ₹12 crore. Accordingly, the aggregate Sum insured of ₹24 crore should not be construed as the coverage available under any single insurance policy or in respect of any individual loss or claim. The actual coverage available to the Company shall be subject to the respective policy terms, conditions, exclusions, deductibles, sub-limits and other limitations*

applicable to each policy.

Our insurance policies may not provide adequate coverage against all risks associated with our business operations. Although we maintain insurance coverage for certain risks that we consider appropriate in the ordinary course of our business, such insurance may not be sufficient to cover all losses, liabilities, damages or claims that may arise. Certain risks may be uninsurable, subject to policy exclusions, deductibles, coverage limits or other restrictions, or may not be commercially viable to insure against. Further, there can be no assurance that we will be able to obtain new insurance coverage or renew existing policies on favourable terms, at reasonable premiums or with adequate coverage limits in the future. Any increase in insurance costs, reduction in coverage, or inability to obtain or renew insurance may adversely affect our business operations and financial condition. In addition, insurers may dispute, delay, reduce or reject claims under our policies due to policy exclusions, interpretation of policy terms, alleged non-compliance with policy conditions or other factors beyond our control. To the extent that any loss or liability is not covered by insurance, or if the insurance proceeds received are insufficient to compensate for the actual loss incurred, we may be required to bear such losses ourselves, which could have a material adverse effect on our business, results of operations, financial condition and cash flows.

17. We have not yet placed orders for purchase of machinery in relation to the capital expenditure to be incurred from the net proceeds of the offer. In the event of any delay in placing the orders, or in the event the vendors are not able to provide the plant and machineries in a timely manner, or at all, the same may result in time and cost over-runs.

We intend to utilize a portion of the Net Proceeds from the Issue towards funding capital expenditure for the purchase of plant and machinery. As on the date of this Prospectus, we have obtained quotations from various vendors for the proposed machinery; however, we have not entered into any definitive agreements or placed firm purchase orders for such machinery. Accordingly, the proposed cost of the capital expenditure is based on quotations received from vendors, which are subject to revision, expiry, commercial negotiations, changes in market conditions and other technical or commercial factors. For further details, see "Objects of the Issue" beginning on page 88 of this Prospectus.

There can be no assurance that we will be able to procure the proposed machinery at the costs indicated in the quotations or within the estimated timelines. The actual amount and timing of our capital expenditure may differ from our current estimates due to various factors beyond our control, including increases in raw material prices, fluctuations in foreign exchange rates (where applicable), inflationary pressures, changes in applicable taxes or duties, modifications in technical specifications, engineering or design changes, technological advancements, regulatory requirements, transportation delays, supply chain disruptions or other unforeseen circumstances.

Further, any delay in finalizing purchase orders, non-availability of machinery, failure or inability of the identified vendors to manufacture, deliver or install the machinery within the stipulated time, or any increase in the acquisition or installation costs may result in delays in the implementation of our proposed capital expenditure. In addition, if we are unable to procure the required machinery from the vendors from whom we have obtained quotations, we may not be able to identify alternative vendors capable of supplying similar machinery on comparable commercial terms or within the required timeframe.

Any such delay, cost escalation, change in specifications, or inability to procure the required machinery may require us to deploy additional financial resources, revise our implementation schedule, reallocate the Net Proceeds or seek alternative sources of funding. Such events could adversely affect the timely execution of our expansion plans, our operational efficiency, business prospects, financial condition and results of operations.

18. Changes in packaging preferences, the growing adoption of alternative packaging products and substitute materials, and advancements in manufacturing technologies may diminish the demand for our products and adversely impact our business, profitability, financial condition, and future growth prospects.

Our Company operates in the manufacturing of BOPP bags and Woven bags catering to industries such as agriculture, food products, fertilizers, cement, animal feed, chemicals, etc. The demand for our products is influenced by customer preferences, industry practices, technological developments, and evolving regulatory and environmental considerations.

The packaging industry is experiencing increasing focus on sustainability, environmental responsibility, and the reduction of plastic usage. As a result, alternative packaging solutions, including paper-based packaging, jute products, biodegradable materials, flexible packaging solutions, and other environmentally sustainable packaging formats, are being developed and promoted across various end-user industries. Regulatory initiatives, customer sustainability

commitments, and growing environmental awareness among stakeholders may further encourage the adoption of such alternatives in certain applications.

In addition, ongoing advancements in packaging materials and manufacturing technologies, including the development of bio-based polymers, recyclable materials, and innovative packaging formats, may improve the performance, cost competitiveness, and commercial acceptance of products that compete with traditional woven packaging. If such alternatives become widely accepted and are able to satisfy the performance, durability, and cost requirements of customers, they may gradually gain market share in industries that currently utilise woven packaging products.

Although the products we manufacture continues to be widely used due to its strength, durability, cost-effectiveness, and suitability for bulk packaging applications, there can be no assurance that existing industry practices, customer preferences, or regulatory frameworks will remain unchanged. Any significant shift towards alternative packaging solutions, whether driven by technological advancements, environmental considerations, customer requirements, or regulatory developments, could reduce demand for our products and affect our ability to maintain or grow our market position.

Further, if we are unable to adapt to changing market trends, develop new products, adopt emerging technologies, or respond effectively to evolving customer requirements, our competitive position may be adversely affected. Any reduction in demand for our products or loss of market share to alternative packaging solutions could have a material adverse effect on our business, revenues, profitability, cash flows, financial condition, and future growth prospects.

19. Our business requires significant capital investment in manufacturing facilities, machinery, equipment, and technology. Any inability to fund such capital expenditure requirements on a timely basis may adversely affect our growth plans, operational efficiency, and financial performance.

For the financial years ended March 31, 2026 and March 31, 2025, our capital expenditure, reflected as additions to property, plant and equipment, amounted to ₹ 184.15 lakhs and ₹ 51.91 lakhs respectively. As a manufacturing company, we are required to make investments in plant and machinery, technology upgrades, capacity expansion, infrastructure development, maintenance, and other capital assets to support our operations, improve efficiency, and remain competitive in the industry.

The amount and timing of our future capital expenditure requirements may vary significantly from our current estimates due to factors, including changes in business and market conditions, fluctuations in raw material and equipment costs, technological advancements, regulatory developments, delays in implementation, cost overruns, supply chain disruptions, adverse economic conditions, and the pursuit of strategic growth opportunities. As a result, our actual capital requirements may be substantially higher than anticipated.

To fund our future capital expenditure plans, we may rely on a combination of internal accruals, bank borrowings, debt instruments, equity issuances, or other financing arrangements. There can be no assurance that adequate financing will be available to us on commercially acceptable terms, or at all, when required. Any inability to secure sufficient funding in a timely manner may delay or restrict our expansion plans, capacity enhancement initiatives, operational improvements, and other strategic investments.

Further, if we finance our capital expenditure requirements through additional debt, it may increase our leverage, interest costs, debt servicing obligations, and financial risk, which could adversely affect our profitability, cash flows, and financial condition. Alternatively, if we raise funds through the issuance of equity or equity-linked securities, it may result in dilution of the ownership interests of our existing shareholders. Accordingly, any inability to effectively fund and manage our capital expenditure requirements could materially and adversely affect our business operations, growth prospects, financial condition, cash flows, and results of operations.

20. Our lenders have created charges over our equipment & machinery and inventories, and any default in meeting our obligations under our financing arrangements could adversely affect our business, financial condition, results of operations and cash flows.

We have availed various credit facilities and borrowings from banks and financial institutions to support our business operations and working capital requirements. In connection with such borrowings, we have created charges over certain equipment & machinery and inventories of the Company. As of Period ended September 30, 2026 and Financial Year ended March 31, 2026, our outstanding secured borrowings aggregated to ₹ 131.51 lakhs and ₹ 80.45 lakhs respectively. For further details, please refer to the chapter titled "***Statement of Financial Indebtedness***" beginning on page 233 of

this Prospectus.

Our financing arrangements contain various repayment obligations, covenants, undertakings, and other conditions that require ongoing compliance. Any failure by us to comply with the terms of these financing documents, including repayment of principal, interest, or other amounts when due, may constitute an event of default. Upon the occurrence of an event of default, the respective lenders may, subject to the terms of the relevant financing documents and applicable laws, exercise various remedies available to them, including acceleration of repayment obligations, cancellation or suspension of undrawn credit facilities, initiation of recovery proceedings, and enforcement of security interests created over our assets.

Any enforcement action by our lenders, including taking possession of, selling, or otherwise exercising rights over assets charged or mortgaged in their favour, could adversely affect our ability to conduct business operations, disrupt our manufacturing and working capital cycles, reduce operational flexibility, and have a material adverse effect on our liquidity, cash flows, financial condition, and results of operations.

Further, the existence of secured borrowings and encumbrances over our assets may limit our ability to raise additional financing on favourable terms in the future or create additional security interests over such assets. Any deterioration in our ability to service our indebtedness or comply with financing obligations could materially and adversely affect our business, financial condition, cash flows, and future growth prospects.

21. Our Company's logo is not registered as a trademark, which may limit our ability to protect our brand and expose us to risks of unauthorised use, infringement, and reputational damage that could adversely affect our business and growth prospects.

We conduct our business under our logo ANTALA INDUSTRIES LIMITED, which forms an important part of our brand identity and market recognition. We have applied for registration of our logo under Class 22 of the Trademarks Act, 1999, vide application number 6756363. As of the date of this Prospectus, the status of the application is "Accepted & Advertised" and the registration has not yet been granted.

We have used our logo in connection with our business operations, products, marketing activities, and customer interactions, and it has become associated with our Company and its offerings. However, there can be no assurance that our trademark application will proceed to registration without objections, oppositions, or other challenges from third parties. The existence of identical or similar trademarks, trade names, logos, or other intellectual property rights may result in delays, restrictions, or refusal of registration.

Further, if any third party claims prior or superior rights over a mark that is identical or similar to our logo, we may be required to defend such claims through legal or administrative proceedings. Any such proceedings could result in significant costs, diversion of management time and resources, and uncertainty regarding our right to continue using the logo in its present form.

Until the registration is granted, our ability to enforce exclusive statutory rights against unauthorised use, imitation, infringement, or misuse of our logo may be more limited than that of a registered trademark proprietor. Any unauthorised use of similar marks by third parties may create confusion among customers and other stakeholders, dilute the distinctiveness of our brand, and adversely affect our goodwill and reputation.

In the event that our trademark application is rejected, restricted, successfully opposed, or otherwise challenged, we may be required to modify our branding, adopt an alternative logo, or undertake a rebranding exercise. Such actions may involve additional expenditure, operational disruptions, loss of brand recognition, and potential adverse effects on our marketing and business development efforts. Accordingly, any inability to secure and protect our trademark rights or any misuse of our brand identity by third parties could materially and adversely affect our business, reputation, financial condition, results of operations, and future growth prospects.

22. Our registered office premise is taken on rent. Any non-renewal, termination or revision of these arrangements may result in higher rental or relocation costs and could impact our operations.

Our registered office premises are occupied under a rent agreement with a third party. While the lease may be renewed upon mutual agreement between the parties, there can be no assurance that such renewal will be granted on terms acceptable to us, or at all.

Address of the Property	Nature of Premises	Area	Name of the Landlord	Period of Agreement	Purpose
Shapar RS No.84, Plot No.1, Opp. Shreeji Tiles, Veraval (Shapar), Rajkot, Kotda Sanghani, Gujarat, India, 360024	Rented	1551 sq mtr.	Precision Liners	For a period of 7 years starting from June 01, 2026	Registered Office and Manufacturing Unit

In the event the lease is not renewed, is terminated, or the licensor requires us to vacate the premises, we may be required to relocate our registered office and administrative operations. Any such relocation could result in temporary interruptions in operations, administrative and regulatory challenges, and diversion of management resources.

Further, the identification and acquisition of suitable alternative premises may involve higher rental commitments and additional expenditure towards relocation, fit-outs, infrastructure setup and other related costs. Any increase in occupancy and relocation expenses could adversely affect our operating costs and financial performance.

Accordingly, any non-renewal, termination, or revision of the lease arrangements relating to our registered office premises may have an adverse effect on our business operations, financial condition and results of operations.

23. The Company has filed applications for adjudication in respect of certain filings made with the Registrar of Companies ("RoC"). Any adverse order passed by the adjudicating authority, including the imposition of penalties or other directions, may adversely affect our financial condition, reputation and regulatory compliance status.

In the course of our corporate secretarial and statutory compliance review, it was identified that certain forms required to be filed with the Registrar of Companies ("RoC") under the provisions of the Companies Act, 2013 and the rules made thereunder were not filed within the prescribed timelines and/or involved procedural non-compliances. Accordingly, we have filed applications before the competent adjudicating authority under the Companies Act, 2013 seeking adjudication in respect of such matters. As on the date of this Prospectus, the adjudication proceedings are pending and no final order has been passed by the competent authority.

Sr. No.	Form Name	SRN	Description of non-compliance
1	**Form GNL - 1**	**AC5213247**	The Applicant Company appointed M/s Sunit M Chhatbar & Co. as its First Statutory Auditor on 10 August 2024 under Section 139(6). Due to a bona fide misunderstanding, the same Auditor was again approved by the shareholders on 22 October 2025 and Form ADT-1 bearing SRN AB8769870 was inadvertently filed mentioning 22 October 2025 instead of the actual appointment date of 10 August 2024. The error is purely reporting in nature, with no change or interruption in the Auditor, and the Company has voluntarily approached this Hon'ble Authority for adjudication
2	**Form GNL - 1**	**AC5214351**	The Applicant Company issued subscriber shares on incorporation dated 05.08.2024 and preferential allotment on 14.09.2024 in physical form while ISIN/depository connectivity was under process. Upon obtaining NSDL connectivity on 23.09.2024 and CDSL connectivity on 05.11.2024, all subsequent securities were issued only in dematerialised form. The Company has voluntarily approached this Hon'ble Authority for adjudication of the inadvertent default under Section 29(1A) read with Rule 9A.
3	**Form GNL - 1**	**AC5214774**	The Applicant Company filed E-Form DPT-3 (SRN AB4787590) on 20.06.2025 based on provisional financial statements, as the statutory audit was pending. Subsequent audit adjustments and reclassification resulted in a variation of ₹3,94,106 from the audited financial statements. The discrepancy was inadvertent and technical, and the Company has voluntarily approached this Hon'ble Authority for adjudication.
4	**Form GNL - 1**	**AC5215205**	The Company filed e-Form PAS-3 (SRN AB2366011) on 08.01.2025 for allotment dated 06.12.2024, wherein certain particulars relating to face value and securities premium were inadvertently reported incorrectly. The error was confined to the Form and had no impact on the Company's capital structure, statutory records or MCA Master Data. The Company

Sr. No.	Form Name	SRN	Description of non-compliance
			has voluntarily approached this Hon'ble Authority for adjudication of the technical lapse.
5	**Form GNL - 1**	**AC5213847**	The Company filed E-Form AOC-4 XBRL (SRN AC1850188) on 07.02.2026, wherein an earlier draft of the AGM Notice was inadvertently attached instead of the final Notice actually circulated to members. The error was purely procedural and did not affect the AGM proceedings, shareholders' rights or statutory compliance. The Company has voluntarily approached this Hon'ble Authority for adjudication.

The outcome of the adjudication proceedings is subject to the determination of the competent authority, and there can be no assurance that the applications will be disposed of on terms favourable to us. The adjudicating authority may impose monetary penalties on the Company and/or its present or past directors, key managerial personnel or officers in default, issue directions requiring further compliances, rectification of records, or pass such other orders as it may deem appropriate under the applicable provisions of the Companies Act, 2013.

In the event that the adjudicating authority imposes penalties or directs us to undertake additional corrective actions, we may incur additional financial liabilities, legal and professional costs and management time in complying with such directions. Further, if the adjudicating authority identifies any additional instances of non-compliance during the course of the proceedings, we may be required to initiate further remedial actions or make additional statutory filings, which could result in increased compliance costs and administrative burden.

Although we have taken steps to strengthen our internal compliance framework, including reviewing our statutory compliance processes and implementing measures to enhance monitoring of corporate filings by appointing the Company Secretary & Compliance Officer, there can be no assurance that the adjudication proceedings will be concluded without adverse observations or financial implications. Any adverse findings, penalties or directions issued by the competent authority may adversely affect our reputation, corporate governance profile, relationships with investors, lenders, customers and other stakeholders and could also result in increased regulatory scrutiny in the future.

Any of the foregoing events, individually or collectively, may materially and adversely affect our business, financial condition, cash flows, results of operations and future prospects.

24. We depend significantly on third-party logistics provider to provide transport facilities. A loss of, or a significant decrease in services provided by logistics provider could adversely affect our business and profitability.

The Company does not own any vehicles for the transportation of its products and is dependent on third-party logistics service providers for the movement of goods. Consequently, the Company is exposed to risks associated with the performance, reliability, operational efficiency, and financial stability of such logistics providers.

Any delay, capacity constraints, labour shortages, regulatory changes, fuel price volatility, or other adverse developments affecting the transportation and logistics industry may impact the availability, quality, timeliness, or cost of transportation services. Such events could adversely affect the Company's ability to deliver products within agreed timelines, fulfil contractual obligations, maintain customer relationships, and meet market demand.

Further, the loss or termination of any key logistics service provider, or the inability to identify and engage suitable alternative providers on commercially reasonable terms within a reasonable period, could result in delays in product deliveries, increased freight costs, and operational delay. In addition, consolidation within the logistics and transportation industry may reduce the availability of service providers and increase transportation charges, which could adversely affect the Company's operating margins and profitability. Accordingly, any material disruption in logistics services or significant increase in transportation costs could have a material adverse effect on the Company's business, operations, financial condition, cash flows, and results of operations.

25. Our inability to effectively manage our growth or to successfully implement our business plan and growth strategy could have an adverse effect on our business, results of operations and financial condition.

Our Company has experienced significant growth in its revenue from operations and profitability during period ended September 30, 2026 and the financial years ended March 31, 2026, 2025 and 2024. The details of our financial performance for the said periods are set out under the section titled "Financial Statements" beginning on page 182 of this Prospectus. While our historical financial performance reflects the growth achieved by our business, such performance

should not be construed as indicative of our future results, and there can be no assurance that we will be able to sustain or improve our historical growth trajectory. The details of which are as follows:

(₹ In Lakhs except percentages and ratios)

Notes:

1. *Revenue from operations is the total revenue generated by Company.*
2. *Total Income comprised of revenue from operation and other income.*
3. *EBITDA is calculated as Profit before tax + Depreciation + Interest Expenses – Other Income*
4. *EBITDA Margin' is calculated as EBITDA divided by Revenue from Operations.*
5. *PAT is mentioned as PAT for the period*
6. *PAT Margin=PAT/Revenue from operations.*
7. *RoNW is calculated PAT divided by closing shareholders' equity*
8. *ROCE: Return on Capital Employed is calculated as EBIT divided by average capital employed, which is defined as average of opening & closing shareholders' equity plus total debt*
9. *EPS is mentioned as EPS for the period*

Our future growth and profitability will depend on several factors, including our ability to successfully execute our business strategies, expand our customer base, secure new orders, retain existing customers, effectively manage our operations, maintain cost efficiencies, recruit and retain skilled personnel, adapt to changes in market conditions, and respond to evolving customer requirements. Our growth strategy may also require significant investments in infrastructure, working capital, technology, and human resources, and there can be no assurance that such investments will generate the anticipated returns or that they will be completed within the expected timelines or budgeted costs.

Further, any inability to fulfil customer expectations, maintain the quality of our products and services, or execute projects in a timely and cost-effective manner may result in loss of customers, reduced repeat business, contractual disputes, reputational damage, and increased operating costs.

In addition, our business may be affected by factors beyond our control, including changes in economic conditions, competitive pressures, fluctuations in raw material and operating costs, regulatory developments, changes in customer spending patterns, and other industry-specific risks. If we are unable to successfully implement our growth strategy or if our revenue growth or profitability slows or declines, our business, cash flows, results of operations, financial condition, and future prospects could be materially and adversely affected.

26. Our continued growth depends on our ability to maintain and enhance the reputation and recognition of our brand, and any deterioration thereof could adversely affect our business, financial condition, results of operations and cash flows.

The continued recognition and reputation of our brand play an important role in our ability to attract new customers, retain existing customers and strengthen our position in the markets in which we operate. Our business is built on the quality of our products, timely execution, customer satisfaction and long-standing relationships with our customers. Maintaining and enhancing our brand reputation is therefore important for sustaining our growth and remaining competitive.

However, there can be no assurance that these efforts will be successful or that they will generate the desired level of customer awareness, brand recognition or commercial benefits. If we are unable to effectively promote our brand or differentiate our products and services from those of our competitors, our ability to acquire new customers, retain existing

customers and expand into new markets may be adversely affected.

Our reputation may also be affected by factors beyond our control, including product quality issues, delays in delivery, operational issues, customer complaints, adverse publicity, litigation, regulatory actions, or any actual or perceived failure to meet customer expectations. In addition, changing customer preferences, evolving industry trends and increased competition may reduce the relevance or strength of our brand if we are unable to adapt our products, services and business strategies in a timely manner.

A decline in the reputation or recognition of our brand could weaken customer confidence, reduce repeat business, make it more difficult to attract new customers and qualified employees, and require us to incur higher marketing and promotional expenditure to maintain our market position. Any such developments could materially and adversely affect our business, financial condition, results of operations, cash flows and future growth prospects.

27. Our manufacturing operations are dependent on the availability of skilled, semi-skilled, and contract labour. Any labour shortages, industrial unrest, work stoppages, or increases in labour costs may adversely affect our business, operations, and profitability.

Our manufacturing operations are dependent on the availability of a skilled and semi-skilled workforce for carrying out various production activities. Although we have implemented certain operational efficiencies, a portion of our manufacturing processes continues to involve manual intervention and labour-intensive activities. Consequently, the efficient functioning of our operations is dependent upon the availability, productivity, and retention of an adequate workforce.

Any shortage of skilled or unskilled labour, high employee attrition, difficulties in recruiting and retaining personnel, labour unrest, industrial disputes, strikes, work stoppages, increased wage demands, or non-availability of contract workers may disrupt our manufacturing activities, reduce productivity, increase operating costs, and adversely affect our ability to meet customer requirements and delivery schedules.

Further, the manufacturing sector is susceptible to labour market fluctuations, including competition for skilled workers, changes in labour laws and regulations, and increases in wages and employee-related costs. Any significant increase in labour costs may adversely affect our profitability, particularly if we are unable to pass on such increased costs to our customers.

While we have not experienced any material such incidence to our operations arising from labour disputes, workforce shortages, or industrial unrest in the past, there can be no assurance that such events will not occur in the future. Any prolonged disruption involving our employees or contract labour force could adversely affect our production capacity, business operations, customer relationships, financial condition, results of operations, and future growth prospects.

28. The average cost of acquisition of Equity Shares by our Promoters may be lower than the issue price.

Our Promoters' average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price of the shares proposed to be offered though this Prospectus. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer the below mentioned table:

The average cost of acquisition per Equity Share to our Promoters as at the date of this Prospectus is:

S.No	Name of the Promoters	No. of shares held	Average Cost of Acquisition (in ₹)
1.	Rajeshkumar Chandulal Antala	45,37,770	7.04
2.	Pankajkumar Chandulal Antala	3,15,506	34.82
3.	Lataben Rajeshbhai Antala	3,44,117	13.61

5.	Nevil Pankajbhai Antala	3,75,572	12.62
6.	Aaryan Rajesh Antala	2,65,643	15.45
7.	Shaily Rajeshkumar Antala	40,723	15.42

Notes: -

1. *The average cost of acquisition of Equity Shares has been calculated by taking into account the amount paid by them to acquire Shares allotted to them as reduced by amount received on sell of shares, if any i.e., net of sale consideration is divided by net quantity of absolute shares acquired.*

2. *Average cost of acquisition of Equity Shares is certified by the Peer Reviewed Auditor M/s. Sunit M Chhatbar & Co., Chartered Accountant having Peer Review Registration No. 018746 vide certificate dated October 16, 2026 having UDIN No. 26166095TVKKFH3372.*

29. Our Company has issued Equity Shares during the last one year at a price lower than the Offer Price.

Our Company has issued Equity Shares during the preceding one year at prices that may be lower than the Offer Price. Investors should consider the differences between such issue prices and the Offer Price while evaluating an investment in the Equity Shares offered pursuant to this Issue. The details of such issuances are set out below:

Date of Allotment	No. of Equity Shares	Face Value (₹)	Issue Price (₹)	Nature of Allotment
January 06, 2026	13,54,923	10	15.45	Preferential Allotment
January 12, 2026	3,81,877	10	15.45	Preferential Allotment

January 24, 2026	3,24,760	10	15.45	Preferential Allotment
February 09, 2026	5,02,450	10	15.45	Preferential Allotment
May 19, 2026	4,37,013	10	21.85	Rights Issue

30. Certain of our Key Managerial Personnel have been associated with our Company for less than one year, and their limited tenure may affect the continuity and effective execution of our business operations.

Certain of our Key Managerial Personnel, including our Company Secretary and Compliance Officer, have been associated with our Company for less than one year. Consequently, they have had limited time to gain familiarity with our business operations, internal processes, management systems and regulatory environment. While we believe that they possess the requisite qualifications and experience to discharge their responsibilities, there can be no assurance that their relatively short tenure will not affect the continuity of our management or the effective execution of our business strategies. Any inability to integrate such personnel into our operations or retain their services could adversely affect our business, financial condition, results of operations and cash flows.

For further details relating to our Key Managerial Personnel, including their appointments and profiles, please refer to the chapter titled "Our Management" beginning on page 156 of this Prospectus.

31. The directors of our Company do not have any experience in the Listed Company.

None of our Directors has prior experience of serving on the board of a listed company. Accordingly, our directors have limited practical experience in dealing with the corporate governance, regulatory and compliance requirements applicable to listed entities. Following the listing of our Equity Shares, our Company will become subject to various obligations under the applicable provisions of the Securities and Exchange Board of India regulations, the listing agreement entered into with the Stock Exchange, and other laws and regulations governing listed companies. These obligations include, among others, compliance with periodic disclosure requirements, corporate governance norms, financial reporting standards, insider trading regulations, related party transaction requirements and continuous disclosure obligations.

Although our directors possess experience relevant to our business and industry, they may require time to become fully familiar with the additional responsibilities and regulatory expectations associated with managing a publicly listed company. During this transition period, our Board may be required to devote significant time and attention to strengthening governance practices, implementing appropriate compliance frameworks and ensuring adherence to the regulatory requirements applicable to listed entities. This may reduce the time available for strategic business initiatives and day-to-day oversight of our operations.

Further, as a listed company, we will be required to maintain effective disclosure controls and procedures, robust internal financial controls, and comprehensive systems for timely and accurate financial reporting. Establishing and maintaining such systems may require additional investments in technology, processes and personnel, as well as increased involvement of our senior management and Board of Directors. We may also need to recruit additional professionals with expertise in legal, secretarial, compliance, finance and accounting matters to support our listed entity obligations. However, there can be no assurance that we will be able to recruit and retain such personnel in a timely and cost-effective manner.

Any failure to successfully adapt to the regulatory and governance requirements applicable to listed companies and compliance systems or effectively manage the additional responsibilities associated with being a publicly listed company

could result in regulatory actions, penalties, increased compliance costs, reputational harm and reduced investor confidence. Such developments could materially and adversely affect our business, financial condition, results of operations, cash flows and future growth prospects.

32. Our transactions with related parties expose us to concentration risks and any adverse change in such relationships may adversely affect our business, financial condition and results of operations

A portion of our sales and purchases has been undertaken with entities/persons who are related parties within the meaning of applicable laws and regulations. During F.Y. 2023-24 and the period from April 01, 2024 to August 04, 2024, related parties were among our Top 10 Customers. Further, related parties were among our Top 10 Suppliers during F.Y. 2023-24, the period from April 01, 2024 to August 04, 2024 and the period from August 05, 2024 to March 31, 2025. However our company has not made any sale or purchase with our related parties for Financial Year 2025-2026 and for Period ended September 30, 2026

Sales to Related Parties

Particulars	F.Y. 2023-24	April 01, 2024 to August 04, 2024	August 05, 2024 to March 31, 2025
Total Sales (₹ in lakhs)	1,251.25	682.78	2,502.21
Sales to Related Parties (₹ in lakhs)	774.58	138.30	25.27
Sales to Related Parties as % of Total Sales	61.90%	20.26%	1.01%

Purchases from Related Parties

Particulars	F.Y. 2023-24	April 01, 2024 to August 04, 2024	August 05, 2024 to March 31, 2025
Total Purchases (₹ in lakhs)	1,073.56	602.23	2,059.76
Purchases from Related Parties (₹ in lakhs)	592.17	90.54	120.87
Purchases from Related Parties as % of Total Purchases	55.16%	15.03%	5.87%

Our reliance on related parties for a portion of our sales and purchases in the past may expose us to concentration and counterparty risks. Any reduction, termination or adverse change in the terms of our transactions with such related parties, including any deterioration in their financial condition, business operations or relationship with us, could adversely affect our revenues, availability of supplies, profitability and results of operations. Further, our ability to diversify our customer and supplier base may be affected if a significant proportion of our business continues to be conducted with related parties.

Although our related party transactions are undertaken in the ordinary course of business and in accordance with applicable laws and regulations, there can be no assurance that such transactions will continue on terms favourable to us. Any material adverse change in our relationships with related parties, or our inability to maintain such relationships, could have a material adverse effect on our business, financial condition and results of operations.

33. There can be no assurance that we will declare or pay dividends in the future, as any such decision will depend on our future financial performance, cash flows, capital requirements and financing arrangements.

We intend to retain a significant portion of our future earnings, if any, to support the growth and expansion of our business, strengthen our working capital position and meet our operational and capital expenditure requirements. As a result, there can be no assurance that we will declare or pay dividends in the foreseeable future.

Any decision regarding the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on several factors, including our future earnings, financial condition, cash flows, working capital requirements, capital expenditure plans, business prospects, applicable legal and regulatory requirements, and the terms and conditions of our financing arrangements, as well as such other factors as our Board of Directors may consider relevant from time to time.

In addition, certain of our financing arrangements contain covenants that may restrict our ability to declare or pay dividends. For instance, under certain loan agreements, we may not be permitted to declare or distribute dividends if an event of default has occurred and is continuing, or unless all amounts due and payable to the relevant lender have been paid or adequate provision has been made for such payments. Accordingly, our ability to pay dividends may be subject to contractual restrictions in addition to the requirements under applicable law.

As a result, investors may need to rely primarily on any appreciation in the market price of our Equity Shares, rather than dividend income, to realize a return on their investment. However, there can be no assurance that the market price of our Equity Shares will appreciate following the Issue or that investors will be able to realize any return on their investment.

For further details of our dividend policy and dividend history, please refer to the chapter titled "Dividend Policy" beginning on page 181 of this Prospectus.

34. Our manufacturing operations are exposed to operational hazards that may result in accidents, production disruptions and damage to property, which could adversely affect our business, financial condition, results of operations and cash flows.

Our manufacturing operations involve the use of machinery, electrical equipment and processes that are inherently subject to operational and industrial risks. These risks include equipment failure, workplace accidents, fire, explosion, power outages, natural disasters, adverse weather conditions, environmental incidents and other unforeseen events that may result in injury to personnel, damage to property, interruption of manufacturing activities or disruption of our supply chain.

As of the date of this Prospectus, we have not experienced any material accident, fire, explosion or other significant incident at our manufacturing facilities that has resulted in a material interruption of our operations. We have implemented safety policies, operating procedures and preventive maintenance practices designed to reduce operational risks and promote workplace safety. However, there can be no assurance that such measures will be adequate to prevent accidents or other unforeseen events in the future.

In addition, such incidents may expose us to regulatory investigations, civil claims, litigation, penalties or compensation claims, the outcome and financial impact of which may be uncertain. The cost of defending such proceedings, together with any adverse judgments, settlements or negative publicity arising from such incidents, could adversely affect our reputation and relationships with customers, suppliers and other stakeholders.

Further, any prolonged interruption of production due to workplace accidents, equipment breakdown, fire, explosion, power failure, natural calamities, terrorism, cyber incidents affecting plant operations or other unforeseen circumstances could adversely affect our production capacity, increase our operating costs and reduce our revenues. We may also be required to incur substantial capital expenditure to repair or replace damaged assets or implement additional safety and operational control measures.

Accordingly, the occurrence of any such accident, or industrial hazard, whether or not covered by insurance, could materially and adversely affect our business, financial condition, results of operations, cash flows and future growth prospects.

35. Ineffective marketing campaigns may fail to drive product adoption or revenue growth.

Our growth depends, in part, on our ability to effectively market our products, strengthen our brand presence, expand our customer base, and generate repeat business from existing customers. The success of our marketing and business development initiatives is influenced by various factors, including changing customer preferences, market conditions, competitive pricing, industry trends, the effectiveness of our promotional activities, and our ability to identify and target potential customers.

If we fail to effectively communicate the quality, reliability, or value proposition of our products, we may be unable to attract new customers, retain existing customers, or expand into new markets. In addition, marketing initiatives may require significant expenditure, and there can be no assurance that such investments will generate the anticipated increase in sales or provide an adequate return on investment.

Further, increased competition, changes in customer purchasing behaviour, adverse market conditions, or the introduction of competing products by existing or new market participants may reduce the effectiveness of our marketing efforts and negatively impact demand for our products. Any failure to effectively position our products or strengthen our market presence could adversely affect our sales volumes, revenue, profitability, and overall business growth.

The Company has not experienced any material adverse impact arising from ineffective marketing or business development initiatives in the past. However, there can be no assurance that our future marketing and customer acquisition strategies will be successful.

36. Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company even after the Issue which will allow them to determine the outcome of matters submitted to shareholders for approval.

Following the completion of this Issue, our Promoters and members of the Promoter Group will collectively hold 52.04 % of our post-Issue paid-up Equity Share capital. Accordingly, they will continue to be in a position to exercise significant influence over the management and affairs of our Company and will have the ability to influence the outcome of matters requiring shareholders' approval, including the appointment and removal of directors, approval of mergers and acquisitions, amendments to our constitutional documents, declaration of dividends and other significant corporate actions, subject to the provisions of the Companies Act, 2013, the SEBI regulations and our Articles of Association.

As a result of their significant shareholding, our Promoters will continue to exercise substantial influence over the strategic direction, business policies and operational decisions of our Company. This concentration of ownership may limit the ability of our public shareholders to influence corporate decisions and may delay, deter or prevent a change in control of our Company that other shareholders may consider to be in their best interests.

In addition, the interests of our Promoters may, from time to time, differ from those of our other shareholders. Although our Company is required to comply with the applicable provisions of the Companies Act, 2013, the SEBI regulations and other applicable laws governing related party transactions, corporate governance and shareholder approvals, there can be no assurance that decisions taken by our Promoters in the exercise of their controlling influence will always align with the expectations or interests of all our shareholders.

Any exercise of such significant influence by our Promoters could affect our business strategy, corporate governance, financial policies and other significant matters, which may, in turn, materially and adversely affect our business, financial condition, results of operations, cash flows and the market price of our Equity Shares.

37. There are no material outstanding legal proceedings and litigations against and by our Company, our Promoters, our Directors, our KMP and our SMP. Any future material proceedings, if arises may affect our profitability, reputation and our results of operations & financial condition.

As of the date of this Prospectus, there are no material outstanding civil, criminal, tax, regulatory or other legal proceedings involving our Company, our Promoters, our Directors, our Key Managerial Personnel ("KMPs") or our Senior Management Personnel ("SMPs") that, individually or in the aggregate, are expected to have a material adverse effect on our business, financial condition, results of operations or cash flows.

However, we cannot assure you that legal, regulatory, tax or other proceedings will not be initiated against our Company or the aforesaid persons in the future. Any such proceedings, if material, may require significant management time and financial resources, result in additional liabilities, adversely affect our reputation, disrupt our business operations and materially and adversely affect our business, financial condition, results of operations and cash flows.

Set out below is a summary of all outstanding legal proceedings, including civil, criminal, tax, statutory and regulatory matters, involving our Company, our Promoters, our Directors, our Key Managerial Personnel and our Senior Management Personnel, as of the date of this Prospectus.

38. We are awaiting the grant of the "Consent to Operate" from the relevant authority and any delay or failure in obtaining such approval may adversely affect our business and operations

Although we possess the requisite statutory and business approvals necessary for the conduct of our operations, as of the date of this Draft Offer Document, we are awaiting the grant of the "Consent to Operate" approval from the relevant authority. We have already made an application with the designated authority for obtaining such approval and the application is currently pending.

The grant of the "Consent to Operate" is subject to the applicable laws, rules, regulations and requirements of the relevant authority. There can be no assurance that the requisite approval will be granted within the expected timeframe or at all, or that it will be granted on terms favourable to us. Any delay in obtaining such approval, rejection of our application, or any conditions imposed by the relevant authority may require us to modify or suspend certain aspects of our operations and may result in additional costs, penalties or other regulatory consequences.

Further, any inability or delay in obtaining the requisite approval may adversely affect our ability to continue or expand our operations and may result in disruption to our business. In the event that the "Consent to Operate" is not granted or is subject to onerous conditions, our business, financial condition, cash flows and results of operations may be adversely affected.

39. Certain information in this Prospectus has been sourced from third parties, and we have taken steps to address any concerns regarding its use or publication

Certain information, data, statements and/or content contained in this Prospectus has been sourced from publicly available sources and/or third-party sources, including information attributable to identified source owners. While we have taken reasonable steps to identify and appropriately attribute such information, we may not have obtained specific written consents from all such source owners for the reproduction, use or publication of such information in the DRHP.

We have duly communicated with the relevant source owners, wherever applicable, regarding the use and publication of the information attributable to them in the DRHP and have provided them an opportunity to communicate with us in the event they have any objection, concern or issue with respect to such use or publication. However, there can be no assurance that all such source owners will have reviewed the relevant information or that no objection, claim or concern will be raised by any such source owner in the future.

If any source owner objects to the use or publication of the relevant information or alleges that such use infringes its rights or otherwise requires modification, withdrawal or additional consent, we may be required to amend, remove, qualify or otherwise modify such information in the DRHP. Any such action may result in additional costs, delays or changes to the disclosures contained in the DRHP and may adversely affect our ability to complete the proposed offering within the anticipated timelines. Further, any dispute, claim or proceeding arising in relation to the use of such information may result in reputational harm, additional legal or compliance costs and may adversely affect our business, financial condition, results of operations and prospects.

40. We are dependent on third-party for the provision and management of labour, and any disruption in such arrangements may affect our operations.

We engage third-party contractors on a job-work basis for providing and managing labour required for our operations. Accordingly, our operations are dependent, to a certain extent, on the availability and continuity of labour provided and managed by such third-party. Any failure by such to provide adequate manpower, timely replacement of labour, or

effectively manage the labour may result in disruption or delay in our operations, which may affect our business, financial condition and results of operations.

Any increase in labour costs or service charges payable to third-party may result in an increase in our operating expenses and may adversely impact our profitability. Further, any non-availability, inadequate deployment or ineffective management of labour by such third-party may affect the continuity and efficiency of our operations. We may face operational and other risks arising from the acts or omissions of such third-party or the labour engaged through them.

41. We do not have any power backup mechanism installed at our premises and any interruption in the supply of electricity may adversely affect our business and operations

We do not currently have any power backup mechanism, such as generators, inverters or other alternative power supply Arrangements, installed at our premises. Accordingly, we are dependent on the uninterrupted availability of electricity from the relevant power supply authorities for the conduct of our business and operations.

Any interruption, failure, shortage or fluctuation in the supply of electricity, whether due to technical failures, grid disruptions, maintenance, adverse weather conditions or other factors beyond our control, may result in disruption or temporary suspension of our operations. Such interruptions may adversely affect our production/operations, delivery schedules and our ability to meet the requirements of our customers, and may result in increased operating costs, loss of business opportunities, customer dissatisfaction and reputational damage. We may also be required to incur additional expenditure to install or arrange alternative power backup facilities in the future. Any prolonged or recurring disruption in power supply could have a material adverse effect on our business, financial condition, cash flows and results of operations.

42. We may not be able to accurately ascertain the MSME status of our trade creditors, which may expose us to risks associated with applicable provisions of the MSMED Act, 2006.

The Company has not obtained written confirmations from all its trade creditors regarding their registration status under the Micro, Small and Medium Enterprises Development Act, 2006 ("MSMED Act"). Further, the Company has not received MSME registration certificates or declarations from its trade creditors as of the reporting date. Accordingly, the Company has been unable to accurately identify and bifurcate its trade payables between MSME and Non-MSME creditors.

In the event that any of our trade creditors are subsequently identified as Micro or Small Enterprises, the Company may be required to comply with the applicable provisions of the MSMED Act, including provisions relating to payment timelines and interest on delayed payments. Any such liability or obligation may adversely affect our financial position, cash flows and results of operations.

43. Customers may terminate, renegotiate, or reduce its order volumes, or delay renewals, adversely affecting revenue and profitability.

The Company's business is dependent on its ability to maintain strong and long-term relationships with its customers. Its contracts and business arrangements with customers may be subject to termination, non-renewal, renegotiation of commercial terms, reduction in order volumes, delays in execution, or changes in customer requirements. Any such event could adversely affect the Company's revenues, profitability, cash flows, and overall financial performance.

The Company may also face risks arising from failure to meet contractual obligations, delays in execution or delivery, quality-related issues, customer dissatisfaction, or other operational challenges, which could result in contractual disputes, penalties, claims, loss of business, or termination of customer relationships. In addition, changes in customers' procurement strategies, financial condition, business priorities, or industry-specific factors may lead to fluctuations in demand for the Company's products and services.

The Company's continued growth depends on its ability to retain existing customers, attract new customers, maintain high standards of quality and service, and expand its customer base across diverse industries and geographies. Any inability to do so, or any material deterioration in its relationships with customers, could have a material adverse effect on its business, results of operations, cash flows, and financial condition.

The Company has not experienced any material instances of customer termination, significant contractual disputes, or adverse events of this nature in the past. However, there can be no assurance that such events will not occur in the future.

44. Our Company has in the past experienced delays, lapses and/or errors in certain income tax compliances, which may expose it to penalties, interest, fees or other liabilities and adversely affect its financial condition and results of operations.

Our Company has, in the past, experienced certain delays, lapses and/or errors in complying with certain provisions of the Income-tax Act, 1961 and the rules made thereunder, including, among others, delays in filing certain income tax returns, statements, forms and other prescribed filings. Such delays filings may result in the Company being liable to pay applicable interest, late filing fees, penalties, additional taxes or other statutory dues, as may be determined by the relevant tax authorities under applicable law.

The details of late filings in past 3 years are given below:

Statutory Regulation	Return/ Form Type	Due Date	Actual Filing Date	Delays	Interest/ Penalty paid (Amount in Lakh)	Remarks
Income Tax Return	Form ITR-5	November 15, 2024	December 28, 2024	43	0.95	Belated return filed under section 139 (4)
Income Tax Return	Form ITR-5	December 10, 2025	December 31, 2025	21	0.49	Belated return filed under section 139 (4)

Although the Company has taken steps to review and regularise its past tax compliances, there can be no assurance that the relevant tax authorities will not initiate any proceedings, issue notices or determine any additional tax, interest, penalty, late filing fee or other liability in respect of such past delays, lapses or errors. The outcome of any such proceedings or assessments may depend upon the facts and circumstances of each case and the interpretation and application of the applicable provisions of law by the relevant authorities.

Further, any delay or error in statutory tax filings may require the Company to incur additional costs towards professional fees, compliance expenses and management time for responding to notices, assessments or other proceedings. The Company may also be required to undertake additional corrective measures, including filing revised returns, statements or other documents and making payment of applicable interest, fees, penalties or other statutory dues, wherever required and permissible under applicable law.

Any financial liability arising from such past non-compliances, including penalties, interest, late filing fees, additional tax liabilities or other statutory dues, may adversely affect the Company's cash flows, profitability, financial condition and results of operations. In addition, any proceedings or adverse orders by the tax authorities may result in increased compliance requirements and additional management attention.

Measures adopted by the company

The Company has appointed a Chief Financial Officer (“CFO”) to strengthen its financial management and compliance framework. The CFO is responsible for overseeing the Company’s financial reporting, accounting functions, budgeting, statutory compliances and internal financial controls. The CFO also monitors timely filing of financial and tax-related returns and coordinates with the Company’s auditors, as required.

45. The objects of the issue, for which we are raising funds, are based on our management's estimates and have not been appraised by any bank, financial institution, or independent agency. The deployment of funds in the project is entirely at our discretion, following the parameters outlined in the chapter titled "Objects of the Issue."

The funding requirements and proposed deployment of the Net Proceeds, as described under the chapter titled "Objects of the Issue" beginning on page 88 of this Prospectus, are based on our management's estimates and internal assessments and have not been appraised by any bank, financial institution, or independent external agency. These estimates have been prepared in accordance with our current business plans and assumptions, which are subject to change due to various factors, including changes in market conditions, industry dynamics, regulatory developments, competitive pressures, and other unforeseen circumstances. Consequently, our business plans and the corresponding funding requirements may vary from those currently envisaged.

Further, the deployment of the Net Proceeds is proposed to be undertaken by our Company in accordance with the details set out in the chapter titled "Objects of the Issue" and will be subject to the discretion of our Board of Directors, in compliance with the applicable provisions of law. Since the Issue is below the threshold prescribed under the applicable SEBI regulations for mandatory monitoring, the utilisation of the Net Proceeds will not be subject to monitoring by any bank, public financial institution, or independent monitoring agency.

In addition, there can be no assurance that the actual costs, timelines, or implementation schedule of the proposed objects of the Issue will not differ from the estimates disclosed in this Prospectus. Any increase in project costs, delays in implementation, or changes in the scope of the proposed utilisation of funds arising from factors beyond our control may require us to revise our funding plans or arrange additional financing. Such deviations or delays could adversely affect the execution of our business strategy, our anticipated revenues and profitability, and consequently, our financial condition and results of operations.

46. Our directors have a financial interest in our Company through their shareholding, which may create interests aligned with the performance of our Company.

Certain of our Directors, namely Mr. Rajeshkumar Antala, Mr. Pankajkumar Antala, Mrs. Lataben Rajeshbhai Antala and Mrs. Hetalben Pankajkumar Antala, hold Equity Shares in our Company and are therefore interested in our Company's performance and financial results, in addition to receiving remuneration (if any), sitting fees (where applicable), reimbursement of expenses and other benefits in their capacity as Directors and/or employees of our Company.

As shareholders, these Directors have a direct economic interest in the value of our Equity Shares and the profitability and growth of our Company. Accordingly, they may, from time to time, exercise the rights available to them as shareholders, including voting rights, in a manner that they believe is in their own commercial interests. While such interests are generally expected to be aligned with the interests of our Company, there can be no assurance that the decisions or actions taken by such Directors in their capacity as shareholders will always be consistent with, or result in, outcomes that are in the best interests of our Company or all of our shareholders, particularly minority shareholders.

Any actual or perceived conflict between the personal interests of such Directors and the interests of our Company could adversely affect corporate governance, decision-making processes, investor confidence and, consequently, our business, financial condition, results of operations and cash flows.

For further details relating to the shareholding of our Directors and transactions involving them, see the sections titled **"Our Management"** and **"Financial Statements as Restated – Related Party Transactions"** on pages 156 and 224, respectively.

47. The suspension, cancellation, non-renewal, or loss of our quality certifications, accreditations, approvals, or registrations may adversely affect our business, financial condition, results of operations, and future prospects.

Our business depends on maintaining various quality management certifications, statutory registrations, and other industry-specific approvals that demonstrate compliance with applicable quality, safety, and regulatory standards. Certain customers, particularly institutional and corporate customers, may require us to maintain such certifications and approvals as a pre-condition for awarding or continuing business.

Any suspension, cancellation, expiry without timely renewal, or failure to obtain or maintain such certifications, approvals, or registrations due to non-compliance with applicable standards, changes in regulatory requirements, deficiencies identified during audits, or any other reason beyond our control could adversely affect our ability to manufacture and supply our products, retain existing customers, secure new business opportunities, and compete effectively in the market. Such events may also result in reputational damage, cancellation or delay of customer orders, and additional costs incurred to restore compliance or obtain fresh certifications.

Further, there can be no assurance that we will be able to renew our existing certifications or obtain additional certifications that may be required in the future due to changes in customer requirements, industry standards, or applicable laws. Any such failure may materially and adversely affect our business operations, financial condition, cash flows, results of operations, and future prospects.

48. There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.

In accordance with SEBI (ICDR) Regulations, 2018, as amended, the appointment of a monitoring agency is mandatory only for issue sizes exceeding ₹ 5,000.00 lakhs. Consequently, we have not appointed any external monitoring agency to oversee the utilization of the Issue proceeds. Instead, our audit committee will be responsible for monitoring the utilization of the Issue proceeds as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. While the audit committee will review the utilization at regular intervals, there remains a risk of insufficient oversight compared to having an independent monitoring agency. Any material deviations in the utilization of Issue proceeds will be reported to the stock exchange and disclosed to the public, which could adversely affect investor confidence and the market perception of our company.

49. Our profitability depends on maintaining optimal capacity utilization, operational efficiency, and productivity levels. Any inability to do so could adversely affect our business, results of operations, cash flows, and financial condition.

Our profitability is dependent on the efficient utilization of our manufacturing facilities, machinery, workforce, and other operational resources. Maintaining optimal capacity utilization and productivity enables us to manage fixed costs effectively, improve operational efficiencies, and maintain competitive margins. Any decline in capacity utilization or productivity due to factors such as lower customer demand, delays in procurement of raw materials, equipment breakdowns, labour shortages, power interruptions, supply chain disruptions, production inefficiencies, or other operational challenges may increase our per-unit production costs and adversely affect our operating margins.

Further, underutilization of manufacturing capacity may result in an inability to adequately absorb fixed overheads, leading to reduced profitability and inefficient use of resources. Conversely, an unexpected increase in demand that exceeds our available production capacity may affect our ability to execute orders within agreed timelines, potentially resulting in customer dissatisfaction, loss of business opportunities, or additional capital expenditure requirements to expand capacity.

Our ability to sustain profitability depends on continuously improving operational efficiencies, optimizing production planning, maintaining high productivity levels, and effectively managing costs. Although we regularly monitor and seek to enhance our manufacturing processes and resource utilization, there can be no assurance that we will be able to maintain optimal utilization and productivity levels at all times. Any significant decline in operational efficiency or capacity utilization could have a material adverse effect on our business, results of operations, cash flows, and financial condition. The Company has not experienced any material adverse impact arising from underutilization of capacity or significant decline in productivity in the past. However, there can be no assurance that such circumstances will not arise in the future.

Issue Related Risks

50. QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid.

Pursuant to the SEBI (ICDR) Regulations, Qualified Institutional Buyers ("QIBs") and Non-Institutional Investors ("NIIs") are not permitted to withdraw or reduce their Bids (whether in terms of the number of Equity Shares or the Bid Amount) after submission of their Bids. Retail Individual Investors ("RIIs"), however, may revise their Bids during the Bid/Issue Period and are permitted to withdraw their Bids up to the Bid/Issue Closing Date. Although our Company is required to complete the Allotment of Equity Shares within six Working Days from the Bid/Issue Closing Date, unforeseen events or developments may occur during the period between the submission of a Bid and the completion of Allotment. Such events may include material adverse changes in domestic or international economic, financial, political, regulatory or market conditions, changes in monetary policy, or any material adverse developments affecting our business, operations, financial condition, cash flows or results of operations. Notwithstanding the occurrence of any such events, our Company may proceed with the Allotment in accordance with applicable law. Consequently, investors who are unable to withdraw or modify their Bids may be exposed to the risk that the market price of our Equity Shares could decline upon listing or that they may be unable to dispose of their Equity Shares at or above the Issue Price, which could result in a loss on their investment.

51. Our Equity Shares have never been publicly traded and may experience price and volume fluctuations following the completion of the Issue. Further, our Equity Shares may not result in an active or liquid market, and the price of our Equity Shares may be volatile, and you may be unable to resell your Equity Shares at or above the Issue Price or at all.

Prior to the Issue, there has been no public market for our Equity Shares, and there can be no assurance that an active or liquid trading market for our Equity Shares will develop or, if developed, will be sustained following the listing of the Equity Shares on the Stock Exchange. The listing and quotation of our Equity Shares do not guarantee the creation or maintenance of an active trading market. As a result, investors may not be able to sell their Equity Shares at the desired time or price, or at all, particularly if trading volumes remain limited.

The Issue Price of our Equity Shares has been determined by our Company, in consultation with the Book Running Lead Manager, through the Book Building Process and may not be indicative of the market price that will prevail after listing. Following the listing, the market price of our Equity Shares may fluctuate significantly due to a variety of factors, many of which are beyond our control. These factors include, among others, our financial performance and operating results, changes in investor expectations, actual or anticipated variations in our revenues, earnings or cash flows, developments affecting the industry in which we operate, general domestic and international economic, financial, political and market conditions, changes in monetary, fiscal or regulatory policies, fluctuations in the Indian and global securities markets, research analysts' reports or earnings estimates, and other events or factors affecting our business or the capital markets generally.

Any such fluctuations may result in significant volatility in the market price of our Equity Shares after listing, which could adversely affect the value of investors' investment and their ability to sell the Equity Shares at or above the Issue Price.

52. Future issuances of Equity Shares may dilute investors' shareholding, and existing shareholders may have limited ability to exercise pre-emptive rights under Indian law.

Under the Companies Act, 2013, existing equity shareholders of an Indian company are generally entitled to pre-emptive rights, which allow them to subscribe to a proportionate number of new equity shares offered by the company in order to maintain their percentage shareholding, unless such rights are validly excluded or waived in accordance with applicable law, including through the approval of shareholders by way of a special resolution, where required.

However, the ability of certain investors, particularly those residing outside India, to exercise such pre-emptive rights may be subject to the securities laws and regulatory requirements of the jurisdictions in which they are located. If the applicable laws of any such jurisdiction require our Company to file or register an offering document or satisfy other regulatory requirements before such investors can exercise their pre-emptive rights, and our Company does not undertake such filings or comply with such requirements, those investors may not be able to participate in the offering of additional Equity Shares.

In such circumstances, where permitted under applicable law, the entitlement to such Equity Shares may be dealt with in the manner prescribed under the Companies Act, 2013 and other applicable laws, including by the appointment of a custodian or other authorised person to dispose of such entitlements. There can be no assurance regarding the value realised from any such sale or the transaction costs associated with it. Consequently, if existing shareholders are unable to exercise their pre-emptive rights in future equity issuances, their percentage ownership in our Company may be diluted, which could reduce their proportionate voting rights and economic interest in our Company.

53. Shareholders may have fewer or different rights under Indian law than shareholders of companies incorporated in certain other jurisdictions.

Our Company is incorporated in India and is governed by the Companies Act, 2013, our Articles of Association and other applicable Indian laws and regulations. Accordingly, matters relating to our corporate governance, the composition and functioning of our Board of Directors, directors' fiduciary duties, responsibilities and liabilities, the conduct of corporate proceedings and the rights and remedies available to our shareholders are governed by Indian law. These rights, protections and procedures may differ from those applicable to companies incorporated in certain other jurisdictions.

As a result, investors may not enjoy the same rights, protections or remedies that are available to shareholders of companies incorporated in other jurisdictions. In addition, the procedures for enforcing shareholder rights or pursuing legal remedies against our Company, our directors or other stakeholders under Indian law may differ from those available in other countries and may, in certain circumstances, be more time-consuming or less extensive. Consequently, investors may face challenges in asserting or enforcing their rights as shareholders of an Indian company compared to shareholders of companies incorporated in certain other jurisdictions.

54. There can be no assurance that our Equity Shares will be listed on the Stock Exchange within the expected timeline or at all.

In accordance with applicable Indian laws, regulations and market practices, the listing and commencement of trading of our Equity Shares are subject to the completion of various post-Issue formalities, including the allotment of Equity Shares and the receipt of necessary approvals from the Stock Exchange and other relevant authorities. While our Company is required to complete the listing process within the timelines prescribed under applicable SEBI regulations, circulars and guidelines, including those relating to the UPI mechanism, there can be no assurance that all such requirements will be fulfilled within the anticipated timeframe.

Any delay in obtaining the requisite approvals, completion of post-Issue procedures, or satisfaction of regulatory requirements could result in a delay in the listing and commencement of trading of our Equity Shares. Furthermore, in certain circumstances, listing and trading approvals may not be granted at all. Any such delay or failure may adversely affect investors' ability to trade, transfer or otherwise realise value from their investment in our Equity Shares and could have a material adverse effect on the liquidity and marketability of the Equity Shares.

55. The requirements of being a listed company may strain our resources.

Following the listing of our Equity Shares, we will be subject to increased regulatory oversight and disclosure obligations applicable to listed companies in India. As an unlisted company, we have not historically been subject to the level of scrutiny from shareholders, stock exchanges, regulators, analysts and the investing public that is generally associated with being a listed company. Consequently, we will be required to comply with additional corporate governance, financial reporting, disclosure and compliance requirements prescribed under the SEBI Listing Regulations, the Companies Act, 2013 and other applicable laws.

As a listed company, we will be required to prepare and file periodic financial results, annual reports and other disclosures within prescribed timelines and establish and maintain robust disclosure controls, internal financial controls and corporate governance practices. Complying with these obligations will require significant management time, financial resources and administrative efforts. We may also need to strengthen our internal systems and processes and recruit or retain personnel with expertise in legal, finance, compliance and secretarial functions to ensure ongoing compliance with applicable regulatory requirements.

If we are unable to establish or maintain adequate internal controls, disclosure procedures or compliance systems, or if we fail to comply with our reporting and disclosure obligations in a timely manner, we may be subject to regulatory actions, penalties, fines or other enforcement measures. In addition, the diversion of management's attention and resources towards meeting these enhanced compliance requirements may reduce the time available for managing and growing our business, which could adversely affect our business operations, financial condition, cash flows, results of operations and future prospects.

56. Future issuances of Equity Shares or other equity-linked securities may dilute investors' shareholding, and sales of Equity Shares by significant shareholders may adversely affect the market price of our Equity Shares.

To support our future growth and expansion, whether through organic growth initiatives, acquisitions or other strategic investments, we may require additional capital and may raise such capital through the issuance of Equity Shares, convertible securities or other equity-linked instruments. Any such future issuances may dilute the ownership interest and voting rights of existing shareholders.

In addition, the issuance of Equity Shares pursuant to future fund-raising exercises, the conversion of convertible securities, the exercise of employee stock options or other equity-based incentives, if introduced in the future, or any other issuance of equity-linked securities may increase the number of Equity Shares in circulation and adversely affect the market price of our Equity Shares. We may also be required to undertake issuances of Equity Shares in the future to comply with applicable regulatory requirements, including the minimum public shareholding requirements applicable to listed companies in India.

Further, any actual or perceived sale, transfer, pledge, encumbrance or other disposal of a substantial number of our Equity Shares by our Promoters or other significant shareholders, or the market perception that such transactions may occur, could increase the supply of our Equity Shares in the market and adversely affect their prevailing market price. Such decline in the market price of our Equity Shares could reduce the value of investors' holdings and may adversely affect our ability to raise additional capital through future equity issuances on favourable terms or at all.

There can be no assurance that we will not undertake future issuances of Equity Shares or other equity-linked securities or that our Promoters or other significant shareholders will not sell, pledge, encumber or otherwise dispose of their Equity Shares, subject to applicable laws. Any such issuances, transactions or the perception thereof could adversely affect the market price of our Equity Shares and the value of investors' investment in our Company.

57. Investors will not be able to trade the Equity Shares allotted in the Issue until the requisite listing and trading approvals are obtained from the Stock Exchange.

The Equity Shares offered pursuant to the Issue are proposed to be listed on the Stock Exchange, subject to the receipt of the requisite listing and trading approvals and the fulfilment of applicable regulatory requirements. In accordance with applicable Indian laws, SEBI regulations and prevailing market practices, various procedural and regulatory actions, including the completion of the Allotment process and credit of the Equity Shares to the successful applicants' demat accounts, must be completed before trading in the Equity Shares can commence.

While we intend to complete these activities within the timelines prescribed under applicable law, there can be no assurance that the Equity Shares will be credited to the successful applicants' demat accounts or that trading in the Equity Shares will commence within the timelines indicated in this Prospectus or at all. Any delay in, or failure to obtain, the requisite listing and trading approvals may restrict or postpone investors' ability to trade or otherwise dispose of their Equity Shares, which could adversely affect the liquidity and value of their investment.

Further, in accordance with Section 40 of the Companies Act, 2013, if permission to list the Equity Shares is not granted by the Stock Exchange, our Company will be required to refund all application monies received from applicants within the time prescribed under applicable law. However, investors will not be able to trade the Equity Shares until the requisite listing and trading approvals have been obtained and the Equity Shares have been admitted to trading on the Stock Exchange.

58. Any changes in the regulatory framework could adversely affect our operations and growth prospects.

Our business is subject to extensive central, state and local laws, regulations, policies and governmental approvals that govern various aspects of our operations. For further details, see the section titled **"Key Industry Regulations and Policies"** beginning on page 143 of this Prospectus. Our business, financial condition, results of operations and future prospects may be adversely affected by any changes in applicable laws, regulations or government policies, including the enactment of new legislation, amendments to existing laws or regulations, changes in governmental policies, or changes in the interpretation, implementation or enforcement of existing legal and regulatory requirements.

In addition, the continued operation and expansion of our business may require us to obtain, renew or maintain various statutory registrations, licences, approvals, permits and consents from governmental and regulatory authorities. There can be no assurance that such approvals, renewals or permissions will be obtained or maintained in a timely manner, on commercially acceptable terms or at all. Further, if any regulatory authority determines that we are not in compliance with applicable laws or raises compliance-related issues in respect of our operations, we may be subject to regulatory actions, penalties, fines, suspension or cancellation of approvals, or other restrictions. Any such developments could materially and adversely affect our business operations, reputation, financial condition, cash flows, results of operations and future prospects.

59. Sales of Equity Shares by our Promoters or other significant shareholders, or the perception that such sales may occur, may adversely affect the market price of our Equity Shares.

Any actual or proposed sale, transfer, pledge, encumbrance or other disposal of a substantial number of Equity Shares by our Promoters or other significant shareholders, or the perception that any such transaction may occur, could increase the supply of our Equity Shares in the market and adversely affect the market price of our Equity Shares. Even in the absence of any actual sale, the market perception that our Promoters or other significant shareholders may dispose of a substantial portion of their shareholding could negatively impact investor confidence and result in a decline in the market price of our Equity Shares.

60. Changes in applicable laws, regulations or government policies, or the manner in which they are interpreted or enforced, could adversely affect our business, financial condition and results of operations.

Our business and the industry in which we operate are subject to various central, state and local laws, rules, regulations,

policies and governmental approvals. These legal and regulatory requirements may be amended, modified, withdrawn or interpreted differently by the relevant authorities from time to time. Any changes in applicable laws, regulations, government policies or the manner in which they are interpreted, implemented or enforced may require us to incur additional compliance costs, modify our business practices or obtain additional approvals, licences or registrations.

If we fail to comply with applicable legal or regulatory requirements, or if any adverse changes in the regulatory framework materially affect our business, we may be subject to inspections, regulatory actions, penalties, fines, suspension or cancellation of approvals, or other restrictions. Any such developments could disrupt our operations, increase our compliance costs and materially and adversely affect our business, financial condition, cash flows, results of operations and future prospects.

61. Changing regulations in India could lead to new compliance requirements that are uncertain. The regulatory environment in which we operate is evolving and is subject to change.

The Government of India may implement new laws or other regulations that could affect the manufacturing industry or the sectors we serve, which could lead to new compliance requirements. New compliance requirements could increase our costs or otherwise adversely affect our business, financial condition and results of operations. Further, the manner in which new requirements will be enforced or interpreted can lead to uncertainty in our operations and could adversely affect our operations. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations. Any such changes and the related uncertainties with respect to the implementation or change in the legal framework may have a material adverse effect on our business, financial condition and results of operations.

62. After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.

The price of the Equity Shares on the Stock Exchange may fluctuate as a result of the factors, including

a. Volatility in the Indian and global capital market;
b. Company's results of operations and financial performance;
c. Performance of Company's competitors,
d. Adverse media reports on Company or pertaining to our Industry;
e. Changes in our estimates of performance or recommendations by financial analysts;
f. Significant developments in India's economic and fiscal policies; and
g. Significant developments in India's environmental regulations.

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for the Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market after this Issue.

63. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue Price of our Equity Shares has been determined by book building method. This price is be based on numerous factors (For further information, please refer chapter titled "Basis for Issue Price" beginning on page 101 of this Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation. The following:

- ✓ Half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- ✓ Changes in revenue or earnings estimates or publication of research reports by analysts;
- ✓ Speculation in the press or investment community;
- ✓ General market conditions; and

- ✓ Domestic and international economic, legal and regulatory factors unrelated to our performance

EXTERNAL RISK FACTORS

64. Changes in applicable laws, regulations, government policies or their interpretation, implementation or enforcement may materially and adversely affect our business, financial condition, results of operations and future prospects.

Our business and the industry in which we operate are subject to various central, state and local laws, rules, regulations, policies and governmental approvals. These legal and regulatory requirements may be amended, modified, repealed or replaced from time to time, and their interpretation, implementation or enforcement may also change. Any such changes may require us to alter our business practices, obtain additional approvals, licences or registrations, or incur significant additional compliance and operating costs.

There can be no assurance that we will be able to comply with all existing or future legal and regulatory requirements at all times or adapt to such changes in a timely or cost-effective manner. Any failure to comply with applicable laws or regulatory requirements, or any adverse changes in the legal or regulatory framework governing our business, may result in inspections, regulatory actions, penalties, fines, suspension or cancellation of licences or approvals, or other restrictions on our operations. Any such developments could disrupt our business operations and materially and adversely affect our business, financial condition, cash flows, results of operations and future prospects.

65. Investors may be subject to Indian taxes arising out of income arising from distribution of dividend and sale of the Equity Shares.

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares held as investments in an Indian company are generally taxable in India. Any capital gain realized on the sale of listed equity shares on a Stock Exchange held for more than 12 months immediately preceding the date of transfer will be subject to long term capital gains in India at the specified rates depending on certain factors, such as whether the sale is undertaken on or off the Stock Exchanges, the quantum of gains and any available treaty relief. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of Securities Transaction Tax ("STT"), on the sale of any Equity Shares held for more than 12 months immediately preceding the date of transfer. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any capital gains realized on the sale of listed equity shares held for a period of 12 months or less immediately preceding the date of transfer will be subject to short term capital gains tax in India as well as STT.

In terms of the Finance Bill (No.2), 2024, with effect from July 24, 2024, taxes payable by an assessee on the capital gains arising from transfer of long-term capital assets (introduced as Section 112A of the Income-tax Act, 1961) shall be calculated on such long-term capital gains at the rate of 12.5%, where the long-term capital gains exceed ₹1,25,000. The stamp duty for transfer of certain securities, other than debentures, on a delivery basis is currently specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount.

Under the Finance Act 2020, any dividends paid by an Indian company will be subject to tax in the hands of the shareholders at applicable rates. Such taxes will be withheld by the Indian company paying dividends. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purpose of deducting tax at source pursuant to any corporate action including dividends. Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning Equity Shares. Unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.

66. Political instability, changes in government policies or adverse shifts in economic liberalization and regulatory reforms may materially and adversely affect the Indian economy and, consequently, our business, financial condition, results of operations and cash flows.

Our business and the market price of our Equity Shares are influenced by the overall political, economic and regulatory environment in India. The Government of India continues to play a significant role in the Indian economy through its fiscal, monetary, industrial, trade and regulatory policies. Consequently, changes in government priorities, legislation, taxation policies, investment regulations, infrastructure spending, interest rates or other economic measures may have a direct or indirect impact on our business operations and financial performance.

India has undertaken significant economic liberalization and regulatory reforms over the years to encourage economic growth and investment. However, there can be no assurance that such policies will continue in the future or that they will not be modified, withdrawn or implemented differently. Any reversal, slowdown or adverse change in economic reforms, deregulation measures, foreign investment policies or industry-specific regulations may adversely affect business sentiment, investment activity and economic growth in India.

Further, political instability, changes in government leadership, coalition dynamics, social unrest, public protests, regional conflicts or other political developments may create uncertainty in the business environment and adversely affect investor confidence. Such developments could result in delays in policy implementation, reduced infrastructure spending, lower private sector investments to economic activity.

Accordingly, any significant adverse changes in the political, economic or regulatory environment in India, including changes in liberalization and deregulation policies, could materially and adversely affect our business, financial condition, results of operations, cash flows, growth prospects and the market price and liquidity of our Equity Shares.

67. Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse effect on our business, financial condition and results of operations.

Taxes and other levies imposed by the Central or State Governments in India that affect our industry include custom duties on imports of raw materials and components, Goods and Service. These taxes and levies affect the cost and prices of our products and therefore demand for our product. An increase in any of these taxes or levies, or the imposition of new taxes or levies in the future, may have a material adverse effect on our business, profitability and financial condition.

68. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

69. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfer of shares between non- residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

70. The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion in its road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

71. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such

additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

72. Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.

India has experienced natural calamities such as earthquakes, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

73. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, Russia, Ukraine, Indonesia, Madrid, London and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

74. Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of salaries, and other expenses relevant to our business.

High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or increase our rates to pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected.

Further, the GOI has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

Details of the Market Making arrangement for this Issue

Our Company and the Lead Manager have entered into a tripartite agreement dated **October 21, 2026** with **Asnani Stock Brokers Private Limited,** the Market Maker for this Issue, duly registered with BSE SME to fulfill the obligations of Market Making:

The details of Market Maker set forth below:

Name	Asnani Stock Broker Private Limited
Address	103, Sindhi Colony, Pratap Nagar, Chittorgarh, Rajasthan- 312001
Contact No.	+91-9828100345
Email	kamal@asnanionline.com
Website	www.asnanionline.com
Contact Person	Mr. Kamal Asnani
SEBI Registration No.	INZ000190431

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the BSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.

2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of BSE SME and SEBI from time to time.

3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than₹1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.

4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.

5. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Offer Size. Any Equity Shares allotted to Market Maker under this Offer over and above 25% of Offer Size would not be taken into consideration of computing the threshold of 25% of Offer Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Offer Size, the Market Maker will resume providing 2-way quotes.

6. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.

7. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.

8. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.

9. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Market Maker(s) shall have the right to terminate said arrangement by giving a one month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the abovementioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further, our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our corporate office from 11.00 a.m. to 5.00 p.m. on working days.

10. **Risk containment measures and monitoring for Market Makers:** SME Platform of BSE will have all margins which are applicable on the BSE Main Board viz., Mark-to-Market, Value- At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.

11. **Punitive Action in case of default by Market Maker:** SME Platform of BSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non- compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

    The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/fines/ suspension for any type of misconduct/manipulation/ other irregularities by the Market Makers from time to time.

12. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:

The fund requirements mentioned above are based on internal management estimates of our Company and have not been

verified by the lead managers or appraised by any bank, financial institution or any other external agency. They are based on current circumstances of our business, and our Company may have to revise its estimates from time to time on account of various factors beyond its control, such as market conditions, competitive environment, cost of commodities and interest or exchange rate fluctuations. Consequently, the fund requirements of our Company are subject to revisions in the future at the discretion of the management. In the event of any shortfall of funds for the activities proposed to be financed out of the issue proceeds as stated above, our Company may re-allocate the issue proceeds to the activities where such shortfall has arisen, subject to compliance with applicable laws. Further, in case of a shortfall in the issue proceeds or cost overruns, our management may explore a range of options including utilizing our internal accruals or seeking debt financing.

To the extent our Company is unable to utilize any portion of the Net Proceeds towards the Object, as per the estimated schedule of deployment specified above; Our Company shall deploy the Net Proceeds in the subsequent quarter towards the Object. In case of variations in the actual utilisation of funds earmarked for the purpose set forth or shortfall in the Net Proceeds or delay in raising funds through the IPO, increased fund requirements for a particular purpose may be financed from our internal accruals and/ or debt financing, as required. If the actual utilisation towards any of the objects is lower than the proposed deployment, such balance will be used for funding other objects as mentioned above or towards general corporate purposes to the extent that the total amount to be utilised towards general corporate purposes will not exceed 15% of the Gross Proceeds or ₹ 1,000 lakhs whichever is less, from the Issue in accordance with the SEBI ICDR Regulations. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds. We further confirm that no part of the Issue Proceed shall be utilized for repayment of any part of outstanding unsecured loan as on date of filing of the Prospectus. For further details on the risks involved in our business plans and executing our business strategies, please see the section titled "Risk Factors" beginning on page no. 19.

FIRM ARRANGEMENTS

Since, the entire fund requirement of the objects detailed above are intended to be funded from the Net Proceeds. In view of the above, we confirm that the firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amounts to be raised through the proposed Issue is not applicable.

With the operations expanding, the company's trade receivable holding period improved, remaining stable at 40 days in both the Financial Year 2024-25 and the Financial Year 2025-26. As of September 30, 2026, the trade receivable holding period stood at 51 days. In the upcoming financial years, the company plans to maintain the Trade Receivable Holding Period and projects the Trade Receivable Holding Period to be 40 days in both the Financial Year 2026-27 and Financial Year 2027-28.
Short Term Loans	The holding period for short-term loans and advances was 1 day in the Financial

and Advances (In Days)	Year 2023-24 and increased to 16 days in the Financial Year 2024-25. This period lengthened further to 38 days in the Financial Year 2025-26, and stood at 30 days as of September 30, 2026. In the upcoming years, with the revenue projected to expand, the company projects that this holding period will optimize. Specifically, the Short-Term Loans and Advances holding period is projected to decrease to 28 days in Financial Year 2026-27 and further reduce to 20 days in Financial Year 2027-28.
Other Current Assets	The other current assets of the company comprise statutory receivables. The company's other current asset holding period was 1 day in the Financial Year 2023-24 and 2 days in the Financial Year 2024-25. This increased to 3 days in the Financial Year 2025-26, and stood at 2 days as of September 30, 2026. In the upcoming years with the Revenue projected to expand the company projects that the Other Current Holding Period will optimize. The Holding period is projected to increase to 4 days in the Financial Year 2026-27 and 5 days in the Financial Year 2027-28.
Current Liability	
Trade Payable	In the Financial Year 2023-24, the company had a trade payable holding period of 57 days. This decreased to 46 days in both the Financial Year 2024-25 and the Financial Year 2025-26, and stood at 63 days as of September 30, 2026. Further the company plans to optimize this Trade Payables holding period by making prompt and early payments to its vendors. The Trade Payable Holding Period is projected to decrease to 20 days in the Financial Year 2026-27 and 15 days in the Financial Year 2027-28.
Other Current Liabilities	The holding period for other current liabilities remained steady at 2 days across the Financial Years 2023-24, 2024-25, and 2025-26, and stood at 3 days as of September 30, 2026. In the upcoming years the company expects a similar Holding Period as in the previous Financial Years. The projected Holding Period of Other Current Liabilities in the Financial Year 2026-27 is 2 days and in the Financial Year 2027-28 is 1 day.

Justification of increase in working capital requirement:

The company has been experiencing growth in its revenue over the past few Financial Years and the company anticipates a further growth in its revenue in the upcoming financial years. In order to support such growth in Revenue the company requires an increased working capital. The company requires an increased working capital to support is day-to-day operations as well as the company's expansion requirement. With the company also making capital investment it will require more working capital in order to fulfil the operational expansion.

One of the major reasons for the company's increased working capital requirement is its higher inventory base. The company's inventory majorly includes raw materials such as PP Granules, BOPP Film and Fabric Rolls. The company manufactures finished goods only as and when orders are received, and does not maintain a large stock of ready finished products. To fulfil customer orders and demand on time, the company will need to maintain a higher base of raw materials at all times. With the expected increase in demand going forward, the company will have to ensure it has sufficient raw materials available at the time orders are received, so that production and delivery are not delayed. Thus, a higher amount of working capital will remain blocked in the company's inventory, thereby increasing its overall working capital requirement.

Another reason for an increased working capital requirement is the proportionate increase in amount of the Trade Receivables in line with the increased revenue and operations. Although company has maintained the Trade Receivable holding period, however the absolute amount of Trade Receivables will increase along with the increased revenue and thus a significant amount of the working capital will be blocked in its Trade Receivables.

In the upcoming years the company is planning to make quick and prompt payments to its Trade Payables. Also, the company plans to make advance payment to suppliers during times where the price for the procurement of the raw materials is cheap. This plan of the company to make quick and prompt payments and when require make advances to suppliers will help the company in getting price advantages and discounts available due to early payments. This strategy

of the company will require larger working capital and thus the working capital requirement of the company increases.

Thus in conclusion, the company's requirement to maintain a higher inventory base and an proportionate increase in the Trade Receivables will mean that the company's working capital will remain blocked in this assets. With the majority of the Working Capital being blocked in its Inventory and Trade receivables the company will require an even higher base of working capital in order to make advance payments and quick and prompt payments to its suppliers. Thus in total all this factors will increase the company's overall working capital requirement.

Pursuant to the certificate dated October 16, 2026, M/s Sunit Chhatbar & Co., Chartered Accountants, have verified the working capital requirements for period ended September 30, 2026 and the financial ended on March 31, 2026, 2025 and 2024 from the Restated Financial Information vide UDIN: 26166095PJHBIR8735, as approved by the Board pursuant to its resolution dated October 21, 2026.

Notes:

1. *The quotations referred to above have been obtained solely for the purpose of estimating the proposed capital expenditure under the "Objects of the Issue". We have not placed any purchase orders or entered into any binding arrangements with the respective vendors. Accordingly, the actual procurement cost, selected vendor and final commercial terms may vary based on the most competitive offers available at the time of procurement.*

2. *In order to determine the estimated cost of the proposed machinery, we obtained quotations from multiple vendors to evaluate pricing, technical specifications and other commercial parameters. The quotations presented above represent the most favourable offers received by us based on our evaluation. None of the vendors from whom these quotations have been obtained are related to our Promoters, members of our Promoter Group, Directors or Key Managerial Personnel.*

3. *The quotations received from the above-mentioned vendors were valid as on the date of this Prospectus. However, we have not executed any definitive agreements with such vendors and there can be no assurance that the same vendors will ultimately supply the machinery or that the procurement will be completed at the quoted prices. Accordingly, the quotations obtained by us are valid for six months and, where required, shall be updated at the time of filing the Prospectus.*

4. *The proposed machinery and the quantities to be procured are based on the current assessment and operational requirements of our management. At the time of actual procurement, our management may revise these estimates, including changing vendors or modifying the quantity, specifications or configuration of the machinery, depending upon business requirements and commercial considerations. Any savings arising from the actual procurement may be utilised towards the purchase of additional machinery, equipment or related capital assets forming part of the proposed project. In the event any surplus from the Issue Proceeds remains after meeting the total cost of the proposed capital expenditure, such surplus shall be utilised for our General Corporate Purposes, subject to the limits prescribed under the SEBI ICDR Regulations.*

5. *We do not propose to acquire any second-hand or refurbished machinery from the Issue Proceeds. All machinery proposed to be procured will be new.*

6. *We do not propose to expand our manufacturing facility and the proposed machineries will be used in the existing manufacturing facilities of the company.*

7. *The estimated cost of the proposed machinery is based on the quotations currently available with us. Since these quotations are valid only for a limited period, they may expire prior to the actual placement of purchase orders. Consequently, the final procurement cost may increase due to changes in market prices, foreign exchange fluctuations (where applicable), freight and transportation costs, installation and commissioning charges, packaging and forwarding expenses, customs duties, taxes or other incidental costs. Any increase in the project cost over and above the estimated amount proposed to be funded from the Issue Proceeds shall be met by our Company from internal accruals or other permissible sources of financing.*

Rationale for procuring the machines

Name of Machineries	tionale of procuring the machines
Fabric Cutting and Stitching Machine	Our Company proposes to utilize a portion of the Net Proceeds towards the acquisition of one Cutting and Stitching Machine at an estimated cost of ₹ 21.45 Lakhs, including the cost of procurement and installation and applicable taxes, as the case may be. The proposed machine will be used in cutting fabric into specified dimensions and stitching it into finished products. The acquisition is expected to enhance our manufacturing capacity, improve production efficiency, reduce processing time and facilitate timely execution of customer orders. The additional capacity is expected to enable our Company to cater to increasing customer demand and support growth in revenue through higher production volumes.
Gusseting, Cutting and Stitching Machine	Our Company proposes to utilize a portion of the Net Proceeds towards the acquisition of one Gusseting, Cutting and Stitching Machine at an estimated cost of ₹ 23.65 Lakhs, including the cost of procurement, transportation, installation and applicable taxes, as the case may be. The proposed machine will be used for manufacturing BOPP product and PP woven product of various sizes and specifications. By integrating the gusseting, cutting and stitching processes, the machine is expected to improve manufacturing efficiency, reduce production cycle time and enhance product consistency. The acquisition will also enable our Company to cater to a wider range of customer requirements and increase production of value-added packaging products, thereby supporting future revenue growth.
Inspection Machine	Our Company proposes to utilize a portion of the Net Proceeds towards

	the acquisition of one Inspection Machine at an estimated cost of ₹ 42.50 Lakhs, including the cost of procurement, transportation, installation and applicable taxes, as the case may be. The proposed machine will be used to ensure that the finished products conform to the required quality standards and customer specifications. The acquisition is expected to improve quality control, reduce product rejection and minimise rework and material wastage. Enhanced quality assurance is expected to strengthen customer satisfaction, improve operational efficiency and support repeat business, thereby contributing to sustainable revenue growth.
Lamination Machine	Our Company proposes to utilize a portion of the Net Proceeds towards the acquisition of one Lamination Machine at an estimated cost of ₹ 106.50 Lakhs, including the cost of procurement, transportation, installation and applicable taxes, as the case may be. The proposed machine will be used in laminating BOPP film onto woven fabric, thereby improving the strength, durability, moisture resistance and appearance of the finished products. The acquisition is expected to increase our in-house lamination capacity, improve manufacturing efficiency and enable our Company to cater to increasing demand for value-added packaging solutions. This is expected to support higher production volumes and contribute to revenue growth.
Printing Machine	Our Company proposes to utilize a portion of the Net Proceeds towards the acquisition of one Printing Machine at an estimated cost of ₹ 395.00 Lakhs, including the cost of procurement, transportation, installation and applicable taxes, as the case may be. The proposed machine will be used to offer high-quality branded and customized packaging solutions to its customers. The acquisition is expected to enhance printing quality, improve production capacity and facilitate efficient execution of customer orders. The enhanced printing capability is expected to strengthen our product offerings, expand our customer base and support increased sales by enabling us to cater to a wider range of packaging requirements.

3. GENERAL CORPORATE PURPOSE

Our Company proposes to deploy the balance proceeds, aggregating to ₹318.59 lakhs, towards general corporate purposes as approved by our management from time to time, subject to such utilisation not exceeding 15% of the gross proceeds or ₹1,000 lakhs whichever is lower, in compliance with the SEBI ICDR Regulations. The general corporate purposes for which our Company proposes to utilise net proceeds include, business development initiatives, meeting any expense including salaries, rent, administration costs, insurance premiums, repairs and maintenance, payment of taxes and duties, and similar other expenses incurred in the ordinary course of our business or towards any exigencies. The quantum of utilisation of funds towards each of the above purposes will be determined by our board, based on the amount actually available under this head and the business requirements of our Company, from time to time, subject to compliance with applicable law.

In addition to the above, our Company may utilise the net proceeds towards other purposes considered expedient and as approved periodically by our board, subject to compliance with necessary provisions of the Companies Act. Our Company's management shall have flexibility in utilizing surplus amounts, if any. Our management will have the discretion to revise our business plan from time to time and consequently our funding requirement and deployment of funds may change. This may also include rescheduling the proposed utilization of net proceeds. Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. In the event that we are unable to utilize the entire amount that we have currently estimated for use out of net proceeds in a financial year, we will utilize such unutilized amount in the subsequent financial years.

GLOBAL ECONOMY OUTLOOK

So Far, So Resilient

Global growth is projected to be 3.0 percent in 2026 and 3.4 percent in 2027, down from the average of 3.5 percent observed in 2024–25 and broadly unchanged on a cumulative basis compared with the forecasts in the April 2026 World Economic Outlook (WEO). The modest slowdown reflects the effects of the war in the Middle East being partly offset by accelerated demand-driven momentum in the global technology cycle thanks to advances in artificial intelligence (AI) and its adoption. The impact varies widely based on countries' exposure to the war and position in the technology value chain. Energy exporters outside the conflict zone benefit from favorable terms of trade, whereas economies plugged into the technology-led upturn experience stronger activity even if they are energy importers. In contrast, activity weakens for energy importers with limited participation in the technology value chain, a group that includes many low-income countries. Global headline inflation is expected to increase from 4.1 percent in 2025 to 4.7 percent in 2026 before declining to 3.9 percent in 2027. Slightly revised upward from April, these projections indicate that the disinflation trend in place since the beginning of 2024 has stalled.

Risks to the outlook are more balanced than in April but still tilted to the downside. The possibility of renewed Middle East conflict looms large and could extend commodity price volatility, further threaten supply chains, raise prices, and weigh on financial conditions. Trade fragmentation could accelerate, possibly hurting output and increasing prices. A possible correction in technology-driven expectations adds to the downside risks, whereas eroded policy buffers can amplify those risks. Upside risks stem from a swifter-than-expected normalization in energy markets, stronger-than-expected technology investment, a revival of durable cooperation that lowers trade barriers, and structural reform that raises medium-term growth. Policy priorities are restoring price stability, supported by clear communication, central bank independence, and strong financial oversight, while rebuilding fiscal buffers and using fiscal tools sparingly through temporary, targeted support that preserves price signals. Structural reforms are needed to promote energy security, AI readiness, domestic rebalancing, and international cooperation should be strengthened to relieve the strain of ongoing tensions. Global economic activity and the outlook are being shaped by two major forces, pushing in opposite directions with asymmetric effects across countries. First is the negative supply shock induced by the war in the Middle East. Second is the ongoing positive technology shock manifesting in accelerated momentum of the global technology cycle, in no small part driven by advances in and deployment of artificial intelligence (AI) tools.

Note: "Discrepancy" captures measurement and estimation errors. The "Jan.-Feb." bar indicates that in those months production was on average 2 million barrels per day above consumption. Seasonal factors are embedded in the estimation of changes. Some data are preliminary and subject to change. OECD = Organisation for Economic Co-operation and Development.

The global economy as a whole has, so far, weathered the shock from the war better than feared. Movements in and repercussions from the main channels of transmission—commodity prices, inflation expectations, and financial conditions—have been relatively limited. However, transmission is still in the early stages—commercial and strategic destocking have provided temporary relief from reduced energy flows, whereas forward-looking indicators such as

supplychain pressure and manufacturing purchasing managers' indices point to softer momentum ahead—and some countries are experiencing more strain than others.Commodity prices are still elevated, but ceasefires and a memorandum of understanding between Iran and the United States have cooled prices from their April 2026 peaks, in part by justifying adjustment in inventories to tackle what are perceived to be temporary shortfalls. Energy prices are roughly 25 percent higher than prewar levels. The oil futures curve is in backwardation—higher spot prices than futures—through the end of 2026, in line with supply disruptions and heightened geopolitical risk. Even so, the curve implies an average petroleum spot price index of $78 per barrel for 2026, compared with the $82 per barrel assumed under the reference forecast in the April 2026 World Economic Outlook (WEO) and $100 per barrel assumed under the April adverse scenario. The relatively muted increase in global oil prices reflects the fact that part of the decrease in oil flows through the Strait of Hormuz has been compensated for by a drawdown of inventories, containing the need for oil consumption and production to adjust through prices (Figure 1). That said, the global picture blurs glaring differences across countries: Even though oil markets are globally connected and generally track price benchmarks such as Brent, Dubai, and West Texas Intermediate, countries routinely pay different prices for their imports, reflecting oil type, geographic distance from the source, ability to secure long-term government-to-government deals, and sanctions, and pass-through to retail gasoline prices varies depending on taxes, subsidies, and market regulation. As a result of this plethora of factors, since the onset of the war, retail gasoline prices have risen by 30 percent in emerging Asia and by only 15 percent in Latin America. The market for natural gas tends to be less globally connected, reflected by liquefied natural gas prices climbing by about 50 percent in Asia and 25 percent in Europe since the war started, whereas US Henry Hub prices have increased by only about 10 percent.

Figure 2. Inflation Expectations Rise, but Mostly in the Short Term
(Density)

Inflation and inflation expectations have risen, but there is little evidence of de-anchoring thus far. Driven by surging energy prices, global headline inflation rose for a third month in a row year over year in May, breaking the downward trend that has been in place since the beginning of 2024. Sequential headline inflation jumped by almost 4 percentage points between February and April (at a seasonally adjusted annualized rate), even as core inflation has remained relatively stable to date in most countries. The discrepancy between headline and core inflation has been wider in countries that had more slack and narrower in countries that put in place measures to cap fuel prices. Elevated energy prices and higher headline inflation readings have stoked inflation expectations for 2026 across countries, whereas expectations for 2027 have moved much less (Figure 2). The variation across countries is considerable, however, and in some cases household expectations have reacted more.

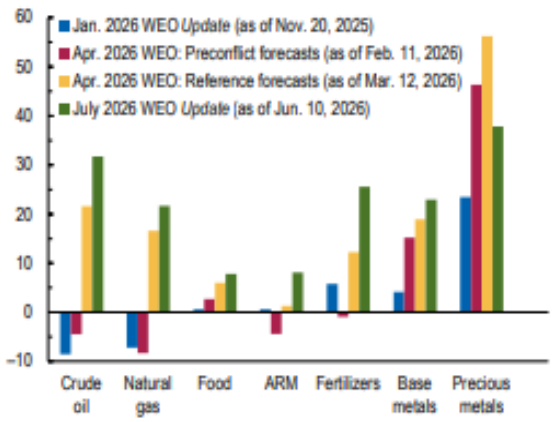

Global financial conditions have eased since their peaks in early April and continue to be accommodative by historical standards (Box 1). The easing trend has been accompanied by bouts of volatility, and markets are pricing in higher nominal policy rates in response to the reappearance of inflationary pressures. This, along with other factors, has raised long-term sovereign yields, again with variation across countries.

On the back of these developments, global growth in the first quarter of 2026 turned out to be stronger than expected, slowing from 3.8 percent in the fourth quarter of 2025 to 3.0 percent on a quarter-over-quarter annualized basis, instead of the 2.7 percent forecast in the April 2026 WEO. Part of this can be explained by the steady increase in the share of renewable energy in global energy production and the fact that many economies are less energy intensive than they were even just a few years ago (see Chapter 3 of October 2025 WEO), making them more resilient than expected to higher energy prices. Fiscal support and robust domestic demand in some countries are a contributing factor as well. That said, much of the positive surprise was concentrated in a few economies that are well integrated into the global technology value chain, even though some of these economies also had exposure to commodity market disruptions originating from the war: For instance, the top four net exporters of AI-related hardware (Taiwan Province of China, Korea, Thailand, and Malaysia) had an average seasonally adjusted annualized surprise of 4.4 percentage points, whereas the surprise for the world's remaining countries was –0.3 percentage point. Korea, despite its heavy reliance on imported energy from the

Middle East, surprised with a 7.5 percent growth rate, more than four times the 1.8 percent projected in April, powered primarily by a semiconductor and AI-hardware export boom. China's economy expanded faster than expected at 8.1 percent (based on the IMF staff's seasonally adjusted estimates), with the expansion driven by front-loaded public infrastructure investment and a surge in high-tech manufacturing and in exports, even as domestic consumption remained soft. Japan's economy grew by 1.8 percent, also beating expectations, with a strong contribution from net trade and exports and a pickup in private consumption. In Germany, GDP expanded by 1.4 percent, twice the April 2026 WEO projection of 0.7 percent, driven by net exports. In the United States, GDP increased at an annualized rate of 2.1 percent in the first quarter of 2026, slower than the 2.5 percent projected in April, but still a solid pace. Business investment in equipment and intellectual property products acted as a strong growth engine against a surge in imports and a softening in consumer spending and added to a rebound in government spending relative to the previous quarter, following the end of the federal government shutdown.

IMF staff projections assume that the reopening of the Strait of Hormuz begins in mid-July, with conditions broadly returning to the prewar state of affairs by March 2027. Severe shortages would generally be avoided through further drawdown of inventories, but shortages are assumed to arise in some emerging market and developing economies that do not have stocks available and face strong competition from wealthier counterparts for available cargoes. Commodity price projections are based on market pricing as of June 10, which is consistent with the assumption on the timeline regarding the war.

Figure 3. Commodity Price Assumptions Are Revised Up
(Percent)

Source: IMF staff calculations.
Note: Bars show 2026 growth rates over previous years for different commodities at different points in time. ARM = agricultural raw materials; WEO = *World Economic Outlook*.

Energy prices are projected to remain higher than they were before the war: The average petroleum spot price index is projected at $89 per barrel, 9 percent higher than assumed under the reference forecast in the April 2026 WEO, and natural gas prices (based on Dutch Title Transfer Facility futures) at $15, 5 percent higher than the April reference forecast price. This corresponds to an increase of 32 percent in crude oil prices and 22 percent in natural gas prices in 2026, relative to 2025 (Figure 3). Fertilizer prices are projected to rise by 26 percent. Reflecting higher energy and fertilizer costs and more expensive transport, food prices are expected to increase by 8 percent. The prices paid for commodities in various countries may deviate from global benchmarks.

Monetary policy is expected to be less supportive, given visible inflationary pressures combined with a relatively muted slowdown in activity. Policy rates in the euro area and the United States are assumed to be held largely steady in ex-ante real terms, whereas the policy rate in Japan is expected to gradually move toward a neutral setting. Fiscal policy in advanced economies is expected to be broadly neutral in 2026 before tightening later. In emerging market and developing economies, fiscal policy is expected to tighten gradually. Current trade policies are assumed to be maintained through the forecast horizon, including measures presented as temporary. Both the effective US tariff rate underlying the forecast and the effective tariff rate imposed by the rest of the world on US imports are broadly the same as in the April 2026 WEO.

Policy and geopolitical uncertainty are assumed to remain elevated through 2027. The AIdriven global technology cycle is assumed to moderate, and there is no exogenous boost to productivity growth.

Based on these assumptions, global growth is projected to slow to 3.0 percent in 2026 before recovering to 3.4 percent in 2027 (Table 1 and Annex Table 1). The broadly unchanged cumulative overall picture compared with the April 2026 WEO conceals substantial crosscountry variation, with upgrades for some energy exporters and economies that are closely integrated into the global technology value chain—even for those dependent on the Strait of Hormuz for their energy needs—and downgrades for commodity importers that are not well positioned to benefit from AI-driven activity (Figure 4). World trade volume growth is projected to slow sharply from 5.0 percent in 2025 to 3.5 percent in 2026 before recovering to 4.3 percent in 2027. These dynamics reflect earlier front-loading and the drag from tariffs as well as the gradual adjustment of trade linkages and production chains through, among other things, trade diversion and rerouting and the brisk growth of technology-related trade flows.

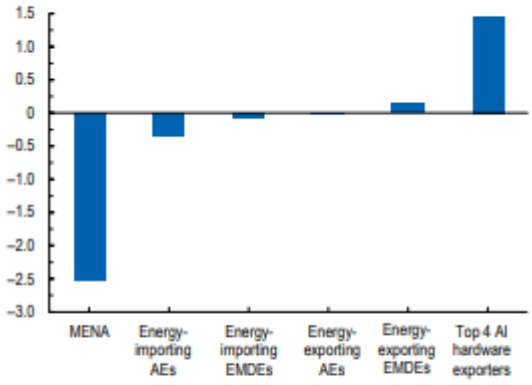

Growth in advanced economies is projected at 1.7 percent in 2026 and 1.8 percent in 2027. Outcomes remain uneven within the group: Net energy exporters are partly cushioned by favorable terms-of-trade effects, whereas net energy importers experience a more pronounced drag from higher energy prices unless they are lifted by technology-related activity. In the United States, growth is projected at 2.3 percent in 2026 and 2.2 percent in 2027, virtually unchanged from

April. Activity is supported by fiscal policy, accommodative financial conditions, and continued technology-related business investment and productivity strength, with only limited impact from the war given the country's net energy exporter status. In the euro area, growth is projected at 0.9 percent in 2026 and 1.2 percent in 2027. The forecast for 2026 is 0.2 percentage point lower than in the April WEO, reflecting a sizable negative carryover from the first quarter, which is driven largely by Ireland but also indicative of soft momentum elsewhere, as well as the drag from higher energy prices—notwithstanding some fiscal cushioning measures—and weak consumer confidence. In the United Kingdom, growth is projected to fall to 1.0 percent in 2026 before recovering to 1.3 percent in 2027 as the energy shock fades. Growth in Japan is projected to slow to 0.6 percent in 2026, with fiscal support measures partly cushioning the impact from higher energy prices, and recover slightly to 0.7 percent in 2027 as the energy shock dissipates. In Korea, growth is expected to rise to 2.6 percent in 2026 and 2.5 percent in 2027, buoyed by strong external demand for semiconductors, which dominates the negative impact of the war. In Canada, growth is expected to ease to 1.1 percent in 2026 and rise to 1.7 percent in 2027, as slower population growth, weak investment, and trade uncertainty are only partly offset by terms-of-trade gains and still-resilient consumption. Stronger 2027 growth depends on effective policy implementation and a firmer private investment response.

In the Middle East and Central Asia, growth is projected to drop sharply to 0.7 percent in 2026 before rebounding to 6.5 percent in 2027. This is a downward revision of 1.2 percentage point for 2026 and an upward revision of 1.9 percentage points for 2027, consistent with a longer closure of the Strait of Hormuz compared with the assumptions in the April WEO and a corresponding larger rebound. Iraq, Kuwait, and Qatar—commodity producers most affected by disruptions to energy output and transport—are projected to experience sharp contractions of their economies in 2026, followed by double-digit expansions in 2027. Saudi Arabia is somewhat less affected, as an economy with more diversified export routes, with growth forecasts of 1.7 percent in 2026 and 5.5 percent in 2027. Growth in Iran in 2026 is revised upward by 0.7 percentage point, relative to April, to –5.4 percent, reflecting a better outturn for oil exports in March and April and some relaxation of the restrictions on the country's exports, and downward by 0.3 percentage point for 2027 because of the less pronounced contraction in the previous year. Commodity importers in the Middle East and North Africa are expected to remain relatively resilient to the negative terms-of-trade shock from higher energy and food prices, while countries in the Caucasus and Central Asia continue to experience favorable growth tailwinds. Growth in sub-Saharan Africa is expected to remain broadly stable at 4.3 percent in 2026, though this masks substantial divergence across countries, reflecting differences in policy space, reform implementation, and exposure to external shocks. Oil-importing, non-resource-intensive economies are more adversely affected by higher energy and food prices, whereas some larger economies continue to benefit from earlier stabilization and reform efforts, even though they are largely absent from the AI-driven global technology upswing and face headwinds from the decline in official development assistance. Nigeria is supported by improved macroeconomic stability and favorable terms-of-trade effects, though higher prices for essentials are expected to further aggravate poverty and food insecurity. South Africa's growth outlook is expected to remain stable in the near term and continue to improve on the back of strengthened policy frameworks and ongoing structural reforms. Growth in the rest of the region is expected to slow markedly from 5.6 percent in 2025 to 5.2 percent in 2026 and 2027. In Latin America and the Caribbean, growth is projected to be stable at 2.4 percent in 2026 and to pick up modestly to 2.7 percent in 2027, with heterogeneous dynamics across countries. Growth in Brazil is expected to remain resilient in 2026 but to slow somewhat next year. In Mexico, growth is projected to accelerate modestly amid less restrictive domestic policies, but uncertainty will continue to constrain activity. In emerging and developing Europe, growth is expected to remain restrained at about 2.0 percent. Stronger export revenues, in part because of higher commodity prices, provide partial relief to the economy in Russia, maintaining a growth rate of 1.1 percent. The outlook for energyintensive economies and those that depend on fossil fuel imports is challenging, although the headwinds from higher energy prices are partly offset by tailwinds from increased defense spending. Global inflation is expected to pause its steady decline. Headline inflation is projected to rise from 4.1 percent in 2025 to 4.7 percent in 2026 before easing to 3.9 percent in 2027, with the increase for 2026 driven mainly by higher energy and food prices. The forecast for 2026 is revised upward by 0.3 percentage point from the April 2026 WEO, whereas that for 2027 is revised upward by 0.2 percentage point. Inflation dynamics are expected to remain uneven across countries, reflecting differences in exchange rate pass-through, the persistence of services price inflation, labor market conditions, and the growing importance of country-specific factors. Core inflation is expected to return to target only gradually in several major economies: by mid-2027 in the United Kingdom, by the end of 2027 in Japan and the United States, and only in 2028 in the euro area.

INDIAN ECONOMY OUTLOOK

India's economic momentum remains strong, underpinned by resilient domestic demand and sustained macroeconomic stability. In FY 2025–26, Real GDP (GDP at Constant Prices) is estimated to reach Rs. 3,22,58,000 crore, rising from Rs. 2,99,89,000 crore in FY 2024–25, reflecting a robust growth of 7.6%. At current prices, Nominal GDP is projected to reach Rs. 3,45,47,000 crore (US$ 3.91 trillion) in FY 2025–26, from Rs. 3,18,07,000 crore (US$ 3.60 trillion) in the previous year, registering a growth of 8.6%. On the production side, Real Gross Value Added (GVA) is estimated at Rs. 2,94,40,000 crore, up from Rs. 2,73,36,000 crore in FY 2024–25, indicating a growth of 7.7%, while Nominal GVA is expected to expand to Rs. 3,13,61,000 crore (US$ 3.55 trillion) from Rs. 2,88,54,000 crore (US$ 3.26 trillion), marking a growth of 8.7%. In Q3 FY26, Real GDP is estimated at Rs. 84,54,000 crores against Rs. 78,41,000 crores in Q3 FY25, while Nominal GDP rose to Rs. 90,91,000 crores from Rs. 83,46,000 crores, showing continued quarterly momentum. Collectively, these trends highlight India's position as one of the fastest-growing major economies, supported by broad-based expansion across sectors.

MARKET OVERVIEW

India is home to 126 unicorns, with six new startups achieving unicorn status in 2025.

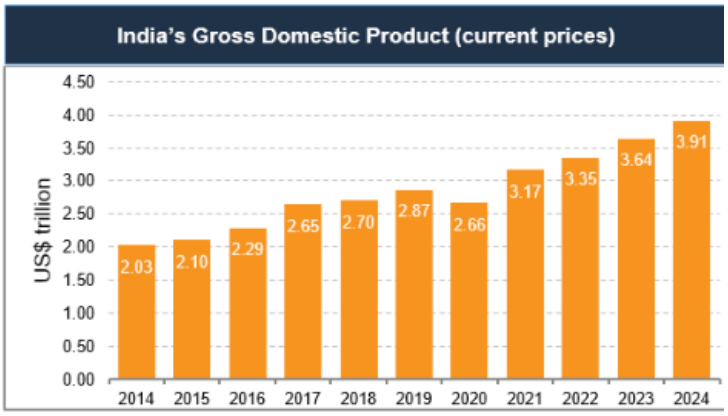

India's current account deficit widened in Q3 FY 2025–26 (October–December), primarily due to a higher merchandise trade deficit.

The deficit stood at Rs. 1.18 lakh crore (US$ 13.2 billion), compared with Rs. 0.95 lakh crore (US$ 11.3 billion) in the same quarter last year.

The merchandise trade deficit increased to Rs. 8.34 lakh crore (US$ 93.6 billion) from Rs. 6.70 lakh crore (US$ 79.3 billion) in Q3 FY25, while the services surplus improved to Rs. 5.12 lakh crore (US$ 57.5 billion) from Rs. 4.32 lakh crore (US$ 51.2 billion) during the same period.

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With India's economy showing resilient growth, supported by strong domestic demand, policy reforms, and a healthy investment pipeline, several new projects and developments are underway across key sectors. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- On the FDI front, according to the Department for Promotion of Industry and Internal Trade (DPIIT), India's cumulative FDI inflow stood at US$ 1.14 trillion between April 2000-December 2025; with major share of FDI equity inflow, coming from Singapore at Rs. 13,72,320 crore (US$ 192.53 billion) with a total share of 25%, followed by Mauritius at Rs. 11,34,884 crore (US$ 185.02 billion) with 24%, the USA at Rs. 5,60,990 crore (US$ 78.45 billion) with 10%, the Netherlands at Rs. 3,82,995 crore (US$ 55.60 billion) with 7%, and Japan at Rs. 3,11,507 crore (US$ 47.59 billion) with 6%.

- As of March 27, 2026, India's foreign exchange reserves stood at Rs. 65,20,745 crore (US$ 688.05 billion).

- In Q1 CY2026 (January–March), India recorded 316 Private Equity (PE)–Venture Capital (VC) deals valued at Rs. 82,660 crore (US$ 9.1 billion), reflecting continued investor participation despite global geopolitical uncertainties and temporary supply chain disruptions linked to the ongoing West Asia conflict. In Q1 CY2025, PE-VC investments

stood at Rs. 1,01,320 crore (US$ 11.7 billion), highlighting the strong base of investment activity in the previous year. In March 2026 alone, investments were valued at Rs. 35,310 crore (US$ 3.8 billion), compared with Rs. 40,660 crore (US$ 4.7 billion) in March 2025.

- During FY 2025–26, Foreign Portfolio Investor (FPI) activity in India reflected portfolio rebalancing and selective capital allocation across asset classes amid evolving global market conditions. While investors adopted a calibrated approach towards equity markets, debt instruments continued to attract strong inflows of Rs. 25,807 crore (US$ 2.92 billion), supported by stable macroeconomic fundamentals, policy continuity and India's improving bond market attractiveness. FPIs also channelled Rs. 2,699 crore (US$ 0.31 billion) into mutual fund schemes, indicating sustained preference for diversified and professionally managed market exposure. Alternative Investment Funds (AIFs) also recorded inflows, while cumulative FPI investments in India stood at Rs. 14,84,403 crore (US$ 168.00 billion) by the end of FY 2025–26, underlining long-term foreign investor confidence in India's growth story. Domestic Institutional Investors (DIIs) continued to play a stabilising role in the equity cash market during FY 2025–26 (April–December 2025), recording net purchases of around Rs. 5.99 lakh crore (US$ 66.55 billion), with strong participation from mutual funds, insurance companies and pension funds supporting market resilience.

- India's manufacturing sector remained in expansionary territory in March 2026, with the seasonally adjusted HSBC India Manufacturing Purchasing Managers' Index (PMI) at 53.9, following a strong 56.9 in February 2026. The index continued to stay above the neutral 50-mark, reflecting sustained growth in overall business conditions and healthy momentum across the manufacturing sector. New orders and output continued to rise, supported by steady domestic demand and inventory building, while firms also increased employment and input purchases to strengthen contingency stocks.

- India's consumer price inflation remained well-anchored in March 2026, reflecting a stable price environment across the economy. Headline inflation, based on the All-India Consumer Price Index (CPI), stood at 3.40% year-on-year, compared with 3.21% in February 2026, indicating manageable price pressures across both rural and urban regions. Rural inflation was recorded at 3.63%, while urban inflation stood at 3.11% during the month.

- India's GST collections continued to demonstrate strong revenue resilience, supported by steady economic activity and improved compliance levels. Total Net GST revenue in March 2026 stood at Rs. 1.78 lakh crore (US$ 20.14 billion), registering a year-on-year growth of 8.2% compared with Rs. 1.64 lakh crore (US$ 18.49 billion) in March 2025. On a cumulative basis, yearly net GST collections reached Rs. 19.35 lakh crore (US$ 219.03 billion) in FY 2025–26, reflecting a year-on-year growth of 7.1% over Rs. 18.07 lakh crore (US$ 204.46 billion) in FY 2024–25.

- India's aviation sector continued to witness steady growth in passenger traffic during FY 2025–26 (April–March). Total passengers handled stood at 420.09 million, compared with 412.09 million in FY 2024–25, registering a growth of 1.9%.

- The government is focusing on renewable energy sources and has achieved a major clean energy milestone by generating 50% of its power from renewable sources, five years ahead of its 2030 target. India is committed to achieving its Net Zero Emissions ambition by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractiveness index.

- India secured 38th position out of 139 economies in the Global Innovation Index 2025. India rose from 81st position in 2015 to 38th position in 2024. India ranks in 3rd position in the global number of scientific publications.

- India's industrial activity continued to witness steady expansion in March 2026, with the Index of Industrial Production (IIP) growing by 4.1% year-on-year, supported by sustained momentum across key sectors. The manufacturing sector recorded a 4.3% increase, while mining expanded by 5.5%, reflecting strength in core industrial segments. Electricity generation also remained positive at 0.8%, contributing to overall industrial performance. The IIP index rose to 173.2 in March 2026, up from 166.3 in March 2025, indicating continued expansion in India's industrial base. Within manufacturing, 14 out of 23 industry groups recorded growth, with key contributors including basic metals, motor vehicles and machinery & equipment, highlighting broad-based industrial activity.

- The government has set a calibrated wheat procurement target of 343.35 lakh metric tonnes (LMT) for the 2026–27 rabi marketing season, ensuring efficient stock management and smooth market operations. As per the latest data, total wheat procurement has reached 31.87 lakh metric tonnes (LMT) as of end-April 2026, reflecting the ongoing progress of procurement across key producing states.

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- On March 17, 2026, the Union Cabinet approved the 'Mission for Aatmanirbharta in Pulses' with an outlay of Rs. 11,440 crores (US$ ~1.27 billion) to achieve self-sufficiency in pulses by 2030–31.

- On February 28, 2026, Prime Minister Narendra Modi inaugurated Micron Technology's Semiconductor Assembly, Test and Packaging (ATMP) facility in Sanand, Gujarat, marking the commencement of commercial production.

- On February 20, 2026, the Government of Gujarat signed an MoU with Larsen & Toubro VYOMA to develop a 250 MW green AI-ready data centre campus at Dholera SIR with an investment of Rs. 25,000 crores (US$ ~3 billion).

- On January 2, 2026, the Government launched two key interventions under the Export Promotion Mission to strengthen MSME exports, including a 2.75% interest subvention on pre- and post-shipment credit and collateral guarantee support of up to 85% through CGTMSE.

- Under the Startup India initiative, the Government continues to strengthen the start-up ecosystem through targeted funding, seed support, and credit guarantees. As of October 2025, women-led start-ups received investments and financial support of over Rs. 3,157 crore (US$ 0.38 billion) through the Fund of Funds for Startups, Startup India Seed Fund Scheme, and Credit Guarantee Scheme, reinforcing inclusive entrepreneurship and early-stage innovation across sectors.

- The Ministry of Labour & Employment signed an MoU with Zomato on October 14, 2025, to enhance employment opportunities through the National Career Service (NCS) portal. Under the agreement, Zomato will list around 2.5 lakh job opportunities annually, supporting the growth of the gig economy and promoting formal, technology-enabled livelihoods across India.

- The Production Linked Incentive (PLI) programme has continued to strengthen India's manufacturing base and enhance domestic value addition across priority sectors. As of December 2025, realised investments under PLI schemes reached Rs. 2,16,000 crore (US$ 24.44 billion), leading to incremental production and sales of Rs. 20,41,000 crore (US$ 230.93 billion) and generating over 14.39 lakh jobs (direct and indirect).

- In August 2025, Prime Minister Mr. Narendra Modi launched two major agriculture schemes worth Rs. 35,440 crore (US$ 4 billion), the PM Dhan-Dhaanya Krishi Yojana and the Mission for Aatmanirbharta in Pulses, aimed at boosting self-reliance, productivity, and farmers' income. He also inaugurated and laid foundation stones for projects worth over Rs. 6,200 crore (US$ 709 million) across agriculture, animal husbandry, fisheries, and food processing sectors.

- On July 5, 2025, the Union Cabinet approved the Rs. 1,00,000 crore (US$ 11.72 billion) Research, Development and Innovation (RDI) Scheme, launching long-term, low- or zero-interest funding via a special purpose fund under the ANRF to jump-start India's R&D ecosystem and support deep-tech and startup innovation.

- In March 2025, the Government announced several measures to boost industrial growth and investments, including initiatives such as Make in India, Start-up India, PM GatiShakti, and Production Linked Incentive (PLI) Schemes. The Cabinet Committee on Economic Affairs also approved 12 new projects worth Rs. 28,602 crore (US$ 325.02 million) under the National Industrial Corridor Development Programme (NICDP), spanning 10 states, to strengthen India's manufacturing base and attract investments.

GLOBAL PLASTIC PACKAGING INDUSTRY

Global Plastic Packaging Market Analysis

The plastic packaging market size in 2026 is estimated at USD 509.4 billion, growing from 2025 value of USD 493.42 billion with 2031 projections showing USD 597.43 billion, growing at 3.24% CAGR over 2026-2031. Robust e-commerce activity, rising convenience-food consumption, and cost-competitive advantages over alternate substrates

underpin sustained demand even as regulatory scrutiny intensifies. Incumbents able to fund chemical-recycling lines, redesign packs for tethered-cap rules, and meet high recycled-content thresholds secure competitive insulation while smaller converters confront escalating compliance costs. Concurrently, logistics inflation elevates the value proposition of lightweight flexible formats that trim freight bills, strengthening supplier contracts in e-commerce, food, and healthcare channels. Consolidation accelerates as scale becomes prerequisite for funding advanced R&D and closed-loop supply agreements.

Key Report Takeaways

- By packaging type, flexible formats led with 54.10% revenue share in 2025; the segment is also the fastest growing at a 4.41% CAGR to 2031.
- By material, polyethylene accounted for 41.85% of plastic packaging market share in 2025, but polypropylene records the highest projected CAGR at 5.55% through 2031.
- By end-user industry, food commanded 28.10% share of the plastic packaging market size in 2025, whereas healthcare and pharmaceuticals are forecast to expand at a 6.29% CAGR to 2031.
- By distribution channel, direct sales captured 64.70% share of the plastic packaging market size in 2025, while indirect channels are advancing at a 4.64% CAGR through 2031.
- Regionally, Asia-Pacific held 40.80% of global revenue in 2025 and is growing at a 6.78% CAGR, outpacing all other geographies.

Restraints Impact Analysis

RESTRAINT	(~) % IMPACT ON CAGR FORECAST	GEOGRAPHIC RELEVANCE	IMPACT TIMELINE
Global single-use plastic bans and taxes	–0.7%	Global, varying intensity by region	Medium term (2-4 years)
Volatile petro-feedstock prices	–0.5%	Global, cost-sensitive markets most exposed	Short term (≤ 2 years)
Brand owners pivoting to paper-based flexibles	–0.3%	Developed markets, consumer goods focus	Medium term (2-4 years)
Refill/reuse models cannibalising volume growth	–0.2%	EU & North America urban markets	Long term (≥ 4 years)

Geography Analysis

Asia-Pacific controlled 40.80% of global revenue in 2025 and is expanding at 6.78% CAGR, making it the undisputed engine of plastic packaging market growth. China accounts for the lion's share, though stricter waste-import rules and carbon-neutrality pledges compel local producers to invest in recycling capacity. India, Vietnam, and Indonesia record double-digit volume gains as organized retail and e-commerce penetration deepens. Currency volatility and geopolitics prompt multinational brand owners to diversify sourcing into ASEAN nations, reducing overreliance on any single country.

North America manifests steady mid-single-digit expansion underpinned by pharmaceutical demand, fresh-produce logistics, and the build-out of advanced-recycling hubs. State-level plastic-waste legislation adds complexity, yet it simultaneously opens opportunities for recycled and mono-material innovators. Canada's forthcoming nationwide EPR framework accelerates shift toward recyclable packs, encouraging cross-border partnerships.

Europe, the epicenter of EPR and tethered-cap mandates, experiences modest value growth but exerts outsized influence on global design standards. High labor and energy costs incentivize process automation and resin lightweighting, while

regulators push recycled-content thresholds that drive chemical-recycling investments. Eastern European converters attract reshoring projects as brands seek regional proximity without Western Europe's cost base, spurring capital inflows into Poland and Hungary.

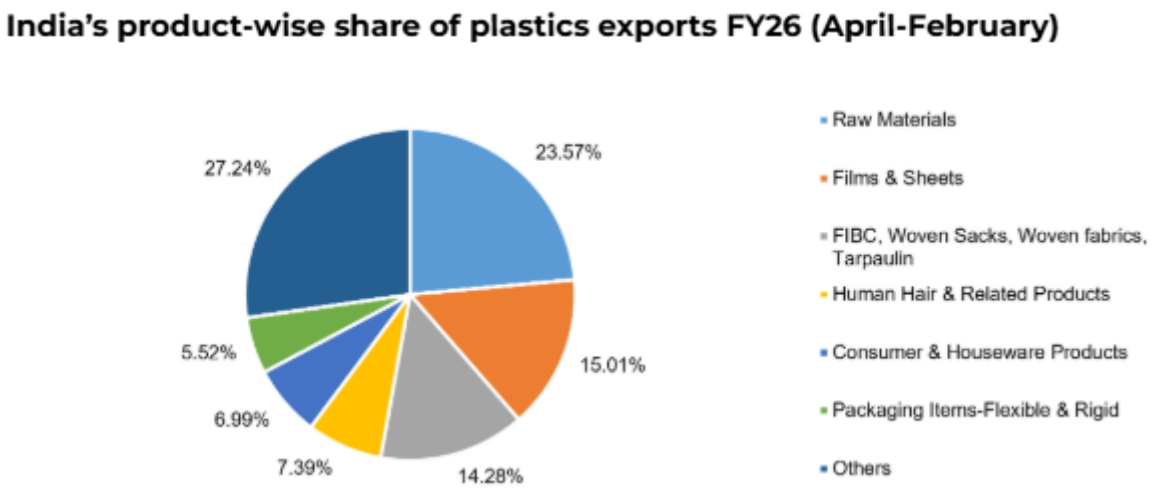

Latin America and the Middle East & Africa trail in share but register pockets of rapid expansion. Brazil benefits from agrifood exports that require barrier packaging, whereas GCC nations leverage petrochemical integration to export competitively priced resin. African markets begin to legislate single-use bans, creating fertile terrain for flexible producers that can deliver low-gram-weight, high-barrier solutions at affordable price points.

INDIAN PLASTIC INDUSTRY

India's plastic industry has evolved into a dynamic and globally competitive sector, supported by strong institutional frameworks such as the Plastic Export Promotion Council. Over the decades, the industry has transitioned from a nascent manufacturing base to a key contributor to India's industrial ecosystem, demonstrating resilience and adaptability, including during periods of global disruption. Today, it plays a significant economic role through large-scale manufacturing, extensive MSME participation, and substantial employment generation. The sector is also highly export-oriented, supplying a diverse range of plastic products to over 200 countries, thereby strengthening India's position in global trade. Its contribution extends beyond exports to include technological advancement, supply chain development, and reinforcing the global presence of 'Made in India' products.

Looking ahead, the industry holds strong growth potential driven by rising domestic demand across packaging, infrastructure, healthcare, and consumer goods, along with expanding export opportunities through trade agreements and shifting global supply chains. Government support remains a key enabler, with initiatives such as export promotion schemes, plastic parks, and industrial clusters aimed at boosting infrastructure and competitiveness. Policy measures

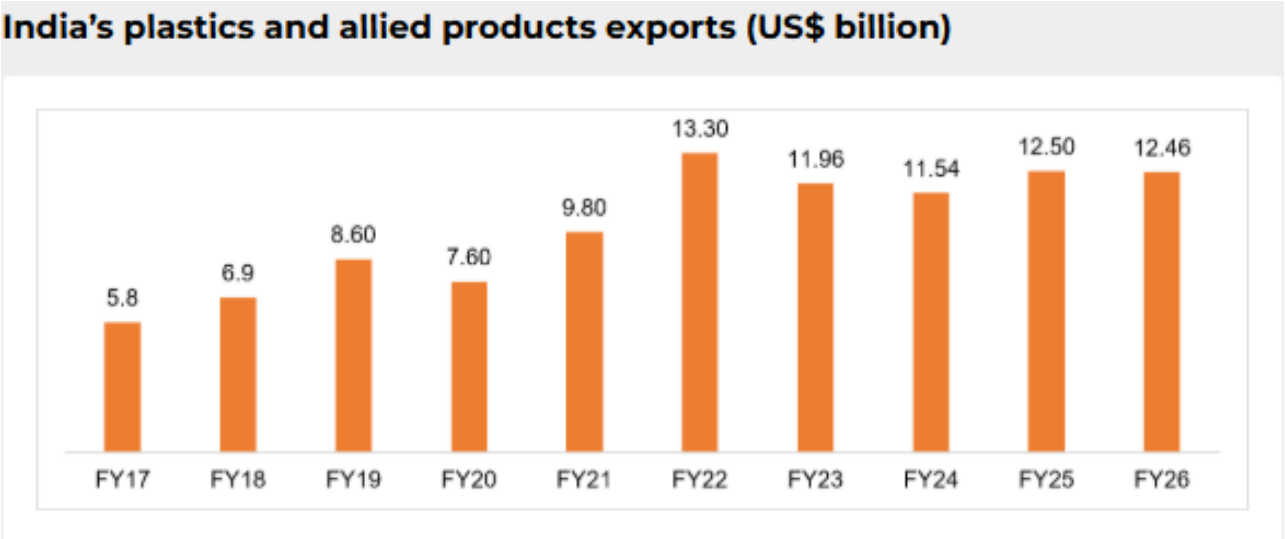

under broader programmes like manufacturing and export promotion further enhance investment and capacity building. Additionally, there is an increasing focus on sustainability, innovation, and value-added products, positioning India as a future leader in responsible plastic manufacturing. With continued government-industry collaboration and favourable market dynamics, the sector is expected to witness substantial expansion in the coming years.

Export Trend

India's plastics exports remained broadly stable during FY26, with total exports valued at US$ 12,468.7 million compared to US$ 12,501.0 million in FY25, reflecting a marginal decline of 0.3%. On a monthly basis, plastics exports stood at US$ 992.1 million in March 2026, compared to US$ 1,159.7 million in March 2025. In terms of product composition, plastic raw materials continued to be the largest export segment at US$ 2,894.9 million, followed by plastic films and sheets (US$ 1,888.2 million) and FIBC, woven sacks, woven fabrics and tarpaulin (US$ 1,772.4 million). Other major export categories included human hair and related products (US$ 942.8 million), miscellaneous plastic products (US$ 903.4 million) and consumer and houseware products (US$ 872.6 million), highlighting the diversified nature of India's

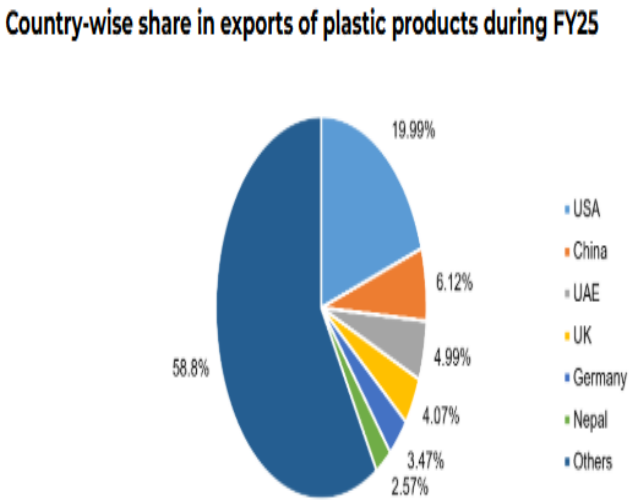

plastics export basket.

Category-wise performance was mixed during FY26. Miscellaneous plastic products recorded the highest growth at 31.7%, followed by human hair and related products (19.1%), FIBC, woven sacks, woven fabrics and tarpaulin (12.7%), and consumer and houseware products (10.4%). On the other hand, plastic raw materials declined by 9.8%, floor coverings, leathercloth and laminates by 12.2%, writing instruments and stationery by 11.9%, cordage, fishnets and monofilaments by 9.0%, and plastic films and sheets by 6.9%. Overall, the sector demonstrated resilience despite subdued global demand conditions, supported by strong growth in several value-added product categories.

Export Destinations

India's plastics exports are well diversified across global markets, with a strong concentration in a few key destinations. In FY2024–25, total exports stood at US$ 12,500.69 million, with the USA emerging as the largest importer, accounting for US$ 2,499.51 million (20.00%) of total exports. This was followed by China (US$ 764.67 million; 6.12%) and the UAE (US$ 623.45 million; 4.99%), highlighting the importance of both developed and emerging markets in India's plastics export basket. Other major destinations included the UK (US$ 508.73 million; 4.07%) and Germany (US$ 433.78 million; 3.47%), indicating steady demand from European economies. Additional key markets included Nepal (US$ 321.02 million; 2.57%), Bangladesh (US$ 298.00 million; 2.38%), and Saudi Arabia (US$ 289.82 million; 2.32%), reflecting strong regional trade linkages in Asia and the Middle East.

Countries such as Italy (2.17%), Netherlands (2.06%), Vietnam (1.96%), Spain (1.88%), and France (1.87%) also contributed notable shares, while markets including Belgium, Myanmar, Brazil, Canada, Mexico, South Africa, and Australia each accounted for around 1–1.7% of total exports. The 'Others' category accounted for 33.47%, highlighting the wide geographic spread of India's plastics exports across smaller markets. Overall, the export destination profile reflects a balanced mix of high-volume markets and diversified global reach, supporting resilience in export performance.

Government Initiatives

India's plastics export sector continues to show strong and growth, supported by government initiatives and industry efforts. Plastics exports have expanded significantly from just US$ 16.5 million at inception to over US$ 12.5 billion, reaching more than 200 countries, reflecting India's emergence as a reliable global sourcing hub. During April-September 2025, exports rose to US$ 6.4 billion, registering steady growth over the previous year. The government has played a key role by promoting quality manufacturing, expanding Free Trade Agreements (FTAs), and supporting exporters through institutions like PLEXCONCIL, which provides market intelligence, trade facilitation, and capacity-building initiatives.

Additionally, policy focus on sustainability such as encouraging recycling, reuse, and circular economy practices along with the 'Make in India' push, is further strengthening the sector's global competitiveness and long-term export potential. The Plastic Export Promotion Council (PLEXCONCIL) has set a target to increase the plastic exports of the country to US$ 25 billion by 2027. There are multiple plastic parks that are being set up in the country in a phased manner that will help improve the plastic manufacturing outputs of the country. Under the plastic park schemes, the Government of India provides funds of up to 50% of the project costs or a ceiling cost of Rs. 40 crore (US$ 5 million) per project.

Government initiatives like "Digital India", "Make in India", and "Skill India" will also boost India's Plastic industry. For instance, under the "Digital India" program, the government aims to reduce the import dependence on products from other countries, which will lift the local plastic part manufacturers.

The government also launched a program for building Centres of Excellence (CoEs) to develop the existing petrochemical technology and promote the research environment pertaining to the sector in the country. This will aid in promoting and developing new applications of polymers and plastics in the country. Additionally, about 23 Central Institute of Plastics Engineering & Technology (CIPET) have been approved to accelerate financial and technological collaboration for promoting skills in the chemicals and petrochemicals sector.

Governing Body

The Plastic Export Promotion Council (PLEXCONCIL)

The Plastics Export Promotion Council (PLEXCONCIL), established in 1955 under the Ministry of Commerce & Industry, Government of India, is the apex body promoting India's plastics exports. It is a non-profit organization representing over 2,500 exporters across the plastics value chain, covering products ranging from plastic raw materials to semi-finished and finished goods. The council works to enhance global market access through trade promotion activities, policy support, market intelligence, and capacity-building initiatives, while positioning India as a reliable and competitive supplier of plastic products worldwide.

Unless otherwise stated or the context otherwise required, the financial information used in this section is derived from our Restated Financial Statements.

BUSINESS OVERVIEW

Our Company was originally formed as a partnership firm under the name 'M/s Octagon Industries' ("Partnership Firm") pursuant to a deed of partnership dated April 30, 2021, under the Indian Partnership Act, 1932 ("Partnership Act"). The partnership firm was thereafter converted from 'M/s Octagon Industries' into Public Limited Company under Section 366 Part I of Chapter XXI of the Companies Act, 2013, as 'Antala Industries Limited' under the erstwhile Companies Act, 2013, pursuant to a certificate of incorporation dated August 05, 2024, issued by the Registrar of Companies, Central Registration Centre. The Corporate Identification Number of the Company is U22208GJ2024PLC154065.

Antala Industries Limited is engaged in the business of manufacturing, processing, printing, laminating and supplying a comprehensive range of industrial and commercial packaging products. The Company specializes in the manufacture of BOPP bags, BOPP Printing Roll, BOPP lamination Roll, PP woven bags, PP Woven Fabrics Roll.

The Company provides customized packaging solutions to customers operating across various sectors such as food processing, fertilizers, chemicals, cement, seeds, etc. Its packaging products are designed to provide strength, durability, moisture resistance, enhanced shelf appeal and high-quality printability, enabling customers to effectively package, transport and market their products.

The Company operates an integrated manufacturing facility located at Rajkot, Gujarat, equipped with extrusion, coating and lamination, rotogravure printing, roll-to-roll multi-colour printing, stitching and finishing infrastructure. The integrated nature of its operations enables the Company to undertake the process in-house, beginning from printing, lamination, cutting, stitching, finishing and packaging of the final product. This integrated manufacturing setup allows the Company to maintain quality standards, optimize production efficiencies and deliver customized packaging solutions in a timely manner.

The Company possesses capabilities in multicolour rotogravure and flexographic printing, enabling it to offer visually appealing and brand-focused packaging solutions tailored to customer specifications. Its design and product development capabilities assist customers in enhancing product visibility and brand recognition through innovative packaging formats and customized printing solutions.

The Company places significant emphasis on quality control and customer satisfaction and undertakes manufacturing processes in accordance with established quality management practices. The Company also maintains high standards of product quality, operational efficiency and customer service through continuous process improvements and adherence to quality assurance systems. Further, Our Company also holds certifications such as ISO 9001:2015, ISO 14001:2015, ISO 22000:2018 and ISO 45001:2018 reflecting Quality Management System, driven by our commitment to deliver work that meets project-specific standards and specifications for materials, workmanship and timelines. Our Company, under the management of Promoters having nearly three decades of experience in the packaging industry, is engaged in the manufacturing of woven packaging products and BOPP products for various industrial and commercial applications.

Over the years, the promoters have gained extensive experience in manufacturing operations, product development, customer relationship management and business expansion. Their understanding of market trends and customer requirements has helped the Company continuously improve its product offerings and strengthen its position in the packaging industry.

The promoters have been actively involved in every stage of the Company's growth journey, including setting up manufacturing facilities, expanding production capacities, adopting modern technologies and developing long-term relationships with customers across various industries. Their focus on quality, innovation and customer satisfaction has enabled the Company to establish a reputation for delivering reliable and customized packaging solutions.

For further details on Promoters & Management, kindly refer to page number 171 and 156 respectively.

OUR REGISTERED OFFICE AND MANUFACTURING PLANT

Our manufacturing facility is located at Shapar RS No.84, Plot No.1, Opp. Shreeji Tiles, Veraval (Shapar), Rajkot, Kotda Sanghani, Gujarat – 360024. The facility is equipped with the requisite plant and machinery for the manufacture of our products, enabling us to undertake the entire production process at a single location.

For more details on the manufacturing process, kindly refer page 130 of the Prospectus.

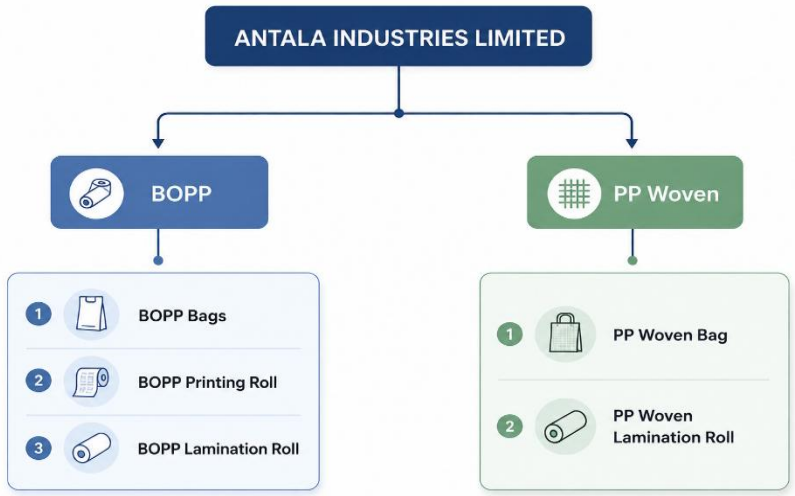

LIST OF PRODUCTS WE SERVE TO OUR CUSTOMERS

1. BOPP Bags

BOPP (Biaxially Oriented Polypropylene) Bags are one of the products of Antala Industries Limited and are widely used for premium packaging applications across industries such as food processing, fertilizers, chemicals, seeds and other consumer products. These bags are manufactured by laminating a high-quality BOPP film onto woven polypropylene fabric, resulting in superior strength, enhanced printability and excellent product protection.

The primary advantage of BOPP bags lies in their ability to combine durability with attractive visual appeal. The laminated surface enables high-definition multicolor printing, allowing customers to effectively display branding, product information and marketing messages. This makes BOPP bags particularly suitable for retail-oriented products where packaging plays a crucial role in influencing purchasing decisions.

These bags are designed to offer high tensile strength and resistance against tearing, punctures and moisture. The woven polypropylene base provides excellent load-bearing capacity, while the BOPP film acts as a protective barrier against dust, humidity and external contaminants. As a result, the packaged products remain safe during storage, transportation and handling.

Antala Industries Limited manufactures BOPP bags in various sizes, capacities and specifications to meet diverse

customer requirements. The bags can be customized with different printing designs, colors, finishes and closure options depending on the end-use application. Their lightweight construction also helps reduce logistics costs while maintaining packaging integrity. The Company's BOPP bag portfolio includes Gusset Bags and Handloom Bags, enabling it to cater to a broad range of industrial and commercial packaging applications.

The growing demand for visually appealing and durable packaging solutions has increased the adoption of BOPP bags across agricultural, industrial and FMCG sectors. These bags not only enhance product presentation but also improve shelf visibility and brand recognition. With their combination of strength, aesthetics and cost-effectiveness, BOPP bags continue to be a preferred packaging solution for manufacturers and distributors across multiple industries. Antala Industries Limited's expertise in producing quality BOPP bags enables it to serve a broad customer base while maintaining high standards of reliability, consistency and performance.

2. BOPP Printing Roll

A BOPP Printing Roll is a value-added intermediate product manufactured by Antala Industries by printing customer-specific designs, brand logos, product details, statutory information and other graphics onto a BOPP (Biaxially Oriented Polypropylene) film. It serves as the decorative outer layer of BOPP laminated woven bags and is an important component in producing attractive and informative packaging.

The printing process is carried out using advanced rotogravure printing technology, which enables sharp image quality, vibrant colours and consistent print accuracy. Since the printing is done on the reverse side of the BOPP film, the printed design remains protected after the lamination process, helping preserve its appearance during handling, transportation and storage. This also reduces the possibility of fading, scratching or damage to the printed surface.

BOPP Printing Rolls are produced according to the artwork and specifications provided by customers. They can be customized with product branding, company logos, barcodes, usage instructions, regulatory information and other details required for the packaged product. This flexibility enables customers to maintain a consistent brand identity while meeting their packaging and labelling requirements.

The printed rolls are not generally used as standalone products or cannot be termed as a final product as they are further processed by laminating them with PP woven fabric to manufacture BOPP bags. These rolls are commonly used in packaging solutions for industries such as food grains, flour, rice, pulses, animal feed, fertilizers, cement, chemicals, seeds, spices and other consumer and industrial products, after converting it into BOPP Bags.

3. BOPP Lamination Roll

A BOPP Lamination Roll is a semi-finished packaging material manufactured by Antala Industries by bonding a printed BOPP film with PP woven fabric through an extrusion lamination process. During this process, a molten blend of polypropylene (PP) granules, low-density polyethylene (LDPE) granules and filler granules is applied between the two layers, creating a strong and durable bond.

The lamination process combines the strength of woven polypropylene fabric with the superior print quality and glossy appearance of BOPP film. As a result, the laminated roll offers excellent durability, moisture resistance and an attractive surface finish, while protecting the printed graphics from scratches, fading and general wear during transportation, storage and handling.

BOPP Lamination Rolls are manufactured as an intermediate product and are further converted into finished BOPP laminated woven bags through processes such as cutting, stitching, gusseting and finishing. The laminated structure improves the overall performance of the packaging by providing better tear resistance, enhanced load-bearing capacity and a smooth surface that supports high-quality printing and branding.

The product is designed to meet the packaging requirements of a wide range of industries where both product protection

and visual presentation are important. It is commonly used in the manufacture of packaging bags for cement, fertilizers, chemicals, food grains and several other industrial and consumer products, after converting it into BOPP Bags.

4. PP Woven Bag

PP Woven Bags are among the most widely used industrial packaging products manufactured by Antala Industries Limited. These bags are designed for the storage, handling and transportation of bulk materials across industries such as agriculture, fertilizers, cement, chemicals, food processing and construction.

Manufactured from high-strength woven polypropylene fabric, these bags provide exceptional durability and load-bearing capacity. Their robust construction enables them to withstand heavy weights, rough handling and challenging transportation conditions without compromising the safety of the packaged contents.

The bags are highly versatile and can be used for packaging products such as grains, seeds, sugar, flour, fertilizers, animal feed, cement, minerals and various industrial materials. Their resistance to tearing, puncturing and environmental stress helps protect products throughout the supply chain.

A significant advantage of PP woven bags is their cost-effectiveness. Despite offering superior strength and durability, they remain economical compared to many alternative packaging materials. This makes them a preferred choice for industries that require large-scale packaging solutions.

The Company offers customization in terms of size, weight capacity, printing, lamination and finishing options to suit specific customer requirements. Printed woven bags also provide opportunities for branding and product identification, helping businesses improve visibility and operational efficiency.

The bags are lightweight, reusable and easy to transport, contributing to reduced logistics costs and improved handling convenience. Their reliability and long service life make them suitable for both domestic and export-oriented packaging applications.

5. PP Woven Lamination Roll

PP Woven Lamination Roll is a semi-finished packaging material manufactured by Antala Industries by laminating PP woven fabric with a layer of molten polymer through an extrusion lamination process. The lamination layer is formed using a combination of polypropylene (PP) granules, low-density polyethylene (LDPE) granules and filler granules, which are applied in a molten state to the woven fabric to create a durable and uniform laminated surface. Unlike a BOPP Lamination Roll, this product does not incorporate a BOPP film. Consequently, while it does not provide the high-gloss finish and premium graphics associated with BOPP laminated products, it offers enhanced functional properties suitable for a wide range of packaging applications.

The lamination process improves the performance of the woven fabric by increasing its resistance to moisture, dust and external environmental conditions. It also enhances the strength and durability of the material, enabling it to withstand handling, storage and transportation of bulk products. The laminated surface provides an additional protective barrier that helps preserve the quality of the packaged contents and improves the overall service life of the packaging material. Depending on customer requirements, the laminated roll may also be used for basic surface printing and product identification.

INDUSTRIES SERVED BY ANTALA INDUSTRIES LIMITED

The packaging products manufactured by Antala Industries Limited are utilized across a diverse range of industries due to their strength, durability, customization capabilities and cost-effectiveness. The Company's product portfolio caters to sectors that require reliable packaging solutions for storage, transportation, branding and product protection. The major

industries served by these products are discussed below:

1. Food Processing Industry

The food processing industry extensively utilizes BOPP bags and PP Woven bags for packaging products such as flour, sugar, rice, pulses, spices, cereals, processed foods and packaged food ingredients. These bags provide protection against moisture, dust and contamination while ensuring product freshness and quality. The excellent printability of BOPP packaging enables manufacturers to display nutritional information, product specifications, branding elements and regulatory disclosures in an attractive manner.

2. Fertilizer Industry

Manufacturers and distributors of fertilizers require strong and durable packaging materials capable of handling heavy loads and rough transportation conditions. PP woven bags and BOPP bags are widely used for packaging various fertilizer products including urea, fertilizers and other soil nutrients. These bags offer high strength, resistance to puncture and protection against environmental factors, making them suitable for storage and distribution through extensive supply chains.

3. Chemical Industry

The chemical industry relies on PP woven bags and BOPP bags for packaging powders, granules, resins, additives and industrial chemicals. Packaging materials used in this sector must withstand rigorous handling conditions while ensuring product safety and integrity. Woven packaging products provide the necessary strength and reliability required for industrial chemical transportation and storage. Laminated BOPP bags are also used where enhanced protection and product presentation are required.

4. Cement and Construction Materials Industry

The construction sector is a major consumer of PP woven bags and woven fabrics. Cement, wall putty, plaster materials, tile adhesives, sand mixtures and other construction products are commonly packed in woven bags due to their ability to withstand substantial weight and rough handling conditions. The durability and load-bearing capacity of these packaging solutions make them particularly suitable for construction material packaging and distribution.

5. Textile and Apparel Industry

The textile industry also demands woven lamination rolls for packaging applications. These rolls are supplied to companies operating in the textile sector and are customized to meet customer-specific requirements in terms of size, printing and other specifications. They help protect packaged products during storage and transportation while also supporting product identification and brand visibility across the distribution and supply chain.

6. Seed Industry

The seed industry requires packaging solutions that protect products from moisture, contamination and physical damage while maintaining seed quality and germination characteristics. BOPP bags and woven bags are widely used for packaging agricultural seeds, vegetable seeds and hybrid seeds. These bags also allow manufacturers to display detailed product information, usage instructions and regulatory disclosures effectively.

RAW MATERIAL USED IN OUR PRODUCTS

Following are the raw materials that are used while manufacturing the above-mentioned products:

S.No	Name of Raw Material	Description
1.	**Polypropylene (PP) Granules. LPDE Granules & Granule Fillers**   	PP granules, LDPE granules and filler granules are the primary raw materials used in the lamination process for manufacturing BOPP laminated woven products. These materials are blended in predetermined proportions and heated to form a molten polymer mixture, which acts as the bonding layer between the BOPP film and the PP woven fabric during extrusion lamination. Polypropylene (PP) granules provide strength and compatibility with the woven fabric, while low-density polyethylene (LDPE) granules impart flexibility and enhance the adhesive properties of the molten blend. Filler granules are incorporated to achieve the desired processing characteristics and optimize the performance of the lamination layer. Once the molten mixture is applied between the BOPP film and the woven fabric, it forms a strong and durable bond, resulting in a laminated structure that offers improved moisture resistance, durability and overall packaging performance.
2.	**BOPP (Biaxially Oriented Polypropylene) Film** 	BOPP (Biaxially Oriented Polypropylene) film is one of the key raw materials used in the manufacture of BOPP laminated woven bags. It is a thin polypropylene film produced by stretching the material in both the machine and transverse directions, which enhances its strength, clarity and dimensional stability. The film provides an excellent surface for high-quality multi-colour printing and is subsequently laminated with PP woven fabric during the extrusion lamination process to manufacture BOPP laminated products. The use of BOPP film enhances the visual appeal of the packaging by providing a smooth and glossy finish, while also protecting the printed graphics from abrasion, moisture and general wear during handling, storage and transportation. Owing to its printability, durability and moisture-resistant properties, BOPP film is widely used in the manufacture of packaging solutions for industries such as food products, animal feed, fertilizers, chemicals, cement and other industrial and consumer goods.
3.	**PP Woven Fabric** 	PP Woven Fabric is one of the principal raw materials used in the manufacture of woven packaging products. The fabric serves as the base material for manufacturing of PP woven bags as well as BOPP Bags, where it is laminated with printed BOPP film through a lamination process. Owing to its strength, flexibility and resistance to moisture and wear, PP woven fabric provides the structural integrity required for packaging, storage and transportation of bulk materials. Depending on the end-use application, the fabric may be further processed through lamination, printing, cutting, stitching and finishing operations to manufacture customized packaging products for industries.

Note:

In addition to the principal raw materials such as **Polypropylene (PP) granules, Low-density polyethylene (LDPE) granules, BOPP films and PP Woven Fabric,** our manufacturing process also utilizes various secondary and consumable raw materials including printing inks and stitching threads. These materials are primarily used during the printing, lamination, conversion, stitching and finishing stages of production and contribute to the aesthetic appeal, durability,

strength and functionality of the finished products. While such materials constitute a relatively smaller proportion of the overall raw material consumption as compared to primary polymers, they play an important role in ensuring product quality, customization and compliance with customer specifications.

MANUFACTURING PROCESS

1. **Manufacturing process of Bopp Bags**

Printing of BOPP Film:

The manufacturing process begins with printing the BOPP film using the rotogravure printing process. Based on customer requirements, the film is printed with brand logos, product information, handling instructions and other graphics. The printing process ensures high-quality image reproduction, vibrant colours and consistent print quality. The printed BOPP film may either be further processed into BOPP laminated bags or supplied directly to customers who require printed BOPP film rolls for their own manufacturing processes.

Lamination of BOPP Film and PP Woven Fabric

The printed BOPP film is then laminated with PP woven fabric through an extrusion lamination process. During this stage, a molten blend of PP granules, LDPE granules and filler granules is applied between the BOPP film and the woven fabric, creating a strong and durable bond. The resulting laminated structure combines the strength of PP woven fabric with the superior print quality and appearance of BOPP film, while also enhancing moisture resistance and durability. The BOPP Lamination Roll may either be further processed into BOPP bags or supplied directly to customers who require laminated rolls for further processing.

Cutting and Stitching

The laminated roll is cut into the required dimensions based on customer specifications and stitched using industrial sewing machines to form individual bags. Depending on the product configuration and end-use application, additional features such as gussets, top hemming, valve openings, liners, handles or reinforced bottoms may also be incorporated during this stage.

Finished Bags and Quality Inspection

The finished bags undergo quality inspection to verify print quality, lamination integrity, dimensions, stitching quality, strength and overall appearance. Only bags conforming to the prescribed quality standards are approved for dispatch.

Bale Pressing

The approved bags are compressed using a bale pressing machine and packed into bundles to facilitate efficient handling, storage and transportation while minimizing space requirements during transit.

Dispatch

After packaging, the finished bales are stored in the finished goods area until dispatch. The bags are then loaded onto vehicles and transported to customers or other designated locations in accordance with delivery schedules and customer requirements. Appropriate packaging and handling measures are followed during loading to help ensure that the products reach their destination in good condition.

2. **Manufacturing Process of PP Woven Bags**

Lamination of Woven Fabric

The manufacturing process begins with the lamination of PP woven fabric rolls. During this stage, a molten blend of PP granules, LDPE granules and filler granules is applied onto the woven fabric through an extrusion lamination process. The laminated layer acts as a protective coating, enhancing the fabric's resistance to moisture and improving its durability. The output of this process is a Woven Lamination Roll, which is further used for bag manufacturing. The Woven

Lamination Roll may either be further processed into PP woven bags or supplied directly to customers who require laminated woven fabric rolls for their own manufacturing processes.

Printing, Cutting and Stitching

Depending on the product specifications and customer requirements, the manufacturing sequence may vary. In certain cases, the laminated fabric roll is first printed with branding, product details, handling instructions or other graphics and is thereafter cut and stitched into individual bags. In other cases, the laminated fabric is first cut and stitched into bags, following which the printing is carried out on the finished bags. The printing process is undertaken using printing machines to ensure clear and consistent reproduction of the required designs, while the cutting and stitching operations are carried out according to the specified dimensions and bag configuration. Depending on the end-use application, features such as top hemming, gussets, valve openings, liners, handles or reinforced bottoms may also be incorporated during this stage.

Finished Bags and Quality Inspection

Upon completion of the manufacturing process, the finished bags undergo quality inspection to verify their dimensions, stitching quality, print quality (where applicable), strength and overall appearance. Only bags conforming to the prescribed quality standards are approved for dispatch.

Bale Pressing

The finished bags are compressed using a bale pressing machine and packed into bundles to facilitate efficient handling, storage and transportation while minimizing space requirements during transit.

Dispatch

After packaging, the finished bales are stored in the finished goods area until dispatch. The bags are then loaded onto vehicles and transported to customers or other designated locations in accordance with delivery schedules and customer requirements. Appropriate packaging and handling measures are adopted during loading to help ensure that the products reach their destination in good condition.

- **BUSINESS MODUS OPERANDI**

1. Receipt of Purchase Order

The business process commences with the receipt of a Purchase Order (PO) from the customer, specifying the required product specifications, quantity, dimensions, printing requirements and delivery schedule.

2. Assessment of Order Specifications

Upon receipt of the PO, the Company reviews and assesses the product specifications, quantity, production requirements and delivery timelines to determine the feasibility and resources required for execution of the order.

3. Assessment of Raw Material Availability

The Company assesses the availability of the required raw materials based on the specifications and quantity mentioned in the Purchase Order.

4. Procurement of Raw Materials

In case the required raw materials are available, the same are allocated for production. In case of any shortage, the

Company procures the required raw materials from suitable suppliers after considering factors such as quality, price, availability and delivery timelines.

5. Manufacturing Process

Upon arrangement of the required raw materials, the manufacturing process is initiated as per the customer's specifications. The manufacturing process generally comprises printing, lamination, cutting and stitching, as applicable to the product requirements.

6. Quality Inspection

Upon completion of the manufacturing process, the finished bags are subjected to quality inspection to ensure conformity with the specifications provided by the customer and the applicable quality standards.

7. Bale Pressing and Packing

After successful completion of the quality inspection, the finished bags are bale-pressed and appropriately packed to facilitate safe handling, storage and transportation.

8. Dispatch to Customer

The packed finished goods are thereafter dispatched to the customer in accordance with the terms, quantity and delivery schedule specified in the Purchase Order.

COMPETITION

The Company operates in the packaging industry, which is characterised by the presence of a large number of organised and unorganised manufacturers at the regional and national levels. The Company competes primarily on factors such as product quality, pricing, product specifications, manufacturing capabilities, timely delivery and customer relationships. The industry also has relatively low entry barriers, and any increase in manufacturing capacity by existing or new participants may increase the level of competition.

OUR COMPETITIVE STRENGTH

1. Experienced Promoters and Management Team

Our Promoters, namely Rajeshkumar Chandulal Antala and Pankajkumar Chandulal Antala have over 29 years of experience in this industry. Their industry knowledge and operational experience, supported by the management team, have contributed to the Company's manufacturing operations, customer relationships and business development.

2. Diversified Product Portfolio with Customization Capabilities

We offer a diversified product portfolio comprising BOPP Bags, BOPP Printing Roll, BOPP Laminated Roll, PP Woven Bags and PP Woven Lamination Roll. Our manufacturing process enables us to produce packaging products with different specifications based on customer requirements across various end-user industries.

3. Presence Across Multiple End-User Industries

We cater to customers operating in industries such as cement, chemicals, fertilizers, FMCG, textiles and other industrial packaging segments. Our presence across multiple industries enables us to serve a diversified customer base and reduces dependence on any single end-user industry.

4. Customer-Focused Manufacturing and Delivery Process

Our manufacturing process is planned based on customer requirements, with coordination across production, quality control and dispatch functions. This enables us to manufacture products in accordance with customer specifications and support timely execution of orders.

5. Established Supplier and Customer Relationships

We have developed business relationships with our customers and suppliers over the years. These relationships support

the procurement of raw materials on a need basis and facilitate continuity in manufacturing and supply operations.

OUR STRATEGY

Our objective is to strengthen our position as a manufacturer of BOPP laminated woven bags by leveraging our manufacturing capabilities, product innovation, customer relationships, and operational efficiencies. We intend to achieve sustainable growth through the following strategies:

1. **Market Adaptability**

   The packaging industry continues to evolve based on changing customer preferences, industry requirements, and market trends. We seek to monitor these developments and align our products and operations with evolving market needs. This helps us respond to changing market conditions, meet customer requirements, and explore new business opportunities.

2. **Customer-Centric Approach**

   We focus on understanding the requirements of our customers and providing packaging solutions that meet their specific needs. We understand their expectations and offer products with the required specifications, quality, and timely delivery. It leads strong customer relationships supports repeat business and long-term growth.

3. **Expanding Our Customer Base Across Diverse End-User Industries**

   We intend to further expand our presence across various end-user industries, including rice, flour, pulses, sugar, animal feed, fertilizer, cement, chemicals, seeds, and other industrial packaging sectors. Serving customers across different industries helps us diversify our revenue base and reduce dependence on any single industry while enabling us to benefit from opportunities across multiple sectors.

4. **Expanding Our Product Portfolio Through Value-Added Packaging Solution**

   We aim to strengthen and expand our product portfolio by offering BOPP Film, BOPP Lamination Roll, PP / BOPP Woven Bags and PP Woven Flexo Printed Roll in different sizes, GSM, colours, printing options, lamination types, moisture-resistant features, and other packaging specifications based on customer requirements. Expanding our product offerings enables us to cater to the diverse packaging needs of existing and prospective customers.

MARKETING

The Company's marketing activities are carried out through direct interactions with existing and prospective customers. The Company focuses on understanding customer requirements and offers packaging products based on the specifications provided in customer purchase orders. Its marketing efforts are supported by regular customer engagement, coordination with customers during the order execution process, and timely communication regarding product requirements and deliveries.

SAFETY, QUALITY CONTROL AND CERTIFICATIONS

Our business is focused on emphasizing on quality, environment, health and safety. We believe that maintaining a high standard of quality for our products is critical to our continued growth.

Safety Measures

The Company has implemented safety measures at its manufacturing facility having regard to the nature of its operations. As part of its fire safety infrastructure, the Company has installed an automated Carbon Dioxide (CO_2) Flooding System for its 8-colour printing machine, which is designed to detect and suppress fire by releasing CO_2 in the event of a fire or similar emergency. The Company has also implemented safety systems and procedures at its manufacturing unit in accordance with its operational requirements.

Quality Control & Certifications

The Company has established quality control procedures across various stages of its manufacturing process to monitor product quality and ensure that products are manufactured in accordance with the required specifications.

The Company has obtained the following certifications in relation to its quality management, environmental

management, occupational health and safety management and food safety management systems:

- ISO 9001:2015 – Quality Management System
- ISO 14001:2015 – Environmental Management System
- ISO 45001:2018 – Occupational Health and Safety Management System
- ISO 22000:2018 – Food Safety Management System

The details of these certifications are set out below:

^In FY 2024-25, machineries received from Diya Overseas and Shree Industries as a Part of Business Takeover through Business Transfer Agreement date 11th September 2024 have been taken into account and so we have calculated the Installed Capacity for 6.5 months.

The above figures have been certified by Er. Amir Husain Rizvi, Chartered Engineer (Regn. No. AM 157890-4), vide certificate dated August 21, 2026

- **POST CAPITAL EXPENDITURE - CAPACITY AND CAPACITY UTILIZATION**

Manufacturing Process Line	Present Installed Capacity	Capacity Added from IPO Machinery	Post-Expansion Rated Capacity	Net Expansion in Capability (%)
Printing Machinery Set	495.00	+435.00	930.00	+87.88% (Near Doubling)

As certified by Er. Amir Husain Rizvi (Certificate dated August 21, 2026), the procurement addresses existing throughput bottlenecks across all three core manufacturing stages (based on 2 shifts, 300 working days/year):

Strategic Impact on Overall Operational Efficiencies:

- Balancing printing (930 Lakh Mtr) and lamination (810 Lakh Mtr) prevents line starvation, allowing all sections of the plant to run at synchronized batch schedules.
- Enables the Company to scale high-barrier, multi-colour BOPP laminated pinch-bottom and gusseted packaging, which yield higher price realization and profit margins compared to commodity woven sacks.

- Automated optical defect checking and ELS tension controls are projected to reduce process scrap rates by 1.5% to 2.0%, directly lowering polymer consumption costs.

Integrated, in-line converting lines reduce total production turnaround from 10–12 days to 5–7 days, supporting faster inventory turnover and immediate fulfillment of confirmed customer orders.

LOGISTICS

The Company manages the transportation of its raw materials, finished goods and other operational requirements through independent third-party logistics service providers. The Company does not own or operate any transportation fleet. Logistics service providers are engaged based on factors such as service reliability, timely delivery, geographical coverage, operational efficiency and commercial competitiveness. The Company coordinates with such service providers to facilitate the timely procurement of raw materials and delivery of finished products to its customers, thereby supporting the efficient conduct of its business operations.

COLLABORATIONS

We have not entered into any technical or other collaboration.

CORPORATE SOCIAL RESPONSIBILITY

CSR provisions became applicable to our company for the FY 2025–26 under Section 135 of the Companies Act, 2013, upon meeting the specified financial thresholds. Our company will undertake the required CSR expenditure in FY 2026–27.

The Companies Act, 2013

The consolidation and amendment in the law relating to the Companies Act, 1956 made way to the enactment of the Companies Act, 2013 and rules made there under. This legislation primarily governs the incorporation, funding, operation, and restructuring of companies as distinct legal entities. The Act outlines the eligibility criteria, procedural requirements, and execution processes for various corporate actions. It defines the roles and responsibilities of company management in relation to shareholders and emphasizes key principles such as transparency, corporate governance, and the protection of shareholders and creditors. Ultimately, the Companies Act seeks to strike a balance between two often competing objectives: ensuring managerial autonomy and safeguarding investor interests.

SEBI Regulations

Securities And Exchange Board of India is the regulatory body for securities market transactions including regulation of listing and delisting of securities. It forms various rules and regulations for the regulation of listed entities, transactions of securities, exchange platforms, securities market and intermediaries thereto. Apart from other rules and regulations, listed entities are mainly regulated by the SEBI Act, 1992, Securities Contract Regulation Act, 1956, Securities Contracts (Regulation) Rules,1957, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 and SEBI (Prohibition of Insider Trading) Regulations, 2015.

BUSINESS AND/OR KEY INDUSTRY RELATED LAWS AND REGULATIONS

Gujarat Industrial Policy, 2020

The Gujarat Industrial Policy, 2020 aims to promote sustainable and balanced industrial development in the state. It provides incentives and subsidies to attract investments across sectors, with a special focus on manufacturing, innovation, and infrastructure development. Key features include support for MSMEs, incentives for mega and large-scale projects, and emphasis on sustainability and environment-friendly practices.

Bureau of Indian Standards Act, 2016 ("the BIS Act")

The BIS Act provides for the establishment of the Bureau of Indian Standards ("BIS") as the national standards body for the standardization, conformity assessment, and quality assurance of goods. Functions of the BIS include (a) establishing, publishing, reviewing, and promoting the Indian Standard in relation to any goods, article, process, system, or service; (b) adopting as an Indian Standard any standard established for any article or process by any other institution in India or elsewhere; (c) establishing a Standard Mark in relation to each of its conformity assessment schemes, which shall be of

such design and contain such particulars as may be specified by regulations to represent a particular standard ("Standard Mark"); and (d) appointing certification officers for inspecting whether any goods, article, process, system, or service in relation to which the Standard Mark has been used conforms to the relevant standard. A person may apply to the Bureau for grant of a licence or certificate of conformity if their articles, goods, process, system, or service conform to the Indian Standard.

The Micro, Small and Medium Enterprises Development Act, 2006

It consists of six chapters which are further divided into 32 sections. This Act also provides for the formation of the National Board of Micro, Small and Medium Enterprises. The head office of the Board is in Delhi. Section 3 of the Act defines the members of the Board. The Central Government, by notification, can constitute an advisory committee.

Registration of micro, small and medium enterprises is replaced with the filing of the memorandum. To avail the benefit of the Act, it is always recommended to register the enterprises as a micro, small or medium enterprise. The concept is important for the promotion of industrial development in rural areas, use of traditional or inherited skills, use of local resources and mobilization of resources and exportability of products. It provides maximum opportunities for employment outside the agriculture sector as well.

Industries (Development and Regulation) Act, 1951, as amended ("IDR Act")

The IDR Act has been liberalized under the New Industrial Policy dated July 24, 1991 and all industrial undertakings are exempt from licensing except for certain industries, including, among others, all types of electronic aerospace, defense equipment, ships and other vessels drawn by power.

The IDR Act is administered by the Ministry of Commerce and Industry, Government of India, through the Department for Promotion of Industry and Internal Trade (DPIIT). The main objectives of the IDR Act are to empower the Government to take necessary steps for the development of industries, to regulate the pattern and direction of industrial development, and to control the activities, performance and results of industrial undertakings in the public interest. DPIIT is responsible for formulation and implementation of promotional and developmental measures for growth of the industrial sector.

Legal Metrology Act, 2009 ("Legal Metrology Act") and the Legal Metrology (Packaged Commodities) Rules, 2011 ("Packaged Commodities Rules")

The Legal Metrology Act establishes and enforces standards of weights and measures, and regulates trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number. The Legal Metrology Act prohibits quoting prices or charges, issuing or exhibiting any price list, invoice, cash memo or other document, publishing any advertisement, or indicating the net quantity of a pre-packaged commodity, otherwise than in accordance with the standard units of weight, measure or numeration.

Manufacturers are required to maintain records and registers, and make declarations on pre-packaged commodities, in the manner prescribed under the Legal Metrology Act. Penalties and punishments are prescribed for numerous offences under the Legal Metrology Act, including selling or delivering commodities, articles or things by means other than the standard weight, measure or number, or using non-standard weights, measures or numeration.

The Packaged Commodities Rules were framed under Sections 52(2)(j) and (q) of the Legal Metrology Act and lay down specific provisions applicable to packages intended for retail sale, wholesale and for export and import.

Pursuant to the Advisory dated December 16, 2016, issued by the Director of Legal Metrology ("the Advisory"), the mandatory labelling requirements applicable to pre-packaged commodities under the Packaged Commodities Rules are not applicable to garments sold in loose form. The Advisory clarifies that the labelling requirements for garments sold in loose form include the name/description of the product, the size of the product in internationally recognisable size indicators (such as S, M, L, XL, etc.) along with details in metric notation in centimetres or metres, the maximum retail price, and the name, full address and customer care number of the manufacturer.

TAX RELATED REGULATIONS

The Income Tax Act, 2025 and the Income Tax Rules, 2026, as amended by the Finance Act in respective years

The Government of India has notified the Income Tax Act, 2025, which consolidates and amends the erstwhile Income Tax Act, 1961. The new Act has been passed by both Houses of Parliament and received the President's assent on 21

August 2025. It came into force from 1 April 2026. The Tax Act primarily aims to simplify the language, bring clarity on digital and international transactions, and remove redundant provisions. It does not propose any changes to prevailing tax rates and regimes for individuals and corporations and nor does it amend the existing provisions relating to offences and penalties. The Tax Act is applicable to every company, whether domestic or foreign, whose income is taxable under the provisions of the Tax Act or rules made thereunder depending upon its "Residential Status" and "Type of Income" involved. The Tax Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every company required to pay income tax under the Tax Act is required to comply with the provisions thereof, including those relating to tax deduction at source, advance tax, minimum alternative tax, etc.

GST Laws

The Goods and Services Tax ("GST") is levied on the supply of goods or services or both, jointly by the Central Government and State Governments. It is governed by the GST Council. GST provides for the imposition of tax on the supply of goods or services and is levied by the Central Government on intra-state supply of goods or services and by the State Governments, including Union Territories. The GST law is enforced by various Acts, viz. the Central Goods and Services Tax Act, 2017, the relevant State Goods and Services Tax Acts, 2017, the Union Territory Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Goods and Services Tax (Compensation to States) Act, 2017, and various rules made thereunder.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import (bringing goods into India from abroad) and export (sending goods out of India). Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer Exporter Code) in terms of provisions of the Foreign Trade Development and Regulation Act, 1992. Imported goods in India attract basic customs duty, additional customs duty and cesses in terms of the provisions of the Customs Act, 1962, Customs Tariff Act, 1975 and the relevant provisions made thereunder. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the assessable value of the goods. Customs duties are administrated by Central Board of Indirect Taxes and Customs under the Ministry of Finance.

The Professional Tax

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. Professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. Professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under these Acts (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

LAWS RELATED TO ENVIRONMENTAL LAWS

National Environmental Policy, 2006

The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource.

The Environment Protection Act, 1986 and Environment (Protection) Rules, 1986

The act serves as comprehensive umbrella legislation designed to protect and enhance the environment by establishing a framework for the central government to coordinate the activities of various authorities created under earlier laws. Key provisions of the act empower the government to set environmental quality standards, control and reduce pollution from all sources, and prohibit or restrict the establishment of industrial facilities based on environmental considerations.

Furthermore, it mandates that individuals or entities engaged in business activities must take measures to prevent or mitigate environmental pollution, ensuring a proactive approach to environmental protection.

Air (Prevention and Control of Pollution) Act, 1981

The act aims to protect and enhance air quality while preventing and controlling air pollution. Key provisions include the establishment of Central and State Pollution Control Boards, which are responsible for monitoring and regulating air quality. Under this legislation, industries are required to obtain consent from these boards prior to establishing or operating within designated pollution control areas, ensuring that air quality standards are upheld and pollution is effectively managed.

Water (Prevention and Control of Pollution) Act, 1974

The act is designed to prevent and control water pollution while maintaining or restoring the wholesomeness of water in India. Key provisions include the establishment of Central and State Pollution Control Boards, which are tasked with monitoring waterquality standards. Industries are required to obtain consent from these boards before establishing or operating under this act, ensuring that their activities do not lead to the pollution of water sources and that water quality is safeguarded.

Water (Prevention and Control of Pollution) Cess Act, 1977

The act aims to generate revenue for the Pollution Control Boards by imposing a cess on water consumption by industries and local authorities. Key provisions stipulate that the funds collected are utilized to promote water conservation and pollution control measures, thereby encouraging industries to adopt more efficient and sustainable water usage practices. This financial framework not only supports environmental initiatives but also incentivizes responsible water management among businesses.

National Green Tribunal Act, 2010

This act establishes a specialized tribunal dedicated to the expeditious disposal of cases concerning environmental protection and the conservation of forests and other natural resources. Key provisions ensure effective legal enforcement of environmental laws, providing a platform for addressing grievances related to pollution and environmental damage caused by industries. By streamlining the judicial process, the tribunal aims to enhance accountability and promote timely resolutions in environmental disputes.

Public Liability Insurance Act, 1991

This act mandates that industries handling hazardous substances obtain insurance to cover potential liabilities arising from accidents that may cause environmental damage or health hazards. Key provisions ensure that adequate compensation is available for affected individuals and communities in the event of an industrial accident. By requiring insurance coverage, the act aims to safeguard public health and the environment, ensuring that resources are available for remediation and support for those impacted by such incidents.

Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008

The Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008, framed under the Environment (Protection) Act, 1986, regulate the generation, handling, storage, transportation, treatment, and disposal of hazardous wastes in India. Their objective is to ensure environmentally sound management of such wastes to protect human health and the environment. The Rules define hazardous waste and assign clear responsibilities to generators, occupiers, and operators for proper authorization and record-keeping. They also govern the import, export, and transboundary movement of hazardous wastes in accordance with the Basel Convention, requiring prior consent from the MoEF&CC. Overall, these Rules aim to minimize waste generation, encourage recycling and recovery, and prevent illegal dumping.

LAWS RELATED TO INTELLECTUAL PROPERTY

The Trademarks Act, 1999

The Trademarks Act of 1999 is India's primary legislation for the protection of trademarks. It offers statutory protection to trademarks used in commerce, ensuring exclusive rights to the trademark owner and preventing unauthorized use of similar marks that could cause confusion. The Act covers the registration, renewal, and assignment of trademarks and provides legal remedies for trademark infringement. This Act plays a crucial role in promoting fair trade practices and fostering a competitive business environment in India.

The Copyright Act, 1957

The Copyright Act, 1957 provides legal protection to creators of literary, dramatic, musical, and artistic works, as well as cinematograph films and sound recordings. The legislation also provides for performers' rights, moral rights of authors as well as moral rights of performers. It also sets the framework for dealing with issues like copyright infringement, fair use, and the duration of copyright protection.

The Patents Act, 1970

The Patents Act, 1970 is the legislation which consolidates law relating to patents in India. This statute prescribes the essentials, term as well as application procedure for obtaining patent rights over an invention. The Act also provides for compulsory licensing, remedies for infringement and other provisions for furtherance of objectives of the patent regime, i.e., to strike a balance between protecting the interests of inventors by incentivizing them for inventions, and dissemination of information, innovation and knowledge among public at large by prescribing for publication of information in the form of provisional and complete specifications for patent claims.

Designs Act, 2000 and the Designs Rules, 2001

The Designs Act regulates and protects the originality of an article's design and prohibits the piracy of registered designs. The primary objective of the Act is to protect new or original designs from getting copied, and ensure that the creator, originator or artisan of the design is not deprived of their rightful gains for the creation of their design. The central government also drafted the Designs Rules under the authority of the Designs Act for the purposes of specifying certain prescriptions regarding the practical aspects related to designs such as payment of fees (available in the First Schedule of the Rules, amended through the Design Rules,2014), register for designs, classification of goods, address for service, restoration of designs, etc.

EMPLOYMENT AND LABOUR LAWS

Minimum Wages Act, 1948

The Minimum Wages Act, 1948 ("MWA") came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Under the MWA, every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, manual or clerical (including out-workers) in any employment listed in the schedule to the MWA, in respect of which minimum rates of wages have been fixed or revised under the MWA. Construction of Buildings, Roads, and Runways are scheduled employments. It prescribes penalties for non-compliance by employers for payment of the wages thus fixed.

The Industrial Disputes Act, 1947 and Industrial Dispute (Central) Rules, 1957

The Industrial Disputes Act, 1947 ("ID Act") was enacted to make provision for the investigation and settlement of industrial disputes and for other purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labour legislations. The ID Act also sets out certain requirements in relation to the termination of a workman's services. This includes a detailed procedure prescribed for the resolution of disputes with labour, removal, and certain financial obligations upon retrenchment. The Industrial Disputes (Central) Rules, 1957 also specify procedural guidelines for lockouts, closures, lay-offs, and retrenchment.

The Employees State Insurance Act, 1948

Employees State Insurance Act, 1948("**ESI Act**") provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. In addition, the employer is also required to register under the ESIC Act and maintain prescribed records and registers.

Payment of Gratuity Act, 1972

The Payment of Gratuity Act, 1972 ("**PG Act**") applies to every factory and shop or establishment in which ten or more employees are employed. Gratuity is payable to an employee on termination of his employment after he has rendered continuous service for not less than 5 (five) years.

- On his/her superannuation.
- On his/her retirement or resignation.
- On his/her death or disablement due to accident or disease (in this case the minimum requirement of 5 Years is not applicable.)

Payment of Bonus Act, 1965

The PoB Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

The Employees Provident Fund and Miscellaneous Provisions Act, 1952 ("Act") and the schemes formulated there under ("Schemes")

The Employees Provident Funds and Miscellaneous Provisions Act, 1952 ("EPF Act") was introduced with the object to institute compulsory provident fund for the benefit of employees in factories and other establishments. EPF Act provides for the institution of provident funds and pension funds for employees in establishments where more than 20 (twenty) persons are employed and factories specified in Schedule I of the EPF Act. Under the EPF Act, the Central Government has framed the "Employees Provident Fund Scheme".

Code on Wages, 2019

The Code on Wages, 2019 regulates and amalgamates wage and bonus payments and subsumes four existing laws namely – the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965and the Equal Remuneration Act, 1976. It regulates, inter alia, the minimum wages payable to employees, the manner of payment and calculation of wages and the payment of bonus to employees.

Maternity Benefit Act, 1961

This is a legislation aimed at regulating the employment of women in certain establishments for certain periods before and after child-birth and to provide for maternity benefit and certain other benefits.

Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

This Act aims to prevent and address incidents of sexual harassment of women at their place of work and provide a mechanism for redressal of complaints related to such harassment.

Employees' Compensation Act, 1923

The Employees' Compensation Act, 1923 is a significant piece of legislation in India designed to provide financial protection to employees and their dependents in the event of workplace injuries or occupational diseases. This Act ensures that employees receive timely compensation for injuries sustained during the course of their employment.

Equal Remuneration Act, 1976

The Act aims to provide for the payment of equal remuneration to men and women workers and for the prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto.

Child Labour (Prohibition and Regulation) Act, 1986

The Child Labour (Prohibition and Regulation) Act, 1986 is an Act to prohibit the engagement of children in certain employments and to regulate the conditions of work of children in certain other employments.

Apprentice Act, 1961 read with The National Policy of Skill Development and Entrepreneurship 2015

The Apprentices Act, 1961 was enacted with the objective of regulating the program of training of apprentices in the industry by utilizing the facilities available therein for imparting on-the-job training. The National Policy of Skill Development and Entrepreneurship 2015, launched by the Hon'ble Prime Minister on 15th July, 2015, focuses on apprenticeship as one of the key programs for creating skilled manpower in India. The Apprentices Act, 1961 makes it obligatory for employers to engage apprentices under a duly executed contract, in designated trades and in optional trades. Directorate General of Training (DGT) under Ministry of Skill Development & Entrepreneurship monitors the

implementation of the scheme of apprenticeship training. All establishments having work force (regular and contract employees) of 30 or more are mandated to undertake Apprenticeship Programs in a range from 2.5% -15% of its workforce every year.

Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020 and proposes to subsume certain existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979 and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. The provisions of this code will be brought into force on a date to be notified by the Central Government. The Central Government has issued the draft rules under the Occupational Safety, Health and Working Conditions Code, 2020. The draft rules provide for operationalization of provisions in the Occupational Safety, Health and Working Conditions Code, 2020 relating to safety, health and working conditions of the dock workers, building or other construction workers, mines workers, inter-state migrant workers, contract labor, journalists, audio-visual workers and sales promotion employees.

GENERAL LAWS

The Bharatiya Nyaya Sanhita, 2023

The Bharatiya Nyaya Sanhita, 2023 **("BNS")** was enacted to consolidate and amend the law relating to offences and matters connected therewith or incidental thereto, replacing the Indian Penal Code, 1860. It aims to modernize India's penal framework by simplifying classifications, revising punishments, and addressing contemporary offences such as cybercrime and economic offences. Key provisions include the introduction of community service as a form of punishment, omission of the sedition offence, restructured chapters and sections, and modernization of definitions and territorial applicability. The Act seeks to ensure a fair, efficient, and technology-driven criminal justice system.

The Bharatiya Nagarik Suraksha Sanhita, 2023

The Bharatiya Nagarik Suraksha Sanhita, 2023 **("BNSS")** consolidates and amends the law relating to criminal procedure in India, replacing the Code of Criminal Procedure, 1973. It provides the procedural framework for investigation, inquiry, trial, and punishment under the new criminal justice system. The Act emphasizes speedy trials, digital and forensic integration, protection of victims' rights, and enhanced accountability of investigating agencies. It reorganizes courts and authorities, defines their jurisdictions, and introduces time-bound investigation and trial processes to ensure efficiency and transparency in criminal proceedings.

The Bharatiya Sakshya Adhiniyam, 2023

The Bharatiya Sakshya Adhiniyam, 2023 **("BSA")** replaces the Indian Evidence Act, 1872 and governs the law of evidence applicable to judicial proceedings in India. The Act aligns evidentiary rules with the digital age by recognizing electronic records, digital signatures, and expert testimony from various fields. It redefines the concepts of primary and secondary evidence, modernizes the rules relating to admissibility and burden of proof, and simplifies archaic language. The Act aims to strengthen the integrity of judicial proceedings through clarity, inclusiveness, and recognition of technological evidence.

The Indian Contract Act, 1872

The Indian Contract Act, 1872 **("Contract Act")** codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. It provides a framework of rules and regulations that governs the formation and performance of contracts. The contracting parties themselves decide the rights and duties of the parties and the terms of the agreement.

The Arbitration and Conciliation Act, 2015

The Arbitration and Conciliation Act **("Arbitration Act")** was enacted to consolidate and amend the law relating to domestic arbitration, international commercial arbitration and enforcement of foreign arbitral awards as also to define the law relating to conciliation and for matters connected therewith or incidental thereto. The Act provides for the arbitral tribunal to give reasons for its arbitral award, to ensure that the arbitral tribunal remains within the limits of its jurisdiction thus minimizing the supervisory role of courts in the arbitral process. There are many provisions that also permit an arbitral tribunal to use mediation, conciliation or other procedures during the arbitral proceedings to encourage settlement of disputes, to provide that every final arbitral award is enforced in the same manner as if it were a decree of the court, to provide that a settlement agreement reached by the parties as a result of conciliation proceedings will have the same status and effect as an arbitral award on agreed terms on the substance of the dispute rendered by an arbitral tribunal and to provide that, for purposes of enforcement of foreign awards, every arbitral award made in a country to which one of the two International Conventions relating to foreign arbitral awards to which India is a party applies, will be treated as a foreign award.

The Transfer of Property Act, 1882

The Transfer of Property, 1882 **("T.P. Act")** including immovable property, between living persons, as opposed to the transfer property by operation of law, is governed by the T.P. Act. The T.P. Act establishes the general principles relating to the transfer of property, including among other things, identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. Transfer of property is subject to stamping and registration under the specific statutes.

The Registration Act, 1908

It was enacted to provide public notice of documents that affect the transfer of interest in immovable property, ensuring transparency and preventing fraud. Its primary purpose is to conserve evidence, assure title, and publish documents related to property transactions. Section 17 of the Act mandates the compulsory registration of non-testamentary instruments that create, declare, assign, limit, or extinguish any right, title, or interest in immovable property valued at one hundred rupees or more, as well as leases exceeding one year or reserving yearly rent. Unregistered documents affecting property are not legally valid or admissible as evidence, except in cases involving specific performance or part performance under the Transfer of Property Act,1882. Registration of such documents, while necessary for legal recognition, does not guarantee the title to the land, which must be verified through other means. Registered property records can be inspected for evidence of transactions.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. The Act provides effective legal provisions to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheques not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

The Indian Stamp Act, 1899

It governs the payment of stamp duty on instruments or documents that evidence the transfer, creation, or extinguishment of any right, title, or interest in immovable property. The Act prescribes specific stamp duty rates, detailed in Schedule I, for various instruments. However, under the Constitution of India, individual states have the authority to set or modify stamp duty rates for documents executed within their jurisdiction. If an instrument liable to stamp duty under the Act is not duly stamped, it cannot be admitted as evidence of the transaction. The Act also empowers certain authorities to impound unstamped or insufficiently stamped documents and impose penalties. Instruments not properly stamped may be validated by paying a penalty, which can be up to 10 times the duty payable on such documents.

Consumer Protection Act, 2019

The Consumer Protection Act, 2019 ("**CPA 2019**") has superseded the Consumer Protection Act, 1986 and came into force on July 20, 2020. The CPA 2019 has introduced certain definitions including, *inter alia*, 'product liability', product manufacturer' and 'defect'. The CPA Act 2019 further established the Central Consumer Protection Authority to protect, promote and enforce the rights of the consumers.

Competition Act, 2002

The Competition Act is an act to prevent practices having adverse effects on competition, to promote and sustain competition in markets, to protect the interests of consumers and to ensure freedom of trade in India. The act deals with the prohibition of (i) certain agreements such as anti-competitive agreements and (ii) abuse of dominant position and regulation of combinations. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Competition Act. The prima facie duty of the Competition Commission of India **("Commission")** is to eliminate practices having adverse effects on competition, promote and sustain competition, protect the interests of consumers and ensure freedom of trade. The Commission shall issue notice to show cause to the parties to combination calling upon them to respond within 30 days in case it is of the opinion that there has been an appreciable adverse effect on competition in India. In case a person fails to comply with the directions of the Commission and Director General (as appointed under Section 16(1) of the Competition Act), he shall be punishable with a fine which may extend to Rs.100,000 for each day during such failure subject to a maximum of Rs.10,000,000, as the Commission may determine.

Sale of Goods Act 1930

The Indian Sale of Goods Act, 1930, aims to regulate the sale of goods in India, establishing a clear framework for commercial transactions. Its primary objective is to provide a comprehensive set of rules governing the rights and obligations of buyers and sellers, thereby promoting fair trade practices. The Act outlines the conditions for valid contracts, delivery of goods, and transfer of ownership, ensuring transparency and accountability in transactions. It also addresses issues related to warranties, representations, and remedies for breach of contract.

The Micro, Small and Medium Enterprises Development Act, 2006read with Industries (Development and Regulation) Act, 1951

MSME Act was enacted to provide for facilitating the promotion and development and enhancing the competitiveness of micro, small and medium enterprises. Any person who intends to establish (a) a micro or small enterprise, at its discretion; (b) a medium enterprise engaged in providing or rendering of services may, at its discretion; or (c) a medium enterprise engaged in manufacture or production of goods pertaining to any industry specified in the First Schedule to the Industries (Development and Regulation) Act, 1951 is required to file a memorandum before such authority as specified by the State Government or the Central Government. Accordingly, in exercise of this power under the MSME Act, the Ministry of Micro, Small and Medium Enterprises notification dated September 18, 2015, specified that every micro, small and medium enterprises is required to file a Udyog Adhaar Memorandum in the form and manner specified in the notification.

REGULATIONS RELATED TO FOREIGN TRADE AND INVESTMENT

The Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment **("FDI")** through press notes and press releases. The Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce &Industry, Government of India makes policy pronouncements on FDI through Consolidated FDI Policy Circular/Press Notes/Press Releases which are notified by the Department of Economic Affairs (DEA), Ministry of Finance, Government of India as amendments tothe Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 under the Foreign Exchange Management Act, 1999 (42of 1999) (FEMA). DPIIT has issued consolidated FDI Policy Circular of 2020 ("FDI Policy 2020"), which with effect from October15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy that were in force. The Government proposes to update the

consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until an updated circular is issued.

The reporting requirements for any investment in India by a person resident outside India under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 are specified by the RBI. Regulation 4 of the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 vide notification No. FEMA. 395/2019-RB dated 17.10.2019 issued by the RBI stipulates the reporting requirement for any investment in India by a person resident outside India. All the reporting is required to be done through the Single Master Form (SMF) available on the Foreign Investment Reporting and Management System (FIRMS) platform at https://firms.rbi.org.in.

Under the current FDI Policy of 2020, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations.

Foreign Exchange Management Act, 1999 ("FEMA") and Regulations framed thereunder:

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the 'automatic route' within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIF and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security toa person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2015 for regulation on exports of goods and services.

Foreign Trade Policy, 2023:

The Central Government of India in exercise of powers conferred under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992 (No. 22 of 1992) [FT (D&R) Act], as amended, has notified Foreign Trade Policy (FTP) 2023 which is effective from April 01, 2023 and shall continue to be in operation unless otherwise specified or amended. It provides for a framework relating to export and import of goods and services.

The Foreign Trade Act (Development and Regulation) Act, 1992 (the "Foreign Trade Act")

The Foreign Trade Act has empowered the Government to make provisions for the development as well as regulation of foreign trade by the way of facilitating imports into as well as augmenting exports from the country and in all the other matters related to foreign trade. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given wide power to prohibit, restrict and regulate exports and imports in general as well as specified cases of foreign trade. The Foreign Trade Act provides for certain appointments, especially that of the Director-General to advise the Central Government in formulating import and export policy and to implement the same. Further, the act commands every importer as well as exporter to obtain a code number called the Importer Exporter Code Number (IEC) from the Director-General or the authorized officer. The act provides for the balancing of all the budgetary targets in terms of imports and exports. The principal objectives here include the facilitation of sustain growth as to the exports of the country, the distribution of quality goods and services to the domestic consumer at internationally competitive prices, stimulation of sustained economic growth by providing access to essential raw materials as well as enhancement of technological strength, industry as well as services and improvement of their competitiveness to meet all kinds of requirement of the global markets.

Annexure IV: Significant Accounting Policies

Annexure IV: Significant Accounting Policies

1. Basis of preparation:

The summary statement of restated assets and liabilities of the Company as at 30th September, 2026, 31st March, 2026, 31st March 2025, 04th August 2024 and 31st March 2024 and the related summary statement of restated profit and loss and cash flows for the Period ended 30th September and year ended 31st March 2026, 31st March 2025, and 31st March, 2024 and Period ended 04th August 2024 (collectively referred to as the "Restated summary financial information') have been prepared specifically for the purpose of inclusion in the offer document to be filed by the Company in connection with the proposed Initial Public Offering (hereinafter referred to as 'IPO').

The restated summary financial information has been prepared by applying necessary adjustments to the financial statements ('financial statements') of the Company. The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the accounting standards specified under section 133 of the Companies Act, 2013, of the Companies (Accounts) Rules, 2014 and with Companies (Accounting Standards) Rules, 2021 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable and Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) regulations 2018, as amended (the "Regulations"). The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistently applied.

2. Use of Estimates

The preparation of the financial statements in conformity with Generally Accepted Accounting Principles requires the Management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and the reported amounts of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, income taxes, post-sales customer support and the useful lives of Property Plant and equipment and intangible assets.

3. Current versus non-current classification:

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

a) An asset is current when it is:
   - Expected to be realized or intended to be sold or consumed in the normal operating cycle,
   - Held primarily for the purpose of trading,
   - Expected to be realized within twelve months after the reporting period, or
   - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

   All other assets are classified as non-current.

b) A liability is current when:
   - It is expected to be settled in the normal operating cycle,
   - It is held primarily for the purpose of trading,
   - It is due to be settled within twelve months after the reporting period, or
   - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

   All other liabilities are classified as non-current.

c) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

d) The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents.

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

4. Revenue recognition:
Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured in accordance with AS-9, Revenue Recognition. Sales are recognized on accrual basis, and only after transfer of goods to the customer.

Revenue is measured at the fair value of the consideration received or receivable where the ownership and significant risk have been transferred to the buyer.

Sales returns are accounted for / provided for in the year in which they pertain to, as ascertained till the finalization of the books of account.

5. Other Income:
Other items of income and expenditure are recognized on accrual basis and as a going concern basis, and the accounting policies are consistent with the generally accepted accounting policies.

6. Property Plant and Equipment and Intangible assets:
Fixed assets are carried at cost less accumulated depreciation / amortization and impairment losses, if any. The cost of fixed assets comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. Spare parts are treated as capital assets when they meet the definition of property, plant and equipment. Otherwise, such items are classified as inventory. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalized and depreciated over the useful life of the principal item of the relevant assets. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for, as separate items (major components) of property, plant and equipment. Any gains or losses on their disposal, determined by comparing sales proceeds with the carrying amount, are recognized in the Statement of Profit or Loss.

Subsequent expenditure on fixed assets after its purchase / completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected to arise from its use. Any gain or loss arising from its de-recognition is measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss when the asset is de-recognized.
The Company has not revalued its Property, Plant and Equipment.
Intangible assets are carried at cost less accumulated amortization and impairment losses, if any. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use, net of any trade discounts and rebates. Subsequent expenditure on an intangible asset after its purchase is recognized as an expense when incurred unless it is probable that such expenditure will enable the asset to generate future economic benefits over its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably, in which case such expenditure is added to the cost of the asset.

7. Depreciation & Amortization:
The Company has applied the estimated useful lives as specified in Schedule II of the Companies Act 2013 and calculated the depreciation as per the Written Down Value Method. Depreciation on new assets acquired during the year is provided at the rates applicable from the date of acquisition to the end of the financial year. In respect of the assets sold during the year, depreciation is provided from the beginning of the year till the date of its disposal.
Intangible assets are amortized on a straight-line basis over the estimated useful life as specified in Schedule II of the Companies Act 2013. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss. In respect of the assets sold during the year, amortization is provided from the beginning of the year till the date of its disposal.

The estimated useful lives of assets are as follows:

Category	Useful life
Vehicle	10 years
Electric Fittings	10 years
Furniture & Fixtures	10 years
Office Equipment	15 years
Plant & Machinery	10 years
Building	30 years

8. Impairment of assets:

The Management periodically assesses using, external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. The carrying values of assets are reviewed at each reporting date to determine if there is indication of any impairment. If any indication exists, the assets recoverable amount is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each reporting date. An impairment loss is recognized whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognized in the Statement of Profit and Loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortization, if no impairment loss had been recognized.

9. Taxes on Income:

Income Tax expense is accounted for in accordance with AS-22 "Accounting for Taxes on Income" for both Current Tax and Deferred Tax stated below:

A. Current Tax:

Provision for current tax is made in accordance with the provisions of the Income Tax Act, 1961.

B. Deferred Tax:

Deferred tax is recognised, subject to the consideration of prudence, as the tax effect of timing difference between the taxable income and accounting income computed for the current accounting year using the tax rates and tax laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax assets are recognised and carried forward to the extent that there is a reasonable certainty, except arising from unabsorbed depreciation and carried forward losses, that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realize the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

Deferred tax assets are reviewed at each balance sheet date for their realis ability.

10. Provisions and Contingent Liabilities:

A provision is recognised if, as a result of past event, the Company has a present legal obligation that can be estimated reliably and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions are determined by the best estimate of outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. The Company does not recognize assets which are of contingent nature. However, if it has become virtually certain that an inflow of economic benefits will arise, the asset and related

income are recognized in the financial statements of the period in which the change occurs.

11. Earnings Per Share:
Basic Earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. The weighted number of equity shares outstanding during the period is adjusted for events that have changed the number of equity shares outstanding, without a corresponding change in resources. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. Diluted earnings per share are computed using the weighted average number of equity and dilutive potential equity shares outstanding during the year, except where the results would be anti-dilutive.

12. Operating Leases
Lease where the Lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating lease. Operating lease payments are recognized as an expense in the Profit and Loss Account on a straight-line basis.

13. Cash and Cash Equivalents:
Cash and cash equivalents comprise cash and cash deposits with banks. The Company considers all highly liquid investments with an original maturity at a date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents. Other deposits with bank represent investments with an original maturity at a date of purchase between 3 months and 12 months. Further, Cash equivalents also include other Bank Balances with maturity of more than 12 months.

14. **Cash flow statement**
Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

15. Foreign Currency Transactions
In preparing financial statements of the company, transactions in currencies other than the functional currency are recorded at the rate of exchange Prevailing on the date of transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in the statement of profit and loss for the period Exchange differences arising on retranslation on non-monetary items carried at fair value are included in statement of profit and loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income.

16. Inventories
Stock of Raw Materials, components and other stocks are valued at Cost (FIFO Basis) (net off CENVAT & GST wherever applicable) Finished products including traded goods and work-in-process are valued at lower of cost or net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

17. Borrowing Cost
General and Specific Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take Substantial period of time to get ready for their intended for use are added to the cost of those assets. All other borrowing costs are recognized as an expense in Statement of Profit and Loss in the

period in which they are incurred. Other income earned on the temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

18. **Segment Information**

Based on the principles for determination of segments given in Accounting Standard 17 "Segment Reporting" notified by Companies (Accounting Standard) Rules, 2021 and as amended from time to time, the company is mainly engaged in the activity surrounded with main business of the Company hence there is no reportable segment.

19. **Prior Period Expenditure**

The change in estimate due to error or omission in earlier period is treated as prior period items. The items in respect of which liability has arisen/crystallized in the current year, though pertaining to earlier year is not treated as prior period expenditure.

20. Extra Ordinary Items

The income or expenses that arise from event or transactions which are clearly distinct from the ordinary activities of the Company and are not recurring in nature are treated as extra ordinary items. The extra ordinary items are disclosed in the statement of profit and loss as a part of net profit or loss for the period in a manner so as the impact of the same on current profit can be perceived.

21. **Other Accounting Policies**

Other Accounting Policies which are not covered here in above are consistent with generally accepted accounting principles applicable in India.

I	Current Ratio	3,205.61	1,121.11	2.86	2,532.45	1,034.93	2.45	0.41	N/A
II	Debt Equity Ratio	175.39	2,216.96	0.08	418.94	1,702.89	0.25	-0.17	N/A
III	Debt Service Coverage Ratio	586.02	20.08	29.19	628.12	325.61	1.93	27.26	Drastic reduction in scheduled debt obligations falling due in the current half-year period, exponentially improving the cash coverage multiple.
IV	Return On Equity Ratios	418.59	1,959.92	21.36%	423.63	1,273.54	33.26%	-11.91%	N/A
V	Inventory Turnover Ratio	2,673.04	1,594.39	1.68	4,257.94	1,031.41	4.13	-2.45	The drop reflects unannualized half-yearly Cost of Goods Sold (COGS) driving the numerator, alongside building inventory reserves for upcoming peak seasons.
VI	Trade Receivables Turnover Ratio (in Times)	3,011.12	677.67	4.44	4,740.47	435.34	10.89	-6.45	Reflects mid-year unannualized credit revenue. Total revenue generated in 6 months naturally accounts for a lower turnover multiple against the closing receivables.
VII	Trade Receivables Turnover Ratio (In Days)	365.00	4.44	82.00	365.00	10.89	33.00	49.00	The increase to 82 days is a mathematical variance caused by using a 6-month revenue numerator against a 365-day multiplier without annualization.
VIII	Trade Payables Turnover Ratio (In Times)	2,502.26	650.29	3.85	4,212.00	424.47	9.92	-6.07	Reflects unannualized mid-year purchases/expenses against outstanding supplier obligations at the half-year cutoff.
IX	Trade Payables Turnover Ratio (in Days)	365.00	3.85	94.00	365.00	9.92	36.00	58.00	The expansion in days is a reporting artifact of matching a 6-month purchasing cycle against a full 365-day calculation standard.
X	Net Profit Ratio	418.59	3,011.12	13.90%	423.63	4,740.47	8.94%	4.97%	N/A

The following discussion is intended to convey management's perspective on our financial condition and results of operations for the period ended September 30, 2026 and the financial years ended March 31, 2026, March 31, 2025 and March 31, 2024. This discussion should be read in conjunction with the Restated Financial Statements and other sections of the Prospectus. Unless otherwise stated, the financial information of our Company used in this section has been derived from the Restated Financial Information. Our financial year ends on March 31 of each year.

In this section, unless the context otherwise requires, any reference to "we", "us", "our" or "Company" refers to Antala Industries Limited. Unless otherwise indicated, the financial information included herein is based on our Restated Financial Statements for the period ended September 30, 2026 and the financial years presented in this Updated Draft Red Prospectus. The financial information for the financial year ended March 31, 2025 represents the aggregate of the period from April 01, 2024 to August 04, 2024, when the business was carried on as a partnership firm, and the period from August 05, 2024 to March 31, 2025, following conversion into a company, as presented in the Restated Financial Statements.

BUSINESS OVERVIEW

Our Company was originally formed as a partnership firm under the name 'M/s Octagon Industries' pursuant to a deed of partnership dated April 30, 2021 under the Indian Partnership Act, 1932. The partnership firm was thereafter converted into a Public Limited Company under Section 366 of Part I of Chapter XXI of the Companies Act, 2013, as 'Antala Industries Limited', pursuant to a certificate of incorporation dated August 05, 2024 issued by the Registrar of Companies, Central Registration Centre. The Corporate Identification Number of the Company is U22208GJ2024PLC154065.

Antala Industries Limited is engaged in the business of manufacturing, processing, printing, laminating and supplying industrial and commercial packaging products. The Company specialises in BOPP Bags, BOPP Printing Rolls, BOPP Lamination Rolls, PP Woven Bags and PP Woven Lamination Rolls and provides customised packaging solutions to customers across industries such as food processing, fertilizers, chemicals, cement, construction materials, textiles and seeds.

The Company operates an integrated manufacturing facility located at Shapar, Rajkot, Gujarat, equipped with extrusion, coating and lamination, rotogravure printing, roll-to-roll multi-colour printing, cutting, stitching and finishing infrastructure. The integrated manufacturing setup enables the Company to undertake key manufacturing activities in-house and supports quality control, production efficiency and timely delivery of customised packaging solutions.

- BOPP Bags – manufactured using BOPP film laminated with woven polypropylene fabric and customised in terms of size, printing, colours, finishes and closure requirements.
- BOPP Printing Rolls – customer-specific printed BOPP films produced using rotogravure printing technology for subsequent conversion into packaging products.
- BOPP Lamination Rolls – semi-finished packaging material produced by bonding printed BOPP film with PP woven fabric through extrusion lamination.

The Company also manufactures the following woven packaging products:

1. PP Woven Bags
2. PP Woven Lamination Rolls
3. Customised woven packaging products and rolls

The Company's products are used for packaging applications across food processing, fertilizers, chemicals, cement and construction materials, textiles, seeds and other industrial and commercial applications.

The Company's packaging solutions are designed to provide strength, durability, moisture resistance, printability and product protection, while enabling customers to customise packaging according to their product and branding requirements.

The Company places emphasis on quality control and customer satisfaction and holds certifications including ISO 9001:2015, ISO 14001:2015, ISO 22000:2018 and ISO 45001:2018.

The Company's manufacturing process integrates printing, lamination, cutting, stitching, finishing and packaging, allowing it to provide customised solutions while maintaining control over quality and production timelines.

The Company undertakes marketing activities through direct interactions with existing and prospective customers and focuses on understanding customer requirements and executing orders according to customer specifications. Its integrated manufacturing capabilities and customer-focused approach support repeat business and long-term customer relationships.

The Promoters, Rajeshkumar Chandulal Antala and Pankajkumar Chandulal Antala, have over 29 years of experience in the packaging industry. Their experience in manufacturing operations, product development, customer relationship management and business expansion has contributed to the Company's development and growth.

SIGNIFICANT FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our business is subjected to various risks and uncertainties, including those discussed in the section titled "Risk Factor" beginning on page 19 of this Prospectus. Our results of operations and financial conditions are affected by numerous factors including the following:

- Changes, if any, in the regulations / regulatory framework / economic policies in India and / or in foreign countries, which affect national & international finance.
- Substantial portion of our revenues has been dependent upon few customers. The loss of any one or more of our major customers would have a material adverse effect on our business, cash flows, results of operations and financial condition.
- We generally do business with our customers on purchase order basis and do not enter into long term contracts with them. Our inability to maintain relationships with our customers could have an adverse effect on our business, prospects, results of operations and financial condition.
- Higher capacity utilization results in greater production volumes and higher sales and allows us to spread our fixed costs over a higher quantity of products sold, thereby increasing our profit margins. Our capacity utilization is affected by the product requirements of, and procurement practice followed by, our customers.
- The Company operates in the packaging industry, which is characterised by the presence of organised and unorganised manufacturers at regional and national levels. The Company competes on factors including product

quality, pricing, product specifications, manufacturing capabilities, timely delivery and customer relationships.

- The Company's packaging products cater to diverse end-use industries including food processing, fertilizers, chemicals, cement and construction materials, textiles and seeds. The ability to provide customised packaging solutions across these applications supports the Company's market presence and customer requirements.
- Inflation, deflation, unanticipated turbulence in interest rates,
- Our dependence on our key personnel, including our directors and senior management;
- Our ability to successfully implement our business strategy and plans;
- The occurrence of natural disasters or calamities;
- Other factors beyond our control

The growth was primarily driven by the increase in Revenue from Operations, while Other Income remained broadly stable.

- **Revenue from operations**

Total Revenue from Operations for the Financial Year 2025-26 stood at Rs. 4,740.47 Lakhs as compared to Rs. 3,184.99 Lakhs in Financial Year 2024-25(From 01.04.2024 to 04.08.2025, total revenue is 682.78 lakhs and from 05.08.2024 to 31.03.2025, total revenue is 2502.21 lakhs), representing an increase of 48.84%. The increase was supported by higher utilisation of the Company's integrated manufacturing capabilities and increased execution of customer orders across its BOPP Bags, BOPP Printing Rolls, BOPP Lamination Rolls, PP Woven Bags and PP Woven Lamination Rolls. The Company's products serve customers across food processing, fertilizers, chemicals, cement and construction materials, textiles, seeds and other industrial packaging segments, providing a diversified end-user base.

Reasons for Growth in Revenue from Operations:

1. **Capacity Utilisation**: The Company recorded a substantial improvement in utilisation of its manufacturing capacity during FY 2025-26. Printing machinery utilisation increased from 51.26% in FY 2024-25 to 76.05% in FY 2025-26, while lamination machinery utilisation increased from 51.68% to 76.67%. Cutting and stitching machinery utilisation also increased to 71.43% in FY 2025-26. This higher utilisation enabled the Company to process and fulfil a larger volume of customer requirements.

2. **Customer-Focused Manufacturing and Direct Marketing:** The Company's marketing activities are carried out through direct interaction with existing and prospective customers. Production, quality control and dispatch are coordinated with customer requirements and purchase orders, enabling the Company to provide customised packaging solutions and support timely delivery. These customer-focused processes support repeat business and long-term customer relationships.

3. **Addition of Manufacturing Equipment:** During FY 2025-26, the Company purchased Roll-to-Roll Printing Machinery and an Auto Cutting Machine in October 2025. The addition of these machines increased the Company's installed manufacturing capacity and supported higher production and order execution during the year.

- **Other Income**

Other Income for the Financial Year 2025-26 stood at Rs. 12.89 Lakhs as compared to Rs. 12.70 Lakhs in Financial Year 2024-25(From 01.04.2024 to 04.08.2024, total other income is Rs. 1.46 lakhs and from 05.08.2024 to 31.03.2025, total other income is Rs. 11.24 lakhs), representing an increase of 1.50%. Other Income remained relatively stable and mainly comprised rebates and discounts received and interest income

Expenditure

- **Total Expenses**

Total Expenses for the Financial Year 2025-26 stood at Rs. 4,187.26 Lakhs as compared to Rs. 2,940.89 Lakhs in Financial

Year 2024-25(From 01.04.2024 to 04.08.2024, total expense is Rs. 642.00 lakhs and from 05.08.2024 to 31.03.2025, total expense is Rs. 2,298.89 lakhs), representing an increase of 42.38%. The increase in expenses was broadly associated with the higher scale of manufacturing and sales activity, including higher consumption of production inputs, employee-related costs, operating expenses, depreciation and finance costs. Despite the increase in absolute expenses, Total Income grew at a higher rate, supporting the improvement in profitability.

- **Cost of Material Consumed**

  Total Cost of Material Consumed for the Financial Year 2025-26 stood at Rs. 4,257.94 Lakhs as compared to Rs. 2,997.01 Lakhs in Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, total cost is of material Rs. 560.70 lakhs and from 05.08.2024 to 31.03.2025, cost of material is Rs. 2,436.31 lakhs), representing an increase of 42.07%. The increase was in line with the higher scale of manufacturing operations and increased utilisation of printing, lamination and conversion capacity.

  The Company's principal raw materials include Polypropylene (PP) granules, LDPE granules, filler granules, BOPP film and PP woven fabric, along with secondary and consumable materials such as printing inks and stitching threads. Higher production and order execution resulted in increased consumption of these inputs. The increase in material consumption is therefore aligned with the growth in the Company's manufacturing activity and product volumes.

- **Change in Inventory**

  Total change in inventory for the Financial Year 2025-26 stood at Rs. (292.54) Lakhs as compared to Rs. (190.52) Lakhs in Financial Year 2024-25 (from 01.04.2024 to 04.08.2024, total change in inventory is Rs. 43.33 lakhs and from 05.08.2024 to 31.03.2025, total change in inventory is Rs. (233.85) lakhs). The movement reflects changes in raw material, work-in-progress and finished goods levels associated with the higher scale of production and order execution. The Company maintains inventory to support its integrated printing, lamination, cutting, stitching and finishing operations and timely fulfilment of customer requirements.

- **Employment Benefit Expenses**

  Employee Benefit Expenses for the Financial Year 2025-26 stood at Rs. 65.90 Lakhs as compared to Rs. 39.79 Lakhs in Financial Year 2024-25(From 01.04.20254 to 04.08.2024, total employee benefit expenses are 14.89 lakhs and from 05.08.2024 to 31.03.2025, employee benefit expenses are Rs. 24.90 lakhs), representing an increase of 65.62%. The increase was in line with the higher scale of business operations and the employee resources required across production, sales, administration and finance but mostly due to management functions. The Company's human resource structure supports manufacturing, customer coordination and other operational requirements.

- **Other Expenses**

  Other Expenses for the Financial Year 2025-26 stood at Rs. 86.13 Lakhs as compared to Rs. 56.13 Lakhs in Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, total other expense is 15.64 lakhs and from 05.08.2024 to 31.03.205, total other expense is Rs. 40.49 lakhs), representing an increase of 53.45%. The increase was primarily associated with the higher scale of operations, including management related expenses, logistics, repairs and maintenance, administrative expenses and other operating costs. The Company uses independent third-party logistics service providers for transportation of raw materials and finished goods, with service providers selected based on reliability, delivery timelines, geographical coverage and commercial competitiveness. The company has obtained the professional competence of the managers to increase the revenue & profit margins; Hence indicating increase in Legal, Professional & Consultancy Charges.

- **Depreciation and Amortization Expenses**

  Depreciation and Amortization Expenses for the Financial Year 2025-26 stood at Rs. 39.73 Lakhs as compared to Rs. 26.64 Lakhs in Financial Year 2024-25(From 01.04.2024 to 04.08.2024, total depreciation is Rs. 7.44 lakhs and From 05.08.2024 to 31.03.2025, total depreciation is Rs. 19.20 lakhs), representing an increase of 49.14%. The increase was supported by additions to the Company's plant and machinery during the year, including Roll-to-Roll Printing Machinery and an Auto Cutting Machine purchased in October 2025, together with the Company's existing integrated manufacturing infrastructure.

- **Finance Cost**

  Finance Cost for the Financial Year 2025-26 stood at Rs. 30.09 Lakhs as compared to Rs. 11.84 Lakhs in Financial Year

2024-25 (From 01.04.2024 to 04.08.2024, total finance cost is Nil and from 05.08.2024 to 31.03.2025, total finance cost is Rs. 11.84 lakhs), representing an increase of 154.14%. The increase reflects the higher financing and interest burden associated with the Company's business operations and capital requirements during a period of increased manufacturing activity and capacity enhancement.

- **Restated Profit before Tax**

The Restated Profit Before Tax for the Financial Year 2025-26 stood at Rs. 566.10 Lakhs as compared to Rs. 256.79 Lakhs in Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, PBT is 42.23 lakhs and from 05.08.2024 to 31.03.2025, PBT is Rs. 214.56 lakhs), representing an increase of 120.45%. PBT margin improved from 8.03% to 11.91%. The improvement was supported by higher revenue, substantially improved capacity utilisation and better absorption of operating costs as the Company's manufacturing volumes increased.

- **Restated Profit after Tax**

The Restated Profit After Tax for the Financial Year 2025-26 stood at Rs. 423.63 Lakhs as compared to Rs. 181.65 Lakhs in Financial Year 2024-25 (from 01.04.2024 to 04.08.2024, PAT is Rs. 31.60 lakhs and from 05.08.2024 to 31.03.2025, PAT is 150.05 lakhs), representing an increase of 133.21%. PAT margin improved from 5.68% to 8.91%. The improvement in profitability was supported by the growth in revenue, higher utilisation of printing, lamination and conversion capacity and improved absorption of operating costs.

Increase in Profit Margin: Contributing Factors

Higher Capacity Utilisation: The Company's printing, lamination and cutting and stitching capacity utilisation improved significantly during FY 2025-26. Higher utilisation of the integrated manufacturing facility enabled the Company to spread fixed and semi-fixed manufacturing costs over a larger volume of production, supporting operating leverage and profitability.

Integrated Manufacturing and Product Portfolio: The Company undertakes printing, lamination, cutting, stitching, finishing and packaging activities within its integrated manufacturing setup. Its diversified portfolio of BOPP Bags, BOPP Printing Rolls, BOPP Lamination Rolls, PP Woven Bags and PP Woven Lamination Rolls allows it to address varied customer requirements and improve utilisation of its manufacturing infrastructure.

The improvement in PAT margin from 5.68% in Financial Year 2024-25 to 8.91% in Financial Year 2025-26 was primarily attributable to the following factors:

4. **Capacity Utilisation**: Increased utilisation of printing, lamination and cutting and stitching machinery supported higher production and better absorption of fixed manufacturing costs. Utilisation of printing machinery increased to 76.05% and lamination machinery to 76.67% in FY 2025-26.

5. **Customer and Product Diversification:** The Company's presence across food processing, fertilizers, chemicals, cement and construction materials, textiles, seeds and other industrial packaging segments, together with its ability to customise products, supports a diversified revenue base and recurring customer requirements.

DETAILS OF FINANCIAL YEAR ENDED MARCH 31, 2025 COMPARED TO FINANCIAL YEAR ENDED MARCH 31, 2024 (BASED ON RESTATED FINANCIAL STATEMENTS)

Revenues

- **Total Income**

Total Income for the Financial Year 2024-25 stood at Rs. 3,197.69 Lakhs (From 01.04.2024 to 04.08.2024, total income is Rs. 684.23 lakhs and from 05.08.2024 to 31.03.2025, total income is 2513.45 lakhs) as compared to Rs. 1,259.35 Lakhs in Financial Year 2023-24, representing an increase of 153.92%. The significant growth was primarily driven by the increase in Revenue from Operations, supported by the expansion of the Company's operations and increased manufacturing capacity following the business transfer arrangements undertaken during FY 2024-25.

- **Revenue of operations**

Net Revenue from Operations for the Financial Year 2024-25 (From 01.04.2024 to 04.08.2025, total revenue is Rs. 682.78 lakhs and from 05.08.2024 to 31.03.2025, total revenue is Rs. 2,502.21 lakhs) stood at Rs. 3,184.99 Lakhs as compared

to Rs. 1,251.25 Lakhs in Financial Year 2023-24, representing an increase of 154.54%. The increase was supported by the expansion of the Company's manufacturing operations and higher capacity utilisation following the transfer of business from Diya Overseas and Shree Industries under a Business Transfer Agreement dated September 11, 2024. The Company's integrated product portfolio and presence across industrial packaging segments also supported the increase in customer orders and sales.

- **Other Income**

Other Income for the Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, total other income is Rs. 1.46 lakhs and from 05.08.2024 to 31.03.2025, total other income is Rs. 11.24 lakhs) stood at Rs. 12.70 Lakhs as compared to Rs. 8.09 Lakhs in Financial Year 2023-24, representing an increase of 56.98%. The increase was mainly attributable to better rebates and discounts received and higher interest income during the year.

Expenditure

- **Total Expenses**

Total Expenses for the Financial Year 2024-25(From 01.04.2024 to 04.08.2024, total expense is Rs. 642.00 lakhs and from 05.08.2024 to 31.03.2025, total expense is Rs. 2298.89 lakhs) stood at Rs. 2,940.89 Lakhs as compared to Rs. 1,140.99 Lakhs in Financial Year 2023-24, representing an increase of 157.75%. The increase was broadly in line with the substantial increase in manufacturing activity and revenue. The Company incurred higher production, operating, employee-related, depreciation and finance costs as its manufacturing operations and capacity expanded during the year.

- **Cost of Material Consumed**

Total Cost of Material Consumed for the Financial Year 2024-25(From 01.04.2024 to 04.08.2024, total cost of material is Rs. 560.70 lakhs and from 05.08.2024 to 31.03.2025, cost of material is 2436.31 lakhs) stood at Rs. 2,997.01 Lakhs as compared to Rs. 1,151.41 Lakhs in Financial Year 2023-24, representing an increase of 160.29%. The increase was primarily driven by higher manufacturing activity and the corresponding requirement for PP granules, LDPE granules, filler granules, BOPP film and PP woven fabric used in the Company's packaging products. The higher utilization of printing, lamination, cutting and stitching capabilities resulted in increased consumption of principal and consumable raw materials, including printing inks and stitching threads. The increase in material consumption was therefore broadly aligned with the growth in production and sales.

- **Change in Inventory of finished stock and work in Progress**

Total change in inventory for the Financial Year 2024-25 (from 01.04.2024 to 04.08.2024, total change in inventory is 43.33 lakhs and from 05.08.2024 to 31.03.2025, total change in inventory is Rs. (233.85) lakhs) stood at Rs. (190.52) Lakhs as compared to Rs. (72.28) Lakhs in Financial Year 2023-24. The movement reflects changes in raw material, work-in-progress and finished goods inventories associated with the expansion in manufacturing activity and increased order execution. The Company maintained inventory levels to support its integrated production process and timely delivery requirements.

- **Employment Benefit Expenses**

Employee Benefit Expenses for the Financial Year 2024-25 (From 01.04.20254 to 04.08.2024, is total employee benefit expense is Rs. 14.89 lakhs and from 05.08.2024 to 31.03.2025, employee benefit expense is Rs. 24.90 lakhs) stood at Rs. 39.79 Lakhs as compared to Rs. 26.66 Lakhs in Financial Year 2023-24, representing an increase of 49.25%. The increase was associated with the higher scale of operations and the employee resources required to support production, customer coordination, administration, finance and management functions. The business file does not provide historical employee counts for FY 2023-24 and FY 2024-25; accordingly, no specific headcount increase is assumed here.

- **Other Expenses**

Other Expenses for the Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, total other expense is Rs. 15.64 lakhs and from 05.08.2024 to 31.03.205, total other expense is Rs. 40.49 lakhs) stood at Rs. 56.13 Lakhs as compared to Rs. 9.28 Lakhs in Financial Year 2023-24, representing an increase of 504.85%. The increase was associated with the substantial expansion in manufacturing activity and related operating costs, including logistics, repairs and maintenance, administrative expenses and other operating requirements.

- **Depreciation and Amortization Expenses**

Depreciation and Amortization Expenses for the Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, total depreciation is Rs. 7.44 lakhs and from 05.08.2024 to 31.03.2025, total depreciation is Rs. 19.20 lakhs) stood at Rs. 26.64 Lakhs as compared to Rs. 25.91 Lakhs in Financial Year 2023-24, representing an increase of 2.82%. The relatively modest increase was consistent with the Company's expanded plant and machinery base during FY 2024-25, including machinery received from Diya Overseas and Shree Industries as part of the Business Transfer Agreement.

- **Finance Cost**

Finance Cost for the Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, total finance cost is Nil and from 05.08.2024 to 31.03.2025, total finance cost is Rs. 11.84 lakhs) stood at Rs. 11.84 Lakhs as compared to Rs. 0.01 Lakhs in Financial Year 2023-24. The significant increase in finance cost was associated with the Company's introduction of the Cash Credit limit in FY 2024-25.

- **Restated Profit before Tax**

The Restated Profit Before Tax for the Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, PBT is 42.23 lakhs and from 05.08.2024 to 31.03.2025, PBT is 214.56 lakhs) stood at Rs. 256.79 Lakhs as compared to Rs. 118.36 Lakhs in Financial Year 2023-24, representing an increase of 116.96%. However, PBT margin declined from 9.40% to 8.03%, as expenses increased slightly faster than Total Income during the year. The decline in margin occurred despite strong revenue growth, reflecting the costs associated with scaling up manufacturing operations and capacity.

- **Restated Profit after Tax**

The Restated Profit After Tax for the Financial Year 2024-25 (From 01.04.2024 to 04.08.2024, PAT is Rs. 31.60 lakhs and from 05.08.2024 to 31.03.2025, PAT is Rs. 150.05 lakhs) stood at Rs. 181.65 Lakhs as compared to Rs. 88.57 Lakhs in Financial Year 2023-24, representing an increase of 105.09%. PAT margin declined from 7.03% to 5.68%. The lower margin, despite higher absolute profit, was primarily attributable to the higher operating and finance cost base associated with the expansion of manufacturing activity, together with the higher tax burden and expenses related to Business Transfer Agreements. The increase in PAT was supported by the significant growth in revenue and operating scale; however, the higher cost base associated with expanded manufacturing activity and the increase in finance cost and tax expense moderated the improvement in PAT margin.

Movement in Profit Margin: Contributing Factors

1. **Capacity Expansion and Business Transfer:** During FY 2024-25, machinery received from Diya Overseas and Shree Industries under a Business Transfer Agreement dated September 11, 2024 was taken into account for installed capacity. This supported the expansion of the Company's manufacturing capabilities and increased capacity utilisation.

2. **Product Portfolio and End-User Diversification:** The Company manufactures BOPP Bags, BOPP Printing Rolls, BOPP Lamination Rolls, PP Woven Bags and PP Woven Lamination Rolls and serves food processing, fertilizer, chemical, cement and construction, textile and seed industries. This diversified product and end-user base supported revenue growth during the year.

3. **Integrated Manufacturing and Customer-Focused Execution:** The Company's integrated facility enables printing, lamination, cutting, stitching, finishing and packaging activities to be undertaken in-house. Direct customer interaction, customised specifications and coordination across production, quality control and dispatch supported order execution and the growth in sales.

SECTION VI – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, as on the date of this Prospectus, there are no outstanding:(i) criminal proceedings; (ii) actions by statutory or regulatory authorities; (iii) claims relating to direct and indirect taxes; (iv) disciplinary actions including penalties imposed by SEBI or stock exchanges against the Promoters in the last five financial years, including outstanding action; or (v) details of any other pending material litigation (as defined below); involving our Company, its Directors and Promoters (collectively, the "Relevant Parties") (vi) all criminal proceedings and actions taken by regulatory authorities and statutory authorities against such key managerial personnel and senior management of our Company.

As per the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended from time to time, all other pending civil litigations shall be classified as 'material' based on the lower of the threshold criteria mentioned below –

i. 2% of turnover as per latest annual restated financial statements of the issuer - ₹ 94.81 lakhs;

ii. 2% of net worth, as per the latest annual restated financial statements of the issuer, (Not to be considered if the arithmetic value of the net worth is negative) - ₹ 34.06lakhs;

iii. 5% of the average of absolute value of profit or loss after tax, as per the last 3 annual restated financial statements of the issuer ₹ 23.13 lakhs.

Accordingly, our Board, in its meeting held on August 13, 2026 considering the aforesaid limits mentioned in clause (a) to (c) in consideration the lowest threshold in terms of value or expected impact as 5% (five percent) of the average of absolute value of profit or loss as per the last three annual restated financial statements (disregarding the 'sign' (positive or negative) that denotes such value as the said value / figure) being ₹ 23.13 Lakhs. Accordingly, the other pending civil litigation shall be considered Material in the Issue Documents if: a) the aggregate amount involved in such individual litigation exceeds ₹ 23.13 Lakhs; or

b) where the decision in one litigation is likely to affect the decision in similar litigations, even though the amount involved in such single litigation individually may not exceed five percent of the average value profit or loss after tax of the Company, as per the last three annual restated consolidated financial statements; or;

c) any such litigation the monetary liability is not quantifiable, or which does not fulfill the threshold specified in (a) above, but the outcome of which could, nonetheless, have a material adverse effect on the Business, Operations, Performance, Prospects, Financial position or reputation of our Company. The Company has a policy for identification of Material Outstanding Dues to Creditors in terms of the SEBI (ICDR) Regulations, 2018 as amended for creditors where outstanding due to any one of them exceeds Five percent of the trade payables of the Company as per the last audited financial statements of the Company included in the Draft Issue Document and Issue Document. All terms defined in a particular litigation disclosure pertain to that litigation only. Unless stated to the contrary, the information provided below is as of the date of this Prospectus.

All terms defined in a particular litigation disclosure pertain to that litigation only. Unless stated to the contrary, the information provided below is as of the date of this Prospectus.

a) Proceedings Against the Company

1. Criminal Proceedings

As on the date of this DRHP, there are no criminal proceedings initiated against the Company.

2. Actions Taken by Statutory / Regulatory Authorities

As on the date of this DRHP, there are no proceedings initiated by any statutory or regulatory authority against the Company.

3. Tax Proceedings

The tax proceedings initiated against the Company are set out below:

- **INCOME TAX PROCEEDINGS INITIATED AGAINST ANTALA INDUSTRIES LIMITED (PAN: ABBCA1588N) ARE AS FOLLOWS:**

  The Income Tax Officer (Intelligence & Criminal Investigation), Rajkot, vide Letter No. ITBA/COM/F/17/2025-26/1086215284(1) dated 19 February 2026, issued a communication to Antala Industries Limited regarding the filing of Form 61B (Statement of Reportable Accounts) under Section 285BA of the Income-tax Act, 1961 read with Rules 114F to 114H of the Income-tax Rules, 1962. The Department observed that the Company had deducted tax at source during the years 2024 and 2025 (including under Section 194H and Section 194JB) and that tax had also been deducted in its case; however, no Form 61B had been filed for the reporting years 2024-25 and 2025-26. Accordingly, the Company was called upon to furnish details of its ITDREIN, particulars of the Form 61B statements filed for the relevant reporting years, or, if the provisions were not applicable, to submit an appropriate justification. The Department also noted that the due date for filing Form 61B for the calendar year 2024 was 31 May 2025 and directed the Company to submit its response by 23 February 2026.

  Response by the Company: In response to the aforesaid communication, the Company submitted that the notice had been issued on 19 February 2026; however, the due date for filing the relevant Statement of Financial Transactions (SFT) was 30 May 2026. Accordingly, the Company filed the requisite statement on the Income Tax Reporting Portal within the prescribed timeline and furnished its ITDREIN particulars along with supporting documents evidencing such filing. The Form was uploaded on 25 May 2026 under ITDREIN ABBCA1588N.AZ553, and the Income Tax Reporting Portal generated Statement ID 423953664250526 for the reporting period 2025-26. Further, the Data Quality Report (DQR) generated by the Department identified certain report-level defects and exceptions requiring correction, for which a correction statement was required to be submitted.

- **INCOME TAX PROCEEDINGS INITIATED AGAINST ANTALA INDUSTRIES LIMITED (PAN:ABBCA1588N) ARE AS FOLLOWS:**

  Letter dated 04.08.2026 issued by the Income Tax Department, DCIT/ACIT Circle 1(1), Rajkot, informed Antala Industries Limited regarding an outstanding income tax demand for AY 2025-26. As per the demand summary, a demand of ₹71,12,540 was raised under Section 143(1)(a) pursuant to a demand dated 30.06.2026, under Demand Reference No. 20262025374571276l6C, with the entire amount shown as collectible.

  The Company has disagreed with the demand (in full or part) and submitted its response on 08.07.2026. The demand was raised under Section 143(1)(a), with rectification rights lying with CPC, and was served through email and post. The departmental communication bears DIN & Reference No. ITBA/RCV/F/17/2026-27/1091788233(1).

  Further, The Company submitted its response on 05.08.2026, stating that it had opted for the concessional tax regime under Section 115BAA of the Income Tax Act, 1961, applicable from AY 2025-26. The Company contended that, upon valid exercise of the option under Section 115BAA, the provisions relating to Minimum Alternate Tax (MAT) under Section 115JB are not applicable. The Company further confirmed that Form 10-IC was duly filed electronically, bearing Acknowledgement No. 102496550291225, and that tax payable under Section 115BAA had been duly paid, with the relevant tax payment challan submitted along with the response.
  Further, The Income Tax Department, Office of the Assistant Commissioner of Income Tax, DCIT/ACIT Circle 1(1), Rajkot, has issued an Issue Letter dated 11 September 2026 to Antala Industries Limited regarding an outstanding income tax demand for Tax Year 2025-26. As per the demand summary, an amount of ₹71,12,540 is outstanding pursuant to an order dated 30 June 2026 under Section 143(1)(a). The Department has stated that the demand remains unpaid and has requested the company to pay the outstanding amount within 7 days of receipt of the letter, or submit the challan if the amount has already been paid. If the demand remains outstanding due to a pending rectification application, appellate/VSVS order, uncredited prepaid taxes, pending stay/instalment application, stay granted by authorities/courts, or a pending appeal, the company has been requested to furnish the relevant details and supporting documents. Further, where an appeal has been filed against the assessment/penalty order, the Department has referred to CBDT Instruction No. 1914 dated 31 July 2017 and requested payment of 20% of the total demand along with the challan.

  Current Status: The Company has made a payment of ₹50,87,430 towards Outstanding Demand (Regular Assessment Tax) for AY 2025-26 under the head Corporation Tax (0020). The payment was made through Net Banking via HDFC Bank on 06.07.2026, bearing CIN 26070600494161HDFC, Bank Reference No. K2618750323790, and Challan No. 80181.

  However, as per the Income Tax e-filing portal, the current outstanding demand under the same Demand Reference No. is ₹20,25,110, along with accrued interest of ₹81,004, and the status is shown as “Pending Payment.”

OCTAGON INDUSTRIES THROUGH PANKAJKUMAR CHANDULAL ANTALA Vs. SANJAY PARSOTTAMBHAI AKBARI, PROPRIETOR OF AAYUSH ENTERPRISE

Court Name: 9th Additional Senior Civil Judge & A.C.J.M., Rajkot, Civil Court, Rajkot

Case No.: Criminal Enquiry No. 576/2026;

CNR No. GJRJ020278682026.

Fact of the case: The complainant, Octagon Industries, through its partner Pankajkumar Chandulal Antala, filed the complaint against Sanjay Parsottambhai Akbari, proprietor of Aayush Enterprise, alleging outstanding liability arising from commercial transactions. Goods were supplied under various invoices, including Invoice Nos. GT/537 dated 04.02.2024 for ₹2,13,952/-, GT/543 dated 05.06.2024 for ₹1,31,085/-, GT/554 dated 05.08.2024 for ₹2,128/-, GT/761 dated 12.08.2024 for ₹69,655/- and GT/771 dated 13.08.2024 for ₹1,88,302/- . Towards the outstanding dues, the accused issued Cheque No. 251365 dated 01.06.2026 for ₹3,32,390/-, drawn on Union Bank of India, M.G. Road Branch, Rajkot. The cheque was presented but dishonoured on 03.06.2026 with the reason "Sanction Limit Expired." The complainant thereafter issued a statutory demand notice dated 15.06.2026 through Speed Post, but the same was returned on 17.06.2026 with the endorsement "No Such Person in the Address." The complainant relied upon the invoices, original cheque, bank return memo and postal records. Alleging that the cheque was issued towards a legally enforceable debt and that payment was not made despite dishonour, the complainant invoked Section 138 of the Negotiable Instruments Act, 1881, stating that the cause of action arose on 01.07.2026 and that the competent court at Rajkot.

Brief of the case: The complainant has instituted the proceedings seeking summoning and trial of the accused for dishonour of the cheque for ₹3,32,390/-. The principal case of the complainant is that the cheque was issued towards an outstanding legally enforceable liability arising from the business transactions between Octagon Industries and Aayush Enterprise, that the cheque was presented within the prescribed period but was dishonoured with the remark "Sanction Limit Expired," and that the accused failed to make payment despite the statutory demand notice. The complainant has sought appropriate proceedings against the accused under Section 138 of the Negotiable Instruments Act.

Current stage of the case: The matter is presently at the stage of Evidence of Complainant.

Next date of hearing: 17.10.2026

Note: *The erstwhile firm has been converted into company; however, the case is presently reflecting in the name of the erstwhile firm. The Company will file an appropriate application before the Court for change/substitution of the party name in the case records.*

ALLOTMENT ONLY IN DEMATERIALIZED FORM

Pursuant to Section 29 of the Companies Act, 2013 the Equity Shares shall be allotted only in dematerialised form. As per SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed by our Company with the respective Depositories and the Registrar to the Offer:

- Tripartite agreement among the NSDL, our Company and Registrar to the Offer dated September 19, 2024.
- Tripartite agreement among the CDSL, our Company and Registrar to the Offer dated October 23, 2024.

As per the provisions of the Depositories Act, 1996 & regulations made there under and Section 29(1) of the Companies Act, 2013, the equity shares of an Issuer shall be in dematerialized form i.e., not in the form of physical certificates, but be fungible and be represented by the statement issued through electronic mode. The trading of the Equity Shares will happen in the minimum contract size of 2000 Equity Shares and the same may be modified by the BSE Limited from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Offer will be done in multiples of 2000 Equity Shares subject to a minimum allotment of 4000 Equity Shares to the successful Applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

The trading of the Equity Shares will happen in the minimum contract size of 2000 Equity Shares and the same may be modified by the SME Platform of BSE Limited from time to time by giving prior notice to investors at large. For further details, please refer to the

chapter titled "Issue Procedure" beginning on page 284.

MINIMUM NUMBER OF ALLOTTEES

Further, in accordance with Regulation 268(1) of SEBI ICDR Regulations, the minimum number of allottees in the offer shall be 200 shareholders. In case the number of prospective allottees is less than 200, no allotment will be made pursuant to this Offer and the amounts in the ASBA Account shall be unblocked forthwith.

JURISDICTION

The courts of Gujarat, India will have exclusive jurisdiction in relation to this Issue.

JOINT HOLDERS

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

NOMINATION FACILITY TO BIDDERS

In accordance with Section 72 of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agent of our Company.

In accordance with Section 72 of the Companies Act, 2013, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- To register himself or herself as the holder of the Equity Shares; or
- To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Offer is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

OPTION TO RECEIVE SECURITIES IN DEMATERIALIZED FORM

In accordance with the SEBI ICDR Regulations, Allotment of Equity Shares to successful applicants will only be in the dematerialized form. Applicants will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only on the dematerialized segment of the Stock Exchange. Allottees shall have the option to re-materialize the Equity Shares, if they so desire, as per the provisions of the Companies Act and the Depositories Act.

Further, it is mandatory for the investor to furnish the details of his/her depository account, & if for any reason, details of the account are incomplete or incorrect the application shall be treated as incomplete & may be rejected by the Company without any prior notice.

WITHDRAWAL OF THE OFFER

Our Company, in consultation with the BRLM, reserves the right to not to proceed with the offer after the Bid/Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-offer advertisements were published, within two (2) days of the Bid/Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer. The Book Running Lead Manager, through the Registrar to the Offer, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchange on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment (ii) the final RoC approval of the Red Herrin Prospectus after it is filed with RoC. If our Company, in consultation with BRLM withdraws the Offer after the Bid/Offer Closing Date and thereafter determines that it will proceed with an offer of Equity Shares, our Company shall file a fresh Red Herring Prospectus with Stock Exchange.

The above timetable, other than the Bid/ Offer Closing Date, is indicative and does not constitute any obligation on our Company the BRLM.

While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and commencement of trading of the Equity Shares on the Stock Exchange are taken within three (3) Working Days of the Bid/ Offer Closing Date or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid/ Offer Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

The SEBI is in the process of streamlining and reducing the post Offer timeline for initial public offerings. Any circulars or notifications from the SEBI after this date of the Prospectus may result in changes to the abovementioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non

adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Offer, the BRLM will submit report of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

SUBMISSION OF BIDS

Bid/ Offer Period (Except the Bid/ Offer Closing Date)

Submission and Revision in Bids: Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time ("IST").

Bid/ Offer Closing Date

Submission and Revision in Bids: Only between 10.00 a.m. and 3.00 p.m. IST.

On the bid/ Offer closing date, the bids shall be uploaded until:

i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and

ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Individual Investors.

On the Bid/ Offer Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Individual Investors after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Offer shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Offer Opening Date till the Bid/ Offer Closing Date by obtaining the same from the Stock Exchange. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Offer Closing Date. Any time mentioned in this Prospectus is Indian Standard Time. Bidders are cautioned that, in the event, large number of Bids are received on the Bid/Offer Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Offer. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-a-vis data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchange may be taken.

Our Company in consultation with the BRLM, reserve the right to revise the Price Band during the Bid/ Offer Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Offer Period will be extended by at least three Working Days following such revision of the Price Band, subject to the Bid/Offer Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Offer Period for a minimum of one Working Day, subject to the Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Offer Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change

on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

MINIMUM SUBSCRIPTION

This offer is not restricted to any minimum subscription level. This offer is 100% underwritten. If the Issuer does not receive the subscription of 100% of the offer through this offer document including devolvement of Underwriter, the Issuer shall refund the entire subscription amount received within the time limit as prescribed under the SEBI (ICDR) Regulations and Companies Act, 2013.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 03, 2019, and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface ("UPI") and consequent reduction in timelines for listing in a phased manner. From January 01, 2019, the UPI Mechanism for Individual Investors applying through Designated Intermediaries was made effective along with the process and timeline of T+6 days ("UPI Phase I"). The UPI Phase I was effective till June 30, 2019. Pursuant to its circular SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 05, 2022, the SEBI has increased the UPI limit from ₹ 2,00,000 to ₹ 5,00,000 for all the individual investors applying in public offers.

With effect from July 01, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by UPI Bidders through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with timeline of T+6 days was mandated for a period of three months or launch of five main board public offers, whichever is later ("UPI Phase II"). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, had extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline of T+3 days for the UPI Mechanism for bid cum applications by UPI Bidders ("UPI Phase III"), and modalities of the implementation of UPI Phase III has been notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023 and made effective on a voluntary basis for all offers opening on or after September 01, 2023 and on a mandatory basis for all offers opening on or after December 01, 2023.

The Issue will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification offered by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances, which came into force with effect from May 01, 2021, except as amended pursuant to the circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021, circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, SEBI circular no. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/76 dated May 30, 2022 and SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023. The SEBI RTA Master Circular consolidated the aforementioned circulars (excluding SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023) and rescinded these circulars to the extent relevant for RTAs. The provisions of these circulars are deemed to form part of this Prospectus.

Furthermore, pursuant to SEBI master circular bearing reference no. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated May 17, 2023 ("SEBI RTA Master Circular") and circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. The provisions of these circulars are deemed to form part of this Prospectus. Furthermore, pursuant to circular (SEBI/HO/CFD/DIL2/P/CIR/P/2022/45) dated April 5, 2022, all individual bidders in initial public offerings whose Bid sizes are up to ₹500,000 shall use the UPI Mechanism for submitting their bids. Additionally, pursuant to

circular (SEBI/HO/CFD/DIL2/P/CIR/2022/75) dated May 30, 2022, bid cum applications made using the ASBA facility in initial public offerings shall be processed only after bid cum application monies are blocked in the bank accounts of investors (all categories).

The BRLM shall be the nodal entity for any offers arising out of public issuance process. In terms of regulation 23(4), 23(5) and regulation 271 of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, in SEBI Circular. No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019, the timelines, processes and compensation policy shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and Book Running Lead Manager shall continue to coordinate with intermediaries involved in the said process.

Our Company and the Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this Section and is not liable for any amendment, modification or change in the applicable law which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Prospectus.

Further, Our Company and the Book Running Lead Manager are not liable for any adverse occurrence's consequent to the implementation of the UPI Mechanism for Bid in this Offer.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has offered UPI Circulars in relation to streamlining the process of public offer of, among others, equity shares.

Pursuant to the SEBI UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for Bids by UPI Bidders through designated intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment Mechanism, the SEBI UPI Circular have introduced the UPI Mechanism in three phases in the following manner:

- **Phase I**: This phase was applicable from January 01, 2019 until March 31, 2019 or floating of five main board public offers, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Individual Investors had the option to submit the ASBA Form with any of the designated intermediaries and use his / her UPI ID for the purpose of blocking of funds. The time duration from public offer closure to listing continue to be six Working Days.

- **Phase II**: This phase has become applicable from July 01, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019, had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020, decided to continue Phase II of UPI with ASBA until implementation of UPI Phase III.

- **Phase III**: This phase has become applicable on a voluntary basis for all offers opening on or after September 01, 2023, and on a mandatory basis for all offers opening on or after December 01, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023 ("T+3 Notification"). In this phase, the time duration from public offer closure to listing has been reduced from Six working days to three Working Days. The Offer shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification offered by the SEBI from time to time, including any circular, clarification or notification which may be offered by SEBI. This Offer will be made under UPI Phase III of the UPI Circular.

  Pursuant to the SEBI UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for bid cum applications that have been made through the UPI Mechanism. The requirements of the SEBI UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted bid cum applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked not later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – offer BRLM will be required to compensate the concerned investor.

  All SCSBs issuing the facility of making bid cum applications in public offers shall also provide the facility to make bid cum application using UPI. Our Company will be required to appoint one of the SCSBs as a Sponsor Bank to act as a conduct between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the UPI Bidders using the UPI Mechanism.

  The processing fees for bid cum applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks make an bid cum application as prescribed in Annexure I of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021. NPCI vide circular reference no. NPCI/UPI/OC No. 127/ 2021-22 dated December 09, 2021, inter alia, has enhanced the per transaction limit in UPI from more than ₹2 lakhs to ₹5 lakhs for UPI based ASBA in initial public offerings.

MAXIMUM AND MINIMUM BID CUM APPLICATION SIZE

1. For Individual Investors

The Bid cum application must be for a minimum of 4000 Equity Shares and in multiples of 2000 Equity Shares thereafter, so as to ensure that the Bid cum application Price payable by the Applicant is above ₹ 2,00,000. In case of revision of Bid cum applications, the Individual Investors who applies for minimum bid cum application size have to ensure that the Bid cum application Price is greater than ₹ 2,00,000, as the bid cum application price payable by the Individual Investors shall be above ₹ 2,00,000.

2. For Other than Individual Investors (Non-Institutional Applicants and QIBs):

The Bid cum application must be for a minimum of such number of Equity Shares that the bid size exceeds two (02) lakhs and in multiples of 2000 Equity Shares thereafter. A bid cum application cannot be submitted for more than the Net Offer Size. However, the maximum Bid cum application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Bid cum application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Bid cum application.

In case of revision in Bid cum applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Bid cum application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Bid cum application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Offer and the same shall be advertised in all editions of Financial Express (a widely circulated English national daily newspaper), all editions of Jansatta (a widely circulated Hindi national daily newspaper) and Gujarati editions of Gujarat Pravah (Gujarati being the regional language of Gujarat), where our Registered Office is located), each with wide circulation at least two Working Days prior to the Bid / Offer Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Offer Period.

a. The Bid/ Offer/ Issue Period shall be for a minimum of three working days and shall not exceed 10 Working Days. The Bid/ Offer/ Issue Period may be extended, if required, by an additional one working day, subject to the total Bid/ Offer/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Offer/ Issue Period, if applicable, will be published in all editions of Financial Express (a widely circulated English national daily newspaper), all editions of Jansatta (a widely circulated Hindi national daily newspaper) and Gujarati editions of Gujarat Pravah (Gujarati being the regional language of Gujarat), where our Registered Office is located), each with wide circulation and also by indicating the change on the website of the Book Running Lead Manager.
b. During the Bid/ Offer/ Issue Period, Individual Bidders should approach the Book Running Lead Manager or their authorized agents to register their Bids. The Book Running Lead Manager shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Offer Period in accordance with the terms of the Prospectus. ASBA Bidders should approach the Designated Branches or the Book Running Lead Manager (for the Bids to be submitted in the Specified Cities) to register their Bids.
c. Each Bid cum application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled "Bids at Different Price Levels and Revision of Bids" below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
d. The Bidder/ Applicant cannot Bid through another Bid cum application Form after Bids through one Bid cum application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph "Buildup of the Book and Revision of Bids".
e. The BRLM/ the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, ("TRS"), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum application Form.
f. The Book Running Lead Manager shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Offer/ Issue Period i.e. one working day prior to the Bid/ Offer/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
g. Upon receipt of the Bid cum application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum application Form, prior to uploading such Bids with the Stock Exchange.
h. If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
i. If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
j. The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Offer

Account, or until withdrawal/failure of the Offer or until withdrawal/rejection of the Bid cum application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Offer shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Offer Account. In case of withdrawal/failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

Failing this, our Company, in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law. Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made. No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity-related instruments of any single company, provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIs

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum application Form for residents (Blue in

colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum application Form meant for Non-Residents (white in colour). Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRIs may obtain copies of bid cum application Form from the Designated Intermediaries.

Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorise their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and Eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorise their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum application Form.

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants offered by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Eligible NRIs will be permitted to apply in the Offer through Channel I or Channel II (as specified in the SEBI UPI Circulars). Further, subject to applicable law, Eligible NRIs may use Channel IV (as specified in the SEBI UPI Circulars) to apply in the Offer, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Offer using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such bid cum application. For details of restrictions on investment by NRIs, please refer to the chapter titled "Restrictions on Foreign Ownership of Indian Securities" beginning on page 314.

Participation of Eligible NRIs in the Offer shall be subject to the FEMA Rules.

Investment by NRI or OCI on non-repatriation basis:

As per current FDI Policy 2017, schedule 4 of FEMA (Transfer or Offer of Security by Persons Resident outside India) Regulations - Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by an NRI or OCI on non-repatriation basis - will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws. Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

BIDS BY FPIS

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of the post-Offer Equity Share capital. Further, in terms of the FEMA Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up Equity Share capital of our Company. With effect from April 01, 2020, the aggregate limit by FPIs shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%. In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case of Bids made by FPIs, a certified copy of the certificate of registration offered under the SEBI FPI Regulations is required to be attached to the Bid cum application Form, failing which our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Offer are advised to use the Bid cum application Form for Non- Residents (Blue in colour).

A FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognised stock

exchange in India, and/or may purchase or sell securities other than equity instruments.

To ensure compliance with the applicable limits, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar to the Offer shall:

i) use the PAN offered by the Income Tax Department of India for checking compliance for a single FPI, and
ii) obtain validation from Depositories for the FPIs who have invested in the Offer to ensure there is no breach of the investment limit, within the timelines for offer procedure, as prescribed by SEBI from time to time.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Offer of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may offer, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is offered overseas by an FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are offered only by persons registered as Category I FPIs, (ii) such offshore derivative instruments are offered only to persons eligible for registration as Category I FPIs, (iii) such offshore derivative instruments are offered after compliance with "know your client" norms, and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivate instruments is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to, among others, the following conditions:

a) each offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Further, Bids by following FPIs, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs may not be regarded as multiple Bids:

• FPIs which utilise the multi-investment manager ("MIM") structure.

• Offshore derivative instruments ("ODI") which have obtained separate FPI registration for ODI and proprietary derivative investments.

• Sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration.

FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager.

• Multiple branches in different jurisdictions of foreign bank registered as FPIs.

• Government and Government related investors registered as Category I FPIs.

• Entities registered as collective investment scheme having multiple share classes.

The Bids belonging to the aforesaid seven structures and having same PAN may be collated and identified as a single Bid in the Bidding process. The Equity Shares allotted in the Bid may be proportionately distributed to the applicant FPIs (with same PAN). In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum application Forms that the relevant FPIs making multiple Bids utilise any of the above-mentioned structures and indicate the name of their respective investment managers in such confirmation.

In the absence of such confirmation from the relevant FPIs, such multiple Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFs, VCFs AND FVCIs

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through

investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Offer) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Offer, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration offered under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration offered by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 01, 2014, as amended, is 10% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services or 10% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid-up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 01, 2014, as amended (i) a bank's investment in the capital instruments offered by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid- up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, please refer to the chapter titled "Key Industry Regulation and Policies" beginning on page 143.

BIDS BY SCSBs

SCSBs participating in the Offer are required to comply with the terms of the circulars offered by the SEBI dated

September 13, 2012 and January 02, 2013. Such SCSBs are required to ensure that for making bid cum applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making bid cum application in public offers and clear demarcated funds should be available in such account for such bid cum applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration offered by RBI, (ii) the last audited financial statements on a standalone/ consolidated basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum application Form. Failing this, our Company, in consultation with BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Offer shall comply with all applicable regulations, directions, guidelines and circulars offered by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration offered by IRDAI must be attached to the Bid cum application Form. Failing this, our Company, in consultation with BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Offer are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

a) Equity Shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
c) the industry sector in which the investee company operates not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Offer shall comply with all applicable regulations, guidelines and circulars offered by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum application Form. Failing this, our Company, in consultation with BRLM, reserves the right to reject any Bid without assigning any reason thereof.

BIDS BY ANCHOR INVESTORS

Our Company, in consultation with BRLM, may consider participation by Anchor Investors in the Offer for up to 60% of the QIB Portion in accordance with the SEBI Regulations. Only QIBs as defined in Regulation 2(1) (ss) of the SEBI Regulations and not otherwise excluded pursuant to Schedule XIII of the SEBI Regulations are eligible to invest. The QIB Portion will be reduced in proportion to allocation under the Anchor Investor Portion. In the event of undersubscription in the Anchor Investor Portion, the balance Equity Shares will be added to the QIB Portion. BUILD OF THE BOOK

a. Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Offer Period.
b. Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centres during the Bid/ Offer Period.

WITHDRAWAL OF BIDS

a. Individual Investors can withdraw their Bids until Bid/ Offer Closing Date. In case an individual investor wishes to withdraw the Bid during the Bid/ Offer Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
b. The Registrar to the Offer shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

PUBLIC DISCOVERY AND ALLOCATION

a. Based on the demand generated at various price levels, our Company, in consultation with the BRLM, shall finalize the Offer Price.
b. The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Offer depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Offer size available for allocation to each category is disclosed overleaf of the Bid cum application Form and in the Red Herring Prospectus. For details in relation to allocation, the Bidder may refer to the Red Herring Prospectus.
c. Under-subscription in any category (except QIB Category) is allowed to be met with spillovers from any other category or combination of categories at the discretion of the Offeror and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not

available for subscription to other categories.

d. In case of under subscription in the Offer, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an undersubscription applicable to the Offeror, Bidders may refer to the Red Herring Prospectus.

In case the Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Offeror at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1000	23	1500	50.00%
1500	22	3000	100.00%
2000	21	5000	166.67%
2500	20	7500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Offer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Offer, in consultation with BRLM, may finalize the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Anchor Investors are not allowed to withdraw their Bids after Anchor Investors bidding date.

- RTA prepares the list of final rejections and circulate the rejections list with BRLM/Company for their review/comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawl numbers in their system and generates the final list of allotees as per process mentioned below:

Process for generating list of allotees: -

- Instruction is given by RTA in their Software System to reverse category wise all the bid cum application numbers in the ascending order and generate the bucket/batch as per the allotment ratio. For example, if the bid cum application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7

then the system will create lots of 7. If the drawl of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th bid cum application in each of the lot of the category and these bid cum applications will be allotted the shares in that category.

- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the over subscription times.
- In categories where there is under-subscription, the Registrar will do full allotment for all valid bid cum applications.
- On the basis of the above, the RTA will work out the allotees, partial allotees and non-allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

BASIS OF ALLOTMENT

a. For Individual Investors

Bids received from the Individual Applicants/ Investors at or above the Offer Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Individual Applicants/ Investors will be made at the Offer Price.

The Offer-size-less Allotment to Non-Institutional and QIB Bidders shall be available for allotment to Individual Applicants/ Investors who have Bid in the Offer at a price that is equal to or greater than the Offer Price.

If the aggregate demand in this category is less than or equal to 27,60,000 Equity Shares at or above the Offer Price, full Allotment shall be made to the Individual Applicants/ Investors to the extent of their valid Bids. If the aggregate demand in this category is greater than 27,60,000 Equity Shares at or above the Offer Price, the Allotment shall be made on a proportionate basis up to a minimum of 2000 Equity Shares and in multiples of 2000 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Offer Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Offer Price.

The Offer-size-less Allotment to QIBs and Individual Investors shall be available for allotment to Non- Institutional Bidders who have Bid in the Offer at a price that is equal to or greater than the Offer Price. If the aggregate demand in this category is less than or equal to 5,10,000 Equity Shares at or above the Offer Price, full allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than 5,10,000 Equity Shares at or above the Offer Price, Allotment shall be made on a proportionate basis up to a minimum of 2,000 Equity Shares and in multiples of 2,000 Equity Shares thereafter.

The allocation in the non-institutional investors 'category shall be as follows:

(a) one third of the portion available to non-institutional investors shall be reserved for applicants with bid cum application size of more than two lots and up to such lots equivalent to not more than ₹ 10 lakhs;
(b) two third of the portion available to non-institutional investors shall be reserved for applicants with bid cum application size of more than ₹ 10 lakhs:

Provided that the unsubscribed portion in either of the sub-categories specified in clauses (a) or (b), may be allocated to applicants in the other sub-category of non-institutional investors.

c. Allotment to Anchor Investor (If Applicable)

Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Offeror, in consultation with the BRLM, subject to compliance with the following requirements:

i) not more than 60% of the QIB Portion will be allocated to Anchor Investors;
ii) one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
iii) allocation to Anchor Investors shall be on a discretionary basis and subject to:

- maximum number of two Anchor Investors for allocation up to ₹ 2 crores; a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crore per such Anchor Investor; and
- in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

d. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Offer Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Offer Price. Allotment may be undertaken in the following manner:

i) In the first instance, allocation to Mutual Funds for 5 % of the QIB Portion shall be determined as follows:
- In the event that Bids by Mutual Fund exceeds 5 % of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5 % of the QIB Portion.
- In the event that the aggregate demand from Mutual Funds is less than 5 % of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Offer Price.
- Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;

ii) In the second instance, allotment to all QIBs shall be determined as follows:
- In the event of oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Offer Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of 4000 Equity Shares and in multiples of 2000 Equity Shares thereafter for 5% of the QIB Portion.
- Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of 4000 Equity Shares and in multiples of 2000 Equity Shares thereafter, along with other QIB Bidders.
- Under-subscription below 5 % of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than 36,000 Equity Shares.

iii) Basis of Allotment for QIBs and NIIs in case of Over Subscribed Offer:

In the event of the Offer being Over-Subscribed, the Offeror may finalise the Basis of Allotment in consultation with the SME platform of BSE. The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

a. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).

b. The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).

c. For Bids where the proportionate allotment works out to less than 2,000 equity shares the allotment will be made as follows:
   - Each successful Bidder shall be allotted 2,000 equity shares; and
   - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.

d. If the proportionate allotment to a Bidder works out to a number that is not a multiple of 2,000 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 2,000 equity shares subject to a minimum allotment of 2,000 equity shares.

e. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the

Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 2,000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Offer specified under the Capital Structure mentioned in the Red Herring Prospectus.

Individual Investor means an investor who applies for minimum bid cum application size of two lots which shall be above ₹ 2,00,000. Investors may note that in case of over subscription, allotment shall be on proportionate basis and will be finalized in consultation with BSE SME.

The Executive Director / Managing Director of BSE SME - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

1. Upon approval of the Basis of Allotment by the Designated Stock Exchange.
2. On the basis of approved Basis of Allotment, the Offer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Offer. The Book Running Lead Manager or the Registrar to the Offer will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Offer. The dispatch of Allotment Advice shall be deemed valid, binding and irrevocable contract for the Allotment to such Bidder.
3. Offer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 2 working days of the Bid/Offer Closing date. The Offer also ensures that credit of shares to the successful Bidders Depository Account is completed within one working Day from the date of allotment, after the funds are transferred from ASBA Public Offer Account to Public Offer account.

Designated Date:

On the Designated date, the SCSBs shall transfer the funds represented by allocations of the Equity Shares into Public Offer Account with the Bankers to the Offer.

The Company will Offer and dispatch letters of allotment/ or letters of regret along with refund order or credit the allotted securities to the respective beneficiary accounts, if any, within a period of 2 working days of the Bid/ Offer Closing Date. The Company will intimate the details of allotment of securities to Depository immediately on allotment of securities under relevant provisions of the Companies Act, 2013 or other applicable provisions, if any.

6. The Book Running Lead Manager undertakes that the complaints or comments received in respect of the Issue shall be attended by our Company expeditiously and satisfactorily.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The RBI and the concerned ministries/ departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on foreign direct investment ("FDI") through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion) ("DPIIT"), issued the FDI Policy, which, with effect from October 15, 2020 consolidated, subsumed and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

Under the current FDI Policy and the FEMA Non-Debt Rules, foreign direct investment is not permitted in companies engaged in (a) multi-brand retail trading, undertaking retail trading by means of e-commerce, and (b) inventory-based model of e-commerce. In accordance with the FEMA Non-debt Rules, participation by non- residents in the Issue is restricted to participation by (i) FPIs under Schedule II of the FEMA Non-debt Rules, subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of our Company and the aggregate limit for FPI investment currently not exceeding the sectoral cap i.e. 51% of the post issue paid up share capital; and (ii) Eligible NRIs applying only on a non-repatriation basis under Schedule IV of the FEMA Non-debt Rules. Further, other non-residents applying on a repatriation basis, FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. As per the existing policy of the Government of India, OCBs cannot participate in this issue. Please refer to the chapter titled "Issue Procedure" beginning on page 284.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidates FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

The foreign investment in our Company is governed by, inter-alia, the FEMA, the FEMA Non-debt Rules, the FDI Policy issued and amended by way of press notes.

Further, in terms of the FEMA Non-debt Rules, the aggregate FPI investment limit is the sectoral cap applicable to Indian company as prescribed in the FEMA Non-Debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. Please refer to the chapter titled "Issue Procedure" beginning on page 284.

Further, in accordance with the FDI Policy, the Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-debt Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country ("Restricted Investors"), will require prior approval of the Government, as prescribed in the FDI Policy and the FEMA Non-debt Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Non-Debt Rules. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Bid/ Offer Period.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered

or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those Issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

SECTION IX – MAIN PROVISION OF ARTICLES OF ASSOCIATION OF

ANTALA INDUSTRIES LIMITED

Company Limited by Shares

The Companies Act, 2013

TABLE-F

Interpretation

I. (*1*) In these regulations—

(a) "the Act" means the Companies Act, 2013,

(b) "the seal" means the common seal of the company.

(*2*) Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company.

Share capital and variation of rights

II.

1. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.

2. (*i*) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided, -

(a) one certificate for all his shares without payment of any charges; or

(b) several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.

(ii) Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid-up thereon.

(iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.

3. (*i*) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.

(*ii*) The provisions of Articles (*2*) and (*3*) shall *mutatis mutandis* apply to debentures of the company.

4. Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.

5. (*i*) The company may exercise the powers of paying commissions conferred by sub-section

(*6*) of section 40, provided that the rate per cent. or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made there under.

(ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.

(iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

6. (*i*) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.

(*ii*) To every such separate meeting, the provisions of these regulations relating to general meetings shall *mutatis mutandis* apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.

7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

8.1 That option or right to call of shares shall not be given to any person except with the sanction of the company in general meeting:

Provided that a recognised stock exchange may provisionally admit to dealings the securities of a company which undertakes to amend its articles of association at its next general meeting so as to fulfil the foregoing requirements and agrees to act in the meantime strictly in accordance with the provision of this clause.

Lien

9. (i) The company shall have a first and paramount lien—

(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and

(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

(ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made—

(a) unless a sum in respect of which the lien exists is presently payable; or

(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.

(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.

(iii) The purchaser shall not be bound to see to the application of the purchase money,
nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

12. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

12.1 That the fully paid shares will be free from all lien, while in the case of partly paid shares, the company's lien, if any, will be restricted to moneys called or payable at a fixed time in respect of such shares.

Calls on shares

13. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

(iii) A call may be revoked or postponed at the discretion of the Board.

14. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid by installments.

15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

16. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.

(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

18. The Board—

(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and
(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent. per annum, as may be agreed upon between the Board and the member paying the sum in advance.

Transfer of shares

19. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

(ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

20. The Board may, subject to the right of appeal conferred by section 58 decline to register—

(a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or

(b) any transfer of shares on which the company has a lien.

21. The Board may decline to recognise any instrument of transfer unless—

(a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;

(b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and

(c) the instrument of transfer is in respect of only one class of shares.

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made there under, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

22.1 That the company shall use a common form for the transfer of shares.

Transmission of shares

23. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.

(ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

24. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—

(a) to be registered himself as holder of the share; or

(b) to make such transfer of the share as the deceased or insolvent member could have made.

(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

25. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before
being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

Forfeiture of shares

27. If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.

28. The notice aforesaid shall—

(a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and

(b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

29. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

30. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.

(ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

31. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.

(ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

32. (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;

(ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;

(iii) The transferee shall thereupon be registered as the holder of the share; and

(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

33. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of capital

34. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided

into shares of such amount, as may be specified in the resolution.

35. Subject to the provisions of section 61, the company may, by ordinary resolution -

(a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

(b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;

(c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;

(d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

36. Where shares are converted into stock,—

(a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

(b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock-holder" respectively.

37. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law

(a) its share capital;

(b) any capital redemption reserve account; or

(c) any share premium account.

Capitalization of profits

38. (i) The company in general meeting may, upon the recommendation of the Board, resolve—

(a) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and

(b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

(A) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards

(B) paying up any amounts for the time being unpaid on any shares held by such members respectively;

(C) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;

(D) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);

(E) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;

(F) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.

39. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—

(a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and

(b) generally, do all acts and things required to give effect thereto.

(ii) The Board shall have power—

(a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and

(b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;

(iii) Any agreement made under such authority shall be effective and binding on such members.

Buy-back of shares

40. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General meetings

41. All general meetings other than annual general meeting shall be called extraordinary general meeting.

42. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.

(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Proceedings at general meetings

43. (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

(ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.

44. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.

45. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.

46. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes

after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

Adjournment of meeting

47.

(i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.

(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.

(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting rights

48. Subject to any rights or restrictions for the time being attached to any class or classes of shares,—

(a) on a show of hands, every member present in person shall have one vote; and

(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

49. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.

50. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

(ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.

51. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.

52. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.

53. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.

54. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.

(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

55. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

56. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.

57. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

58. The number of the directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them.

59. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.

(ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them—

(a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or

(b) in connection with the business of the company.

60. The Board may pay all expenses incurred in getting up and registering the company.

61. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may thinks fit respecting the keeping of any such register.

62. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.

63. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.

64. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.

(ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

Proceedings of the Board

65. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.

(ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.

66. (i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.

(ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.

67. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.

68. (i) The Chairperson of the Board of Directors shall be elected by the Board of Directors from amongst its members. The office of the Chairperson may be held by the Managing Director, Whole-time Director or any other Director

of the Company, subject to the provisions of the Companies Act, 2013 and other applicable laws.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.

69. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.

(ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.

70. (i) A committee may elect a Chairperson of its meetings.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.

71. (i) A committee may meet and adjourn as it thinks fit.

(ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.

72. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

73. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

74. Subject to the provisions of the Act,—
(i) A chief executive officer, manager, company secretary or chief financial office may be appointed by the Board for such term, at such remuneration and upon such conditions as it may thinks fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;
(ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

75. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

The Seal

76. (i) The Board shall provide for the safe custody of the seal.
(ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

Dividends and Reserve

77. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

78. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

79. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, thinks fit.

(ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

80. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

(iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

81. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

82. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

83. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

84. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

85. No dividend shall bear interest against the company.

85.1 There will be no forfeiture of unclaimed dividends before the claim becomes barred by law

85.2 That any amount paid-up in advance of calls on any share may carry interest but shall not entitle the holder of the share to participate in respect thereof, in a dividend subsequently declared.

Accounts

86. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

Winding up

87. Subject to the provisions of Chapter XX of the Act and rules made there under—

(i) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.

(ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

(iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

88. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.

Marking of Specified Securities as Non-Transferable pursuant to Applicable Laws

89. Notwithstanding anything contained in these Articles or any agreement entered into by the Company or any holder of securities, where any specified securities of the Company are required to be locked-in pursuant to the provisions of applicable law, including the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended from time to time, and where creation of such lock-in is not feasible in the depository system due to the existence of any pledge, hypothecation, lien, encumbrance or any other reason recognized under applicable law or the operational framework prescribed by the depositories, such specified securities may, instead of being marked as locked-in, be recorded and maintained by the concerned depository as "Non-Transferable" for the duration of the applicable lock-in period.

90. The Company shall be entitled to issue such instructions, certifications, confirmations, declarations and communications to the depositories, the Registrar to the Issue and/or Registrar and Share Transfer Agent, stock exchanges, Securities and Exchange Board of India, lenders, pledgees or any other person or authority, as may be necessary or expedient for giving effect to such marking of securities as non-transferable and for ensuring compliance with applicable law.

91. Every holder of specified securities of the Company shall, by virtue of holding such securities, be deemed to have consented to and accepted the marking of such securities as non-transferable in accordance with applicable law and the operational framework prescribed by the depositories. Such holder shall not transfer, sell, assign, gift, otherwise dispose of, or create or permit any transfer of beneficial ownership in respect of such securities during the applicable lock-in period, except in accordance with applicable law.

92. Where any specified securities are subject to an existing pledge or other encumbrance at the time of such marking, the marking of such securities as non-transferable shall not, by itself, extinguish, invalidate or adversely affect the rights of the pledgee or any other secured creditor under the relevant security documents. However, any transfer of such securities, including pursuant to invocation or enforcement of the pledge or other security interest, shall remain subject to the restrictions imposed under applicable law and the operational framework prescribed by the depositories during the applicable lock-in period.

93. Upon expiry of the applicable lock-in period, the Company shall be entitled to instruct the concerned depository to remove the non-transferable marking from such securities in accordance with applicable law and the operational procedures prescribed by the depositories.
